**An Indonesian-English Dictionary** - John M. Echols 1989

"This dictionary is meant primarily as a tool for English speakers who need to know Indonesian and who deal with Indonesian writings. The aim has thus been to give comprehensive coverage to forms a foreigner might run across in Indonesian readings, from this era or from the past, but excluding classical Malay literature, Much of the Indonesian written production (written and otherwise) contains slangy, colloquial, and regional forms, and we have not excluded such forms. On the other hand we have confined the listing of dialectical forms only to those likely to be widely known...The dictionary should also be useful to Indonesians who wish to learn English equivalents of Indonesian words, but it has not been developed primarily for that purpose, because many English words can only be defined by a sequence of Indonesian words." from Introduction.

*John Woo's A Better Tomorrow* - Karen Fang 2004-01-01

A Better Tomorrow has always been hailed as a milestone in Hong Kong cinema. This book describes the different responses to the movie in Hong Kong and later in its reception worldwide, which paved the way for the promotion of John Woo and Chow Yun-fat to their current prominence in Hollywood. Fang examines the different notions of the genre of action cinema in Asian and

Western film industries. She tracks the connections between ying shung pian, or "hero" movie, the term by which Woo's film became famous in Hong Kong, and the spectacle of violence emphasized in the term "heroic bloodshed," the category in which the film was known in the West. Finally, she concludes with a discussion of the status of the film and its huge success in the current globalized industry.

**The Blue Movie Murders** - Ellery Queen 2015-09-29

A killing shocks the erotic film underworld in a mystery featuring Mike McCall, the political troubleshooter introduced in *The Campus Murders*. The film is called *The Wild Nymph*, and it may be the finest pornographic movie ever made. A relic of the 1950s, when erotic cinema was more artistic than smutty, it was filmed on a shoestring budget by the enigmatic genius Sol Dahlman. But 20 years later, the film has been forgotten and Dahlman has become a recluse. Finding him will be a deadly proposition. A Hollywood producer comes to the state capital in search of Dahlman, hoping to capitalize on pornography's growing mainstream acceptance. He meets Mike McCall, the governor's top troubleshooter, whose only interest in pornography is in keeping women's lib protestors from picketing the theaters. When Dahlman is found dead, it falls to McCall to stop the bloodshed. Sex can be controversial, but murder is always taboo.

**Film Analysis in English** - Hurtrez Lionel 2013-11-05

Cet ouvrage apporte aux lecteurs les outils leur permettant de mener à bien l'exercice d'analyse de séquences en anglais. Il offre à la fois une méthodologie, le vocabulaire approprié, un bagage culturel ainsi qu'une série d'exemples concrets en anglais. Il se propose d'être un outil sur lequel peut s'appuyer l'enseignant, mais il se veut également assez complet pour pouvoir être utilisé en autonomie. Il s'appuie sur les recherches récentes en études cinématographiques, qu'elles soient en langue anglaise ou française, et permet ainsi de faire le pont entre les différentes approches, sans pour autant multiplier les références aux débats trop précis qui obscurciraient le propos. Néanmoins, des références parcourent le texte afin de donner au lecteur la possibilité d'approfondir son travail sur tel ou tel aspect du cinéma. Les exemples d'analyses portent sur des extraits de films classiques et offrent un panorama le plus juste possible du cinéma anglo-saxon. L'ensemble des exemples étant divisé en plusieurs parties historiques, elles-mêmes introduites par une présentation de la période couverte, l'ouvrage donne au lecteur un bagage culturel suffisant pour réussir cette épreuve. Il permet aux étudiants préparant le CAPES ou l'Agrégation d'anglais de se mettre à niveau pour l'analyse de films dans le cadre des concours. Il offre aux enseignants et aux candidats des pistes pédagogiques et des activités de classe pour exploiter les extraits de films.

**Kafka Goes to the Movies** - Hanns Zischler 2003

"Went to the movies. Wept. Matchless entertainment." So wrote Franz Kafka in one of his diaries, giving us but one hint of his little-known passion for the cinema. Until now, Kafka aficionados have been left to speculate about which films moved Kafka so powerfully and how those films might have influenced his writing. With *Kafka Goes to the Movies*, German actor and film director Hanns Zischler draws on years of detective work to provide the first account of Kafka's moviegoing life. Since many of Kafka's visits to the cinema occurred during bachelor trips with Max Brod, Zischler's research took him not only to Kafka's native Prague but to film archives in Munich, Milan, and Paris. Matching Kafka's cinematic references to reviews and stills from daily papers, Zischler hunted down rare films in collections all across Europe. A labor of love, then, by a true man of the cinema, *Kafka Goes to the Movies* brims with discoveries about the pioneering years of European film. With a wealth of illustrations, including reproductions of movie posters and other rare materials, Zischler opens a fascinating window onto movies that have been long forgotten or assumed lost. But the real highlights of the book are those about Kafka himself. Long considered one of the most enigmatic figures in literature, the Kafka that emerges in this work is strikingly human. *Kafka Goes to the Movies* offers an absorbing look at a witty, passionate, and indulgently curious writer, one who discovered and used the cinema as a place of enjoyment and escape, as a medium for the ambivalent encounter with modern life, and as a filter for the changing world around him.

**Black and White and Blue** - Dave Thompson 2010-12-14

The films that society has termed pornographic have been with us for over a century now. Yet beyond a handful of scholarly tracts and a few glancing references in certain Hollywood histories, there is no modern history of the subject available. Featuring exclusive interviews, descriptions of over 300 films and written in a conversational style, *Black and White and Blue* fills that void.

**Cobalt Blue** - Sachin Kundalkar 2016-08-02

*Cobalt Blue* is a tale of rapturous love and fierce heartbreak told with tenderness and unsparing clarity. Brother and sister Tanay and Anuja both fall in love with the same man, an artist lodging in their family home in Pune, in western India. He seems like the perfect tenant, ready with the rent and happy to listen to their mother's musings on the imminent collapse of Indian culture. But he's also a man of mystery. He has no last name. He has no family, no friends, no history, and no plans for the future. When he runs away with Anuja, he overturns the family's lives. Translated from Marathi by acclaimed novelist and critic Jerry Pinto, Sachin Kundalkar's elegantly wrought and exquisitely spare novel explores the disruption of a traditional family by a free-spirited stranger to examine a generation in transition. Intimate, moving, sensual, and wry in its portrait of young love, *Cobalt Blue* is a frank and lyrical exploration of gay life in India that recalls the work of Edmund White and Alan

Hollinghurst—of people living in emotional isolation, attempting to find long-term intimacy in relationships that until recently were barely conceivable to them.

**Film Follies** - Stuart Klawans 1999

Outlining a history of film going too far, of seeming madness and wasteful extravagance, this text examines films that are cinematic landmarks and monuments to directors' hubris, from Griffiths' *Intolerance* to Coppola's *Apocalypse Now* and Carax's *Les Amants du Pont-Neuf*. The text explores the changing conditions of the industry under which figures such as L'Herbier and Lang, von Sternberg and Ophuls got their hands on the full apparatus of studio production, while behaving as individual artists. It questions the shape of film history from the viewpoint of these pictures and relates the notion that a failed work of art may be more glorious than a success.

**And God Said** - Dr. Joel M. Hoffman 2010-02-02

For centuries, translations of the Bible have obscured our understanding and appreciation of the original text. Now *And God Said* provides readers with an authoritative account of significant mistranslations and shows how new translation methods can give readers their first glimpse into what the Bible really means. *And God Said* uncovers the often inaccurate or misleading English translations of the Hebrew Bible and the New Testament that quotes from it. Sometimes the familiar English is just misleading. Other times the mistakes are more substantial. But the errors are widespread. This book tackles such issues as what's wrong with the Ten Commandments (starting with the word "commandments"), the correct description of the "virgin" birth, and the surprisingly modern message in the Song of Solomon, as well as many other unexpected but thought-provoking revelations. Acclaimed translator Dr. Joel M. Hoffman sheds light on the original intention of the text and the newly developed means that readers can use to get closer to it. In *And God Said* his fresh approach has united the topics of religion, language, and linguistics to offer the first modern understanding since the Bible was written.

**The Encyclopedia of Novels Into Film** - John C. Tibbetts

**Screening Vienna: The City of Dreams in English-Language Cinema and Television** - Timothy K. Conley 2016-01-04

Vienna has been the locale for nearly one hundred and fifty films and television productions in English, from 1920s through the first years of this century, with imaginative representations of Freud, Strauss, Franz Josef, Mozart, Beethoven, and Klimt; mad scientists, assassins, spies, refugees, romantics, and American professors; historical dramas, cartoons, documentaries, and Hitchcock's only musical comedy. The "City of Dreams" has appeared as an imperial court, a center of scientific and medical research, a Jewish and Catholic homeland, a locus of international espionage and domestic crime, the destination for innocents abroad, the birthplace of the waltz, a stage for performances and performers, and the site for romantic rendezvous. For many in English-language audiences, such productions have constituted the most significant representations of Vienna, a city that historically has been the capital of one of Europe's largest empires, one of the most important centers for classical music and opera, both a victim and an accomplice of Nazi Germany, and the home of international diplomacy. Cultural historians and Austrian writers have provided significant commentary on the city, but their influence has seldom reached such an extensive audience as the films and television productions screening Vienna for English-language audiences. *Screening Vienna* thus analyzes the representation of Vienna and the Viennese in English-language film and television, reviews the critical reception of these productions, and measures the representations against the cultural and historical contexts and the writings of contemporary Austrian writers. The book is unique in its scope (over one hundred and fifty productions from the 1920s to 2013) and in its inclusion of leading reviews of many films, references to cultural and historical studies of Vienna, and references to modern and contemporary Austrian fiction. Thus the analysis is more extensive in its coverage and more intensive in its analysis of each film than any previous study, with a focus on scene, language, plot, characterization, and the reception of these films. Scholars and students in American cultural studies, film studies, Austrian and Viennese history, and popular culture will find the book informative and essential for studies of Vienna in the American and British imagination. Given the extensive coverage and filmography, many libraries should also view the book as a reference work, in addition to its status in cultural and film studies. The book will also be useful for film studies and American popular culture studies courses at advanced or graduate level.

**The Most Savage Film** - P. B. Hurst 2008

Described by the BBC as 'one of the most significant American films ever made', "*Soldier Blue*" became explosively linked to real events of the Vietnam War as a result of the uncanny similarities between the U.S. Cavalry's extermination of Native Americans depicted at the film's finale and the American massacre of Vietnamese civilians at My Lai in 1968, just two years before the film was released. Drawing on primary sources and interviews with individuals associated with the production, this work solves the longstanding mystery of whether "*Soldier Blue*", a picture that set a new mark in cinematic violence in 1970, deliberately echoed events in the Vietnam War. In addition, the author details the bizarre location shoot in Mexico, describes the various post-production and censorship problems encountered by the film's director and producers, and examines the circumstances in and beyond the American film industry in the late 1960s that led to the creation

of such a radical and bitter film. Richly illustrated with many rare and previously unpublished photographs, the book also contains four appendices providing a complete list of cast/crew credits, a revised final budget for the film, complete reproductions of two 1971 British articles on the film and a reproduction of a "Harper's Weekly" article from 1885.

**The Film Industry in Argentina** - Jorge Finkielman

Even before World War I, Argentina was one of the biggest film markets in the world and continues to be a major film market today. This history of the Argentine film industry--starting with the earliest film exhibitions in 1897--covers film music, broadcasting, the introduction of film with sound, the impact of the American film industry on the Argentine, the industrialization of Argentine film, Hollywood films in Spanish, the tango in film and local stars. Photographs offer a look at film stills, promotions, and the people involved in the industry, and an index provides quick access to names and titles.

**Scandinavian Blue** - Jack Stevenson 2010-01-11

This book traces the development of modern Scandinavian erotic cinema as it evolved in Denmark and Sweden, from the gentle Swedish naturalist films, starting with *One Summer of Happiness* in the 50s, to the controversial groundbreakers like *I Am Curious (Yellow)* of the 60s and on through to the dawn of "Liberated Denmark," where, in the early 70s, the abolition of censorship was celebrated in films like *24 Hours with Ilse* and the production of a number of other films that were blatantly pornographic. Also considered is the influence of these films on other countries, particularly the United States, where Scandinavian erotic cinema helped to set in motion the sexual revolution and contributed to the end of film censorship.

**A Dictionary of English-Malay Idioms** - Noor Azlina Yumus  
1992

Blue Movie - Terry Southern 1996

**Canadian National Cinema** - Chris Gittings 2012-10-02  
Canadian National Cinema explores the idea of the nation across Canada's film history, from early films of colonisation and white settlement such as *The Wheatfields of Canada* and *Back to God's Country*, to recent films like *Nô*, *LE Confessional Mon Oncle Antoine*, *Grey Fox*, *Highway 61*, *Kanehsatake*, and *I've Heard the Mermaids Singing*.

Hollywood and the Culture Elite - Peter Decherney 2005  
Peter Decherney explores how the concerns of intellectuals and the needs of Hollywood studio heads led to the development of a mutually beneficial relationship during Hollywood's Golden Age (1915-1960). During this period, museums, universities, and government agencies used films to maintain their position as quintessential American institutions, transforming movies into an art form and making moviegoing a vital civic institution. Decherney's history features an intriguing cast of characters, including the poet Vachel Lindsay, film producers Adolph Zukor and Joseph Kennedy, Hollywood flak Will Hays, and philanthropist Nelson Rockefeller. He shows how Columbia and Harvard started film studies programs in the 1910s and 1920s to remake American education and American culture. And he shows how the Museum of Modern Art, the U.S. Office of War Information, and the National Endowment for the Arts worked with Hollywood to fight fascism and communism and to promote American values abroad. *Hollywood and the Culture Elite* offers a unique

glimpse into the collaboration between Hollywood and the stewards of high culture to ensure their own survival and profitability.

**Early Cinema** - Thomas Elsaesser 2019-07-25

In the twenty years preceding the First World War, cinema rapidly developed from a fairground curiosity into a major industry and social institution, a source of information and entertainment for millions of people. Only recently have film scholars and historians begun to study these early years of cinema in their own right and not simply as first steps towards the classical narrative cinema we now associate with Hollywood. The essays in this collection trace the fascinating history of how the cinema developed its forms of storytelling and representation and how it evolved into a complex industry with Hollywood rapidly acquiring a dominant role. These issues can be seen to arise from new readings of the so-called pioneers - Melies, Lumiere, Porter, and Griffith - while also suggesting new perspectives on major European filmmakers of the 1910s and 20s. Editor Thomas Elsaesser complements the contributions from leading British, American, and European scholars with introductory essays of his own that provide a comprehensive overview of the field. The volume is the most authoritative survey to date of a key area of contemporary film research, invaluable to historians as well as to students of cinema.

The Euro-American Cinema - Peter Lev 1993

Peter Lev departs from the traditional approach of national cinema histories and discusses some of the blends, overlaps, and hegemonies that are typical of the world film industry of recent years. In Part One, he gives a historical and theoretical overview of what he terms the "Euro-American art film," which is characterized by prominent use of the English language, a European art film director, cast and crew from at least two countries, and a stylistic mixing of European art film and American entertainment.

**To Define and Inform** - Saihong Li Rasmussen 2010-05-11

"To Inform and Define: An Analysis of Information Provided in Dictionaries Used by Learners of English in China and Denmark" presents a masterly synthesis of lexicographical theory in relation to bilingual and

learner's dictionaries and advances a radical argument about how such dictionaries are used and how they should be improved for the convenience of students. By tracing the history of the terms 'semantic' and 'pragmatic' in linguistics and philosophy, Saihong Li shows the weakness of any conceptual distinction between them. She goes on to demonstrate how inappropriate these terms are for thinking about the ways in which words are defined and explained in dictionaries. The theoretical argument is supported by detailed and comparative empirical research: learners of English as a second language in both China and Denmark were interviewed about their experiences as users of standard learner's dictionaries. The results are presented in tabular form and their interpretation is statistically informed. This is a path-breaking study. Saihong Li makes an important contribution to lexicographical theory, and advances a sophisticated methodology for the comparative study of English-language learning on an international scale and in the global marketplace of learner's dictionaries. Her work will be of great value for language teachers, lexicographers, and students of interpretation, translation and language pedagogies. "To Inform and Define" should also attract serious attention from editors and publishers of learner's dictionaries.

*The Routledge Dictionary of Modern American Slang and Unconventional English* - Tom Dalzell 2018-05-11

The Routledge Dictionary of Modern American Slang offers the ultimate record of modern, post WW2 American Slang. The 25,000 entries are accompanied by citations that authenticate the words as well as offer examples of

usage from popular literature, newspapers, magazines, movies, television shows, musical lyrics, and Internet user groups. Etymology, cultural context, country of origin and the date the word was first used are also provided. In terms of content, the cultural transformations since 1945 are astounding. Television, computers, drugs, music, unpopular wars, youth movements, changing racial sensitivities and attitudes towards sex and sexuality are all substantial factors that have shaped culture and language. This new edition includes over 500 new headwords collected with citations from the last five years, a period of immense change in the English language, as well as revised existing entries with new dating and citations. No term is excluded on the grounds that it might be considered offensive as a racial, ethnic, religious, sexual or any kind of slur. This dictionary contains many entries and citations that will, and should, offend. Rich, scholarly and informative, *The Routledge Dictionary of Modern American Slang and Unconventional English* is an indispensable resource for language researchers, lexicographers and translators.

**Sight and Sound in Derek Jarman's film "Blue"** - Vivien Cahn 2017-09-20

Seminar paper from the year 2015 in the subject Communications - Movies and Television, grade: 1,0, Concordia University Montreal, language: English, abstract: At the outset of this paper, I will examine the development of the film's aesthetic form, its place in the director's oeuvre and the cultural and historical context of its release. Thereafter, I will take a closer look at the static cinema and re-evaluate the essential qualities of film. Elaborating on the theoretical considerations of Michel Chion (1994; 1999; 2003), I aim to gain a better understanding of the importance of sound in "Blue". In the subsequent chapter, I will explore the concept of invisibility and the film's political significance with regard to the AIDS epidemic and its effects on the LGBT community. Taking into account Vivian Sobchack's (2011) phenomenological reading of the film, I will finally analyse the audio-visual experience of "Blue" and the peculiar relation between its images, its sounds and its spectator.
