Magical herbalism is the use of these powers to create positive changes. This revised

and updated fifteenth anniversary edition contains the folklore and magical properties of over 400 herbs. Far from concentrating on esoteric, unobtainable plants, many of those mentioned within are old friends. The magical properties of onions, cashews, apples, rice, lettuce -- as well as dill, basil, fennel, garlic, and parsley are described. Extensive tables, a cross-reference of folk names, glossary, and annotated bibliography make this a comprehensive and valuable guide to the practice of magical herbalism. Book jacket.

Easy A witch is a wise woman, a healer. Yet for so long the word "witch" has had negative connotations. All women are witches, and when they connect to source, trust their intuition, and use their magic, they can make medicine to heal themselves and the world. This book is a re-telling of Herstory, an overview of the different schools of witchcraft and the core principles and practices within them. Discover ancient wisdom made relevant for modern witches: • The wheel of the year, the sabbats, the cycles of the moon. • Tools to enhance your intuition, including oracle cards and dowsing, so that you can make decisions quickly and comfortably. • Understanding the ancient use of the word "medicine". • How to work with herbs, crystals, and power animals so

that you have support in your spiritual work. • How to build and use a home altar to focus your intentions and align you with seasonal cycles, the moon cycles, and your own intentions for growth. • Cleanse, purify, and create sacred space. • Work with the elements to achieve deep connection with the world around you. In addition, Lisa teaches personal, hands-on rituals and spells from her family lineage of gypsy witch magic to help you heal, manifest, and rediscover your powers.
