Organized by decade, the text explores the evolving relationships and influences between fine art and the art of sartorial minimalism, and is accompanied by more than 150 breathtaking images. This sumptuous volume considers the work of the world's most important designers and artists in fascinating juxtaposition. It contains creations by noteworthy designers, including Madeleine Vionnet, André CourrÈges, Halston, Karl Lagerfeld, Rei Kawakubo, Miuccia Prada, Yohji Yamamoto, Helmut Lang, and many others. There are major works by such key minimalist artists as Frank Stella, Sol LeWitt, Donald Judd, Dan Flavin, Rachel Whiteread, Peter Halley, and Jeff Koons. The volume's photography includes editorial shots by the greatest image makers of this century and the previous, including Richard Avedon, Hiro, Francesco Scavullo, Guy Bourdin, David Bailey, William Klein, Corinne Day, and Juergen Teller. The dialogue among fine art, photography, and fashion is explored in a brilliantly woven text that clarifies how each form has influenced the other. In what Style Should We Build? - Heinrich Hübsch 1992

"In 1828 a young architect, Heinrich Hübsch, published a polemical study in which he suggested that the rapid technological progress of the early nineteenth century, combined with changed living habits, had rendered the Greek Neoclassical style unsuitable for present needs or future development. The intriguing title of his book--In What Style Should We Build?--even more than its provocative argument, touched off a dispute among architects that filled the pages of the newly founded journals of the 1830s and 1840s. The theme of this often animated discussion, hastened by the burst of historical knowledge, was the choice of a style--that is, the determination of the premises from which a future and culturally appropriate style might be engendered. By mid-century, however, the confident expectation of bringing the search to a conclusion began to wane. Now, historicism, plurality of styles, and eclecticism were becoming dominant factors in architecture. Evidently, the debate had failed in its prime objective, and yet, it had set in motion intellectual forces that from our present perspective appear to have instituted a new, nineteenth-century style. The Texts & Documents series offers to the student of art, architecture, and aesthetics neglected, forgotten, or unavailable writings in English translation. Edited according to modern standards of scholarship and framed by critical introductions and commentaries, these volumes gradually mine the past centuries for studies that retain their significance in our understanding of art and of the issues surrounding its production, reception, and interpretation. Eminent scholars assist in the selection and publication of volumes in the Texts & Documents series. Each volume acquaints readers with the broader cultural conditions at the genesis of the text and equips them with the needed apparatus for its study. Over time the series will greatly expand our horizon and deepen our understanding of critical thinking on art."--

Encyclopedia of the Exquisite - Jessica Kerwin Jenkins 2010-11-02

Encyclopedia of the Exquisite is a lifestyle guide for the Francophile and the Anglomaniac, the gourmet and the style maven, the armchair traveler and the art lover. It's an homage to the esoteric world of glamour that doesn't require much spending but makes us feel rich. Taking a cue from the exotic encyclopedias of the sixteenth century, which brimmed with mysterious artifacts, Jessica Kerwin Jenkins's Encyclopedia of the Exquisite focuses on the elegant, the rare, the commonplace, and the delightful. A compendium of style, it merges whimsy and practicality, traipsing through the fine arts and the worlds of fashion, food, travel, home, garden, and beauty. Each entry features several engaging anecdotes, illuminating the curious past of each enduring source of beauty. Subjects covered include the explosive history of champagne; the art of lounging on a divan; the emergence of "frillies," the first lacy, racy lingerie; the ancient uses of sweet-smelling saffron; the wild riot incited by the appearance of London's first top hat; Julia Child's tip for cooking the perfect omelet; the polarizing practice of wearing red lipstick during World War II; Louis XIV's fondness for the luscious Bartlett pear; the Indian origin of badminton; Parliament's 1650 attempt to suppress Europe's beauty mark fad; the evolution of the Japanese kimono; the pilgrimage of Central Park's Egyptian obelisk; and the fanciful thrill of dining alfresco. Cleverly illustrated, Encyclopedia of the Exquisite is an ode to life's plenty, from the extravagant to the eccentric. It is a celebration of luxury that doesn't necessarily require money. **BONUS MATERIAL:** This ebook edition includes an excerpt from Jessica Kerwin Jenkins's *All the Time in the World*.

Community Languages - Michael G. Clyne 1991-09-19

Language is a crucial component of national identity, and the acceptance of diverse languages within a society can contribute to social equality. In Australia, a society of immigrants, a continuing tension has existed since the nineteenth century between a desire for monolingualism, often a result of xenophobic policies of enforced assimilation, and an acceptance of multilingualism reflecting increased tolerance. At the present time, without even considering the 150 Aboriginal languages still spoken, Australia has an unparalleled mix of languages other than English in common usage. These are often described by the term "community languages". Drawing on census data and other statistics, this book addresses the current situation of community languages in Australia, analysing which are spoken, by whom and where. Community languages: The Australian experience focusses on three main issues: . how languages other than English are maintained in a predominantly English speaking environment; . how the structure of the languages themselves has changed over the years; . how the government has responded to such ethnolinguistic diversity, with particular emphasis on Australia's unique National Language Policy. At a time of unprecedented awareness of these languages within society and realisation of the importance of multilingualism in the commercial world, this book makes a significant contribution to understanding the role of

community languages in both the shaping and the future of Australian society.

**Camp** - Philip Core 1984

Camp style, in behaviour, clothing, artistic output or emotions, has never been properly explored or defined. Jean Cocteau, as camp a figure as Paris has ever produced, said in *Vanity Fair* in 1922, 'I am a lie that tells the truth.' This paradox is the basis of Philip Core's personal definitions of camp, seen from the inside. His savagely witty depictions of more than two centuries of camp find it embodied in personalities and places, objects and artefacts. He has written a who's who and a what's what of camp, a deceptively descriptive and factual lexicon, allowing the reader to build up a kaleidoscopic picture of camp through the ages. It is complemented with 150 photographs and a vivacious foreword by England's foremost authority on surrealism, eccentric behaviour and hats, jazz singer George Melly. - From publisher description.

**Gender Design** - Uta Brandes 2017-10-10

Die Auseinandersetzung mit Geschlecht als sozialer Konstruktion ist in sehr vielen Wissenschaftsbereichen seit Jahrzehnten state of the art. Im Design ist die Einbeziehung der Kategorie Gender allerdings noch immer fast ein blinder Fleck. Das ist merkwürdig, weil Design ja den ganz gewöhnlichen Alltag überall und jederzeit bestimmt, und damit auch die in diesem Alltag handelnden Subjekte. Und diese Interaktion zwischen Menschen und Dingen findet unabdingbar „gendered“ statt. Das vorliegende Buch setzt sich erstmals mit den essentiellen Fragen von Gender im Design theoretisch wie praktisch auseinander: Es erörtert die grundsätzliche Notwendigkeit der Einbeziehung von Gender in den Designprozess, und es stellt exemplarisch Design(forschungs)projekte zu diesem wichtigem Thema vor. Uta Brandes ist die erste Professorin, die explizit Gender & Design bis vor kurzem an der Köln International School of Design lehrte. Sie berät Unternehmen in Gender & Design-Fragen, ist Co-Gründerin und Vorsitzende des international Gender Design Network und betreut zahlreiche Projekte, insbesondere in Hong Kong, China und Japan.

**The Majesty of the Grand Canyon** - Joni Kinsey 2004

Little was known about America's most famous natural wonder until 1869, when John Wesley Powell traveled the full length of the Grand Canyon by boat. He returned each year; in 1873 he introduced it to artist Thomas Moran, whose brazenly colored, grand scale portrayals of the canyon stunned the public. In 1908, Moran's work prompted President Theodore Roosevelt to declare the Grand Canyon a national monument; by 1919, Congress had established Grand Canyon National Park. As the Santa Fe Railway opened up the Southwest, in 1892 the company began hiring artists to paint scenes of the Grand Canyon, including Moran, W. R. Leigh, and Louis Akin. Today, artists are still capturing the splendor of the Grand Canyon: Ed Mell, Clark Hulings, Wilson Hurley, Frank Mason, P. A. Nisbet, Bruce Aiken, and Earl Carpenter are among the contemporary artists represented in *The Majesty of the Grand Canyon*.
