Guide to Financial Management - The Economist 2018-08-21

A practical and accessible overview of the fundamentals of business finance--now in its third edition. Managers are constantly expected to make decisions that reflect a full understanding of the financial consequences. In the absence of formal training, few people are prepared for the responsibilities of dealing with management reports, budgets, and capital proposals, and find themselves embarrassed by their lack of understanding. This book is a practical guide to understanding and managing financial responsibilities. Each chapter examines actual tasks managers have to do, from "how to assemble a budget," "how to read variances on a report," to "how to construct a proposal to invest in new equipment," exploring the principles that can be applied to each task, illustrating practical ways these principles are used, and providing guidance for implementation. Guide to Financial Management will help readers understand financial jargon, financial statements, management accounts, performance measures, budgeting, costing, pricing, decision-making, and investment appraisal. This third edition has been fully revised and expanded with detailed examples from 100 leading businesses around the world.

Pocket Books - Green Android 2015-06-01

Pocket Books feature more than 100 amazing animals. Each entry has a factfile with bite-sized facts, measurements, statistics, and a clear color photograph. The Pocket Book series helps young naturalists to identify and understand members of the animal kingdom.

Seriously Curious - Tom Standage 2018-11-27

Smart, savvy answers to universal questions, from the highly popular The Economist Explains and Daily Chart blogs--a treat for the knowing, the uninitiated, and the downright curious. Seriously Curious: The Facts and Figures that Turn Our World Upside Down brings together the very best explainers and charts, written and created by top journalists to help us understand such brain-bending conundrums as why Swedes overpay their taxes, why America still allows child marriage, and what the link is between avocados and crime. Subjects both topical and timeless, profound and peculiar, are explained with The Economist's trademark wit and verve. The Economist Explains and its online sister, the Daily Chart, are the two most popular blogs on The Economist's website. Together, these online giants provide answers to the kinds of questions, quirky and serious, that may be puzzling anyone interested in the world around them. Want to know why exorcisms are on the rise in France or how porn consumption changed during a false alarm missile strike warning in Hawaii? We have the answers They are sometimes surprising, often intriguing, and always enlightening.

Figuring Out the Past - Peter Turchin 2020-11-17

What was history's biggest empire? Or the tallest building of the ancient world? What was the plumbing like in medieval Byzantium? The average wage in the Mughal Empire? Where did scientific writing first emerge? What was the bloodiest ever ritual human sacrifice? We are used to thinking about history in terms of stories. Yet we understand our own world through data: cast arrays of statistics that reveal the workings of our societies. In Figuring Out the Past, radical

historians Peter Turchin and Dan Hoyer dive into the numbers that reveal the true shape of the past, drawing on their own Seshat project, a staggeringly ambitious attempt to log every data point that can be gathered for every society that has ever existed. This book does more than tell the story of humanity: it shows you the big picture, by the numbers.

World Population to 2300 - Nations Unies. Division de la population 2004

Based on the 2002 Revision, the Population Division has adopted 2 major innovations for this new set of long-range population projections. For the first time the long-range projections are made at the national level and the time horizon for the projections is extended to 2300.

Pocket World in Figures 2020 - The Economist 2019-08-29

For more than 25 years, Pocket World in Figures has been the indispensable handbook on the state of the world, covering demographics, industry, politics, geography, culture and more. Where else would you find out, in a single volume, that Zambia is the most entrepreneurial country on earth, that Qatar uses the most energy per head of population, and the Virgin Islands has the fourth highest murder rate of any region in the world? The new edition includes data from over 180 countries, presented in a series of rankings and country profiles. Updated, revised and expanded each year to include new rankings and features, it also includes detailed statistical profiles of more than 65 of the world's major economies, the euro area and the world itself. And, once again, the 2020 edition will showcase the Economist's strength in data journalism by including charts and graphs, and will invite readers to test their knowledge with its world rankings quiz.

Pocket World In Figures 2022 - The Economist 2021-08-26

The 2022 edition of this annual bestseller has been completely revised and updated, with new features including the origins and destinations of migrants, the prevalence of paramilitary forces, levels of slum populations and a range of indicators tracking the effects of covid-19, among many others. It provides rankings on more than 200 topics covering 188 countries, together with detailed statistical profiles of 64 of the world's major economies, plus the euro area and the world itself, and challenges readers to test their knowledge with a quiz. If you want to know » which country imports the most arms » the countries with the highest life expectancy » where most mammal species are under threat » which country normally hosts most tourists » where to get the highest broadband speed » who has the highest percentage of covid-19 vaccinations this edition of Pocket World in Figures has the answers.

Style Guide - The Economist 2015-06-23

This expanded twelfth edition of the bestselling guide to style is based on the Economist's own updated house style manual, and is an invaluable companion for everyone who wants to communicate with the clarity, style and precision for which the Economist is renowned. As the introduction says, 'clarity of writing usually follows clarity of thought.' The Economist Style Guide gives general advice on writing, points out common errors and clichés, offers guidance on consistent use of punctuation, abbreviations and capital letters, and contains an exhaustive range

of reference material - covering everything from accountancy ratios and stock market indices to laws of nature and science. Some of the numerous useful rules and common mistakes pointed out in the guide include: *Which informs, that defines. This is the house that Jack built. But: This house, which Jack built, is now falling down. Discreet means circumspect or prudent; discrete means separate or distinct. Remember that "Questions are never indiscreet. Answers sometimes are" (Oscar Wilde). Flaunt means display, flout means disdain. If you flout this distinction you will flaunt your ignorance Forgo means do without; forego means go before. Fortuitous means accidental, not fortunate or well-timed. Times: Take care. Three times more than X is four times as much as X. Full stops: Use plenty. They keep sentences short. This helps the reader.

Pocket Pantheon - Alain Badiou 2016-09-13

Pocket Pantheon is an invitation to engage with the greats of postwar Western thought, such as Lacan, Sartre and Foucault, in the company of one of today's leading political and philosophical minds. Alain Badiou draws on his encounters with this pantheon—his teachers, opponents and allies—to offer unique insights into both the authors and their work. These studies form an accessible, authoritative distillation of continental theory and a capsule history of a period in Western thought.

When We Cease to Understand the World - Benjamín Labatut 2020-09-03

SELECTED FOR BARACK OBAMA'S SUMMER READING LIST 'A monstrous and brilliant book' Philip Pullman 'Wholly mesmerising and revelatory... Completely fascinating' William Boyd Sometimes discovery brings destruction When We Cease to Understand the World shows us great minds striking out into dangerous, uncharted terrain. Fritz Haber, Alexander Grothendieck, Werner Heisenberg, Erwin Schrödinger: these are among the luminaries into whose troubled lives we are thrust as they grapple with the most profound questions of existence. They have strokes of unparalleled genius, they alienate friends and lovers, they descend into isolated states of madness. Some of their discoveries revolutionise our world for the better; others pave the way to chaos and unimaginable suffering. The lines are never clear. With breakneck pace and wondrous detail, Benjamín Labatut uses the imaginative resources of fiction to break open the stories of scientists and mathematicians who expanded our notions of the possible.

A Year in the Art World - Matthew Israel 2020-09-15

An insider's detailed chronicle of the inner workings of the contemporary art world. The world of contemporary art has become more globalized and transparent in the last few decades, yet it is still perceived as closed-off and obscure. In *A Year in the Art World*, Matthew Israel takes the reader on a cross-continental journey through a year in the field of art, lifting the veil on a culture that emerges as diverse, adventurous, nuanced, and meaningful. From Los Angeles and New York to Paris and Hong Kong, Israel encounters artists, curators, critics, gallerists, and institutions, uncovering the working lives of these art-world figures from the renowned to the unseen. Drawing on exclusive interviews and expertly researched content, Israel ventures into the inner workings of the art industry to ask: What is it that people in the art world actually do? What drives interest in working with art? How do artworks acquire value? And how has technology transformed today's art world? Anchoring the narrative in the history, economics, and cultural dynamics of the field, this fascinating story reveals how "the art world" describes a realm that is both surprisingly vast and deeply interconnected.

The CIA World Factbook 2021-2022 - Central Intelligence Agency 2021-06-01

From the world's most sophisticated intelligence gathering organization, here is the CIA's official country-by-country data on nations around the world. Pocket World in Figures - 2005

The Economist Numbers Guide 6th Edition - The Economist 2013-12-12

Designed as a companion to The Economist Style Guide, the best-selling guide to writing style, The Economist Numbers Guide is invaluable for everyone who has to work with numbers, which in today's commercially focussed world means most managers. In addition to general advice on basic numeracy, the guide points out common errors and explains the recognised techniques for solving financial problems, analysing information of any kind, forecasting and effective decision making. Over 100 charts, graphs, tables and feature boxes highlight key points, and great emphasis is put on the all-important aspect of how you present and communicate numerical information effectively and honestly. At the back of the book is an extensive A-Z dictionary of terms covering everything from amortisation to zero-sum game. Whatever your business, whatever your management role, for anyone who needs a good head for figures The Economist Numbers Guide will prove invaluable.

National Geographic Compact Atlas of the World - National Geographic Maps (Firm) 2012

National Geographic's maps and atlases are critically acclaimed and world-renowned for their accuracy, originality, innovative and authoritative content, and clear, smart design. Now, for the first time, National Geographic offers its trusted map content in a new, compact format. Sized at 4 x 6 inches, with a pliable, resilient soft cover, the Compact Atlas of the World is designed to be thumbed through, easily referenced, and then conveniently stored in a pocket, backpack, or desk. All maps are newly researched, updated, and reflect the latest changes in the world. Other enhancements include new internal navigation elements and new, extensive world and continental thematic coverage of population, climate, land cover, fresh water, and natural hazards such as earthquakes, volcanoes, and tsunamis. Superb overall readability, captivating design and layout, and navigational ease allow the reader to quickly retrieve information. This compact world atlas contains a wide array of traditional political and physical maps, as well as a fascinating series of thematic maps (e.g., population density and growth, climate, land cover, natural hazards, and water availability) at both continental and world scales. Design details such as rounded corners and prominent page numbers make it a use-friendly and novel product, which literally puts the world in the palm of your hand. Attractively priced and containing 100 maps and an accompanying place-name index with some 11,000 entries, this atlas represents an outstanding value and makes an excellent handy, affordable, personal reference and gift item.

Guide to Analysing Companies - The Economist 2015-01-06

In today's volatile, complex and fast-moving business world, it can be difficult to gauge how sound a company really is. An apparently strong balance sheet and impressive reported profits may be hiding all sorts of problems that could even spell bankruptcy. So how do you: Know whether a company is well run and doing well? Decide which ratios and benchmarks to use to assess performance? Work out if a company has massaged its results? Recognise the danger signs on the corporate horizon? Compare companies operating in different sectors or countries? These and many other important questions are answered in a completely updated and revised sixth edition of this clear and comprehensive guide. It is aimed at anyone who wants to understand a company's annual report, judge a customer's creditworthiness, assess a company's investment potential, and much more.

Numbers Guide - Richard Stutely 2003-04-01

Designed as a companion to The Economist Style Guide, the best-selling guide to writing style,

The Economist Numbers Guide is invaluable to anyone who wants to be competent and able to communicate effectively with numbers. In addition to general advice on basic numeracy, the guide points out common errors and explains the recognized techniques for solving financial problems, analysing information of any kind, and effective decision making. Over one hundred charts, graphs, tables, and feature boxes highlight key points. Also included is an A-Z dictionary of terms covering everything from amortization to zero-sum game. Whatever your business, The Economist Numbers Guide will prove invaluable.

The Pocket Pema Chödrön - Pema Chodron 2017-08-01

A collection of short inspirational readings by "one of the world's wisest women"--O, the Oprah Magazine. Pema Chödrön, beloved Buddhist nun and best-selling author, offers this treasury of 108 short selections from her more than four decades of study and writings. Here she presents teachings on breaking free of destructive patterns; developing patience, kindness, and joy amid our everyday struggles; becoming fearless; and unlocking our natural warmth, intelligence, and goodness. Designed for on-the-go inspiration, this is a perfect guide to Buddhist principles and the foundations of meditation and mindfulness. This book is part of the Shambhala Pocket Library series. The Shambhala Pocket Library is a collection of short, portable teachings from notable figures across religious traditions and classic texts. The covers in this series are rendered by Colorado artist Robert Spellman. The books in this collection distill the wisdom and heart of the work Shambhala Publications has published over 50 years into a compact format that is collectible, reader-friendly, and applicable to everyday life.

The Indian in the Cupboard - Lynne Reid Banks 2010-07-07

Adventure abounds when a toy comes to life in this classic novel! It's Omri's birthday, but all he gets from his best friend, Patrick, is a little plastic warrior figure. Trying to hide his disappointment, Omri puts his present in a metal cupboard and locks the door with a mysterious skeleton key that once belonged to his great-grandmother. Little does Omri know that by turning the key, he will transform his ordinary plastic toy into a real live man from an altogether different time and place! Omri and the tiny warrior called Little Bear could hardly be more different, yet soon the two forge a very special friendship. Will Omri be able to keep Little Bear without anyone finding out and taking his new friend away?

The Pillars of the Earth - Ken Follett 2010-06-29

#1 New York Times Bestseller Oprah's Book Club Selection The "extraordinary . . . monumental masterpiece" (Booklist) that changed the course of Ken Follett's already phenomenal career—and begins where its prequel, *The Evening and the Morning*, ended. "Follett risks all and comes out a clear winner," extolled Publishers Weekly on the release of *The Pillars of the Earth*. A departure for

the bestselling thriller writer, the historical epic stunned readers and critics alike with its ambitious scope and gripping humanity. Today, it stands as a testament to Follett's unassailable command of the written word and to his universal appeal. *The Pillars of the Earth* tells the story of Philip, prior of Kingsbridge, a devout and resourceful monk driven to build the greatest Gothic cathedral the world has known . . . of Tom, the mason who becomes his architect—a man divided in his soul . . . of the beautiful, elusive Lady Aliena, haunted by a secret shame . . . and of a struggle between good and evil that will turn church against state and brother against brother. A spellbinding epic tale of ambition, anarchy, and absolute power set against the sprawling medieval canvas of twelfth-century England, this is Ken Follett's historical masterpiece.

[Disease Control Priorities, Third Edition \(Volume 6\)](#) - King K. Holmes 2017-11-06

Infectious diseases are the leading cause of death globally, particularly among children and young adults. The spread of new pathogens and the threat of antimicrobial resistance pose particular challenges in combating these diseases. *Major Infectious Diseases* identifies feasible, cost-effective packages of interventions and strategies across delivery platforms to prevent and treat HIV/AIDS, other sexually transmitted infections, tuberculosis, malaria, adult febrile illness, viral hepatitis, and neglected tropical diseases. The volume emphasizes the need to effectively address emerging antimicrobial resistance, strengthen health systems, and increase access to care. The attainable goals are to reduce incidence, develop innovative approaches, and optimize existing tools in resource-constrained settings.

Uncommon Knowledge - Tom Standage 2019-11-07

The world can be an amazing place if you know the right questions to ask: How did carrots become orange? What's stopping us from having a four-day week? How can we remove all the broken bits of satellite from orbit? If everything is so terrible, why is the global suicide rate falling? The keen minds of the Economist love to look beyond everyday appearances to find out what really makes things tick. In this latest collection of *The Economist Explains*, they have gathered together the juiciest fruits of their never-ending quest for answers. For an uncommonly interesting read, take a peek at some *Uncommon Knowledge* - and pass it on! The world only gets more amazing when discoveries are shared.

Economics - The Economist 2015-10-27

The world of economics is changing. Years of turmoil in the global economy mean that nothing will ever be quite the same again. This is the starting point and theme of this radically revised Economist books classic, now available for the first time in America. Richard Davies, economics editor of *The Economist*, takes us on a journey through the paper's own analysis of the state of the world's economies, how we reached this point and what to expect in the next decade. He explores: what's gone wrong since 2008, why it's happened and how we can stop it happening again; the shifting focus of economics from banking to labor economics; the future hopes and challenges for the world economy. Along the way, we encounter the global economy laid bare, from banks, panics, and crashes to innovative new policies to improve how markets function; from discussions around jobs, pay, and inequality to the promise of innovation and productivity; from the implications of emerging markets and the globalisation of trade through to the sharing economy and the economics of Google and eBay. The result is a fascinating review of the global economy and the changing role of economics in the new world order.

Pocket Art: Portrait Drawing - Joanna Henly 2018-06-21

This debut book in the Pocket Art series is packed with expert technical guidance on drawing realistic portraits in pencil and stunning, inspirational examples. London-based artist Joanna Henly (a.k.a. Miss Led) guides you through every aspect of pencil portraiture with a lively, graphic approach to instruction—demystifying the complexities of the human face with step-by-step illustrations and expert tips. Get started with a quick overview of how to set up your work space, how to hold a pencil, and tips on mark making. A section on understanding the face begins with a look at its underlying structure (the skull and muscles) and includes guidance on capturing facial

relationships from different angles. Then learn to accurately draw each individual feature—eyes, ears, nose, mouth, skin tones, and hair—with illustrations of their anatomy and examples of their differing shapes. You'll also find tips on rendering the facial expressions of your subjects. The exercises demonstrate and reinforce the skills as you go, while the incredible artwork inspires and motivates. With its compact size and sturdy flexi binding, you can carry this invaluable resource everywhere you go—in your backpack, bag, or pocket.

World Football Stars - Nick Judd 2013-11-01

World Football Stars is a brand-new run-down of the greatest footballers in the world, featuring top players with a focus on the best performers of 2013. Great photos and plenty of up-to-date facts and figures make this Pocket Manual essential reading for football fans everywhere. Aimed at children, Haynes Pocket Manuals provide fun and factual information on a wide range of subjects including machines, history and the natural world.

The Pocket Stoic - John Sellars 2020-10-14

To counter the daily anxieties, stress, and emotional swings caused by the barrage of stimuli that plagues modern life, many people have been finding unexpected solace in a philosophy from a very different and distant time: Stoicism. Today, more than 100,000 people are members of online communities for modern Stoics, and there are annual conferences, meet-ups, and workshops for those aspiring to walk the Stoic path. But what is Stoicism, and what makes it resonate so powerfully today? As John Sellars shows in *The Pocket Stoic*, the popular image of the isolated and unfeeling Stoic hardly does justice to the rich vein of thought that we find in the work of Seneca, Epictetus, and Marcus Aurelius, the three great Roman Stoics. Their works are recognized classics, and for good reason—they speak to some of the perennial issues that face anyone trying to navigate their way through life. These writings, fundamentally, are about how to live—how to understand your place in the world, how to cope when things don't go well, how to manage your emotions, how to behave toward others, and finally, how to live a good life. To be a Stoic is to recognize that much of the suffering in your life is due to the way you think about things, and that you have the ability to train your mind to look at the world in a new way—to recognize what you can and cannot control and to turn adversity into opportunity. Concise and accessible, *The Pocket Stoic* provides a welcome introduction to the lives and thought of the key Stoics. It is also a perfect guide to help you start incorporating the practice of Stoicism into your everyday approach to life.

Billionaire Wilderness - Justin Farrell 2021-03-02

"*Billionaire Wilderness* offers an unprecedented look inside the world of the ultra-wealthy and their relationship to the natural world, showing how the ultra-rich use nature to resolve key predicaments in their lives. Justin Farrell immerses himself in Teton County, Wyoming--both the richest county in the United States and the county with the nation's highest level of income inequality--to investigate interconnected questions about money, nature, and community in the twenty-first century. Farrell draws on three years of in-depth interviews with "ordinary" millionaires and the world's wealthiest billionaires, four years of in-person observation in the community, and original quantitative data to provide comprehensive and unique analytical insight on the ultra-wealthy. He also interviewed low-income workers who could speak to their experiences as employees for and members of the community with these wealthy people. He finds that the wealthy leverage nature to climb even higher on the socioeconomic ladder, and they use their engagement with nature and rural people as a way of creating more virtuous and deserving versions of themselves. *Billionaire Wilderness* demonstrates that our contemporary understanding of the relationship between the ultra-wealthy and the environment is empirically shallow, and our reliance on reports of national economic trends distances us from the real experiences of these people and their local communities"--

Pocket Book of Hospital Care for Children - World Health Organization 2013

The Pocket Book is for use by doctors nurses and other health workers who are responsible for the care of young children at the first level referral hospitals. This second edition is based on evidence

from several WHO updated and published clinical guidelines. It is for use in both inpatient and outpatient care in small hospitals with basic laboratory facilities and essential medicines. In some settings these guidelines can be used in any facilities where sick children are admitted for inpatient care. The Pocket Book is one of a series of documents and tools that support the Integrated Managem.

CIA World Factbook 2022-2023 - Central Intelligence Agency 2022-06-21

The ultimate, comprehensive guide to official country data and statistics, from the world's most sophisticated intelligence-gathering organization. From Afghanistan to Zimbabwe, The CIA World Factbook 2022-2023 offers complete and up-to-date information on the world's nations. This comprehensive guide is packed with data on countries' politics, populations, economics, and environment for 2022 and looks ahead to 2023. The CIA World Factbook 2022-2023 includes the following for each country: Geopolitical maps Population statistics, with details on languages, religions, literacy rates, age structure, HIV prevalence, and much more Up-to-date data on military expenditures and capabilities Geography information, including climate and natural hazards Details on prominent political figures and parties Contact information for diplomatic missions Facts on transportation, trade, and communication infrastructure Also included are appendices with useful abbreviations, international environmental agreements, international organizations and groups, terror organizations, and more. Originally intended for use by government officials and policymakers as well as the broader intelligence community, this is a must-have resource for students, travelers, journalists, and anyone with a desire to know more about their world.

The Pocket Dalai Lama - Mary Craig 2017-08-01

Inspirational teachings and wisdom of the leading Buddhist teacher of our time. One of the most influential Buddhist leaders of our time, His Holiness the Fourteenth Dalai Lama is a Nobel Peace Laureate and the exiled spiritual head of the Tibetan people. A tireless teacher and writer, he is the author of dozens of widely acclaimed works, including *The Book of Joy*, *The Art of Happiness* and *The Heart of Meditation*—and this compact collection brings together a selection of inspiring short teachings from many of his popular books. Addressing a broad range of subjects, such as nonviolence, impermanence, religion, politics, and human rights, these wise words show the

power of goodness even in the most uncertain of times. This book is part of the Shambhala Pocket Library series. The Shambhala Pocket Library is a collection of short, portable teachings from notable figures across religious traditions and classic texts. The covers in this series are rendered by Colorado artist Robert Spellman. The books in this collection distill the wisdom and heart of the work Shambhala Publications has published over 50 years into a compact format that is collectible, reader-friendly, and applicable to everyday life.

When Time Stopped - Ariana Neumann 2020-02-04

In this astonishing story that “reads like a thriller and is so, so timely” (BuzzFeed) Ariana Neumann dives into the secrets of her father's past: “Like Anne Frank's diary, it offers a story that needs to be told and heard” (Booklist, starred review). In 1941, the first Neumann family member was taken by the Nazis, arrested in German-occupied Czechoslovakia for bathing in a stretch of river forbidden to Jews. He was transported to Auschwitz. Eighteen days later his prisoner number was entered into the morgue book. Of thirty-four Neumann family members, twenty-five were murdered by the Nazis. One of the survivors was Hans Neumann, who, to escape the German death net, traveled to Berlin and hid in plain sight under the Gestapo's eyes. What Hans experienced was so unspeakable that, when he built an industrial empire in Venezuela, he couldn't bring himself to talk about it. All his daughter Ariana knew was that something terrible had happened. When Hans died, he left Ariana a small box filled with letters, diary entries, and other memorabilia. Ten years later Ariana finally summoned the courage to have the letters translated, and she began reading. What she discovered launched her on a worldwide search that would deliver indelible portraits of a family loving, finding meaning, and trying to survive amid the worst that can be imagined. A “beautifully told story of personal discovery” (John le Carré), *When Time Stopped* is an unputdownable detective story and an epic family memoir, spanning nearly ninety years and crossing oceans. Neumann brings each relative to vivid life, and this “gripping, expertly researched narrative will inspire those looking to uncover their own family histories” (Publishers Weekly).

A Pocket Full of Rye - Agatha Christie 2009

A new tie-in edition of one of Agatha Christie's most well-loved Marple mysteries, published to coincide with major ITV series starring Julia McKenzie as Miss Marple.
