**The Coming of the French Revolution** - Georges Lefebvre 2019-12-31

The Coming of the French Revolution remains essential reading for anyone interested in the origins of this great turning point in the formation of the modern world. First published in 1939, on the eve of the Second World War, and suppressed by the Vichy government, this classic work explains what happened in France in 1789, the first year of the French Revolution. Georges Lefebvre wrote history "from below"—a Marxist approach. Here, he places the peasantry at the center of his analysis, emphasizing the class struggles in France and the significant role they played in the coming of the revolution. Eloquently translated by the historian R. R. Palmer and featuring an introduction by Timothy Tackett that provides a concise intellectual

biography of Lefebvre and a critical appraisal of the book, this Princeton Classics edition continues to offer fresh insights into democracy, dictatorship, and insurrection. High & Low - Kirk Varnedoe 1990

Histoire de la littérature en Suisse romande: Du Moyen Age à 1815 - Roger Francillon 1996  
Dès le Moyen Age, avec Oton de Grandson, les pays romands sont présents sur la scène littéraire européenne. Mais, c'est au XVII<sup>e</sup> siècle, lors de la Réforme et de leur entrée dans l'orbite helvétique, qu'ils acquièrent leur autonomie culturelle par rapport à la France. Au XVIII<sup>e</sup> siècle la Suisse romande joue un rôle important dans le développement et la

diffusion des Lumières.

**Il governo del popolo** -  
Gianluca Bonaiuti  
2015-07-02T00:00:00+02:00

Terza tappa di una  
storia del discorso sul  
popolo dall'antico  
regime all'epoca

contemporanea, il volume  
si sofferma sui  
mutamenti che  
caratterizzano questa  
cruciale direttrice del  
dibattito politico-  
costituzionale  
occidentale nel  
tumultuoso periodo  
aperto dall'esperienza  
della Comune di Parigi:  
una fase storica nuova,  
nella quale il termine  
«popolo» – ormai  
definitivamente  
consacrato come  
espressione dell'unità-  
totalità del corpo  
sovrano nel lessico e  
nella riflessione  
giuridico-istituzionale  
– vede indebolita la sua  
capacità di  
polarizzazione, in  
positivo e in negativo,  
del dibattito pubblico e  
sembra implodere di  
fronte all'affermazione  
dirompente di una  
pluralità di figure, ora  
più capaci di ispirare e  
rappresentare  
l'immaginario politico  
dell'epoca, come

nazione, classe, proletariato, massa, folla. È anche questo processo di moltiplicazione e frammentazione semantica a spingere il discorso sul popolo verso nuove e più approfondite forme di articolazione epistemica e categoriale, attraverso l'emersione di nuovi campi di ricerca, dalla sociologia alla psicologia collettiva, che del «popolo» come unità plurale concreta cercano finalmente di comprendere la composizione, i bisogni, i comportamenti, gli obiettivi.

Critique of Black Reason  
- Achille Mbembe  
2017-02-17  
In Critique of Black  
Reason eminent critic  
Achille Mbembe offers a  
capacious genealogy of  
the category of  
Blackness—from the  
Atlantic slave trade to

the present—to critically reevaluate history, racism, and the future of humanity. Mbembe teases out the intellectual consequences of the reality that Europe is no longer the world's center of gravity while mapping the relations among colonialism, slavery, and contemporary financial and extractive capital. Tracing the conjunction of Blackness with the biological fiction of race, he theorizes Black reason as the collection of discourses and practices that equated Blackness with the nonhuman in order to uphold forms of oppression. Mbembe powerfully argues that this equation of Blackness with the nonhuman will serve as the template for all new forms of exclusion. With *Critique of Black Reason*, Mbembe offers

nothing less than a map of the world as it has been constituted through colonialism and racial thinking while providing the first glimpses of a more just future.

In the late 1320s, Martha de Cabanis was widowed with three young sons. *Mothers and Sons, Inc.* shows how the widow Martha maneuvered within the legal constraints of her social, economic, and personal status and illuminates the opportunities and the limits of what was possible for elite mercantile women.

**The Corruption of Angels**

On two hundred and one days between May 1, 1245, and August 1, 1246, more than five thousand people from the Lauragais were questioned in Toulouse about the heresy of the good men and the good women (more commonly known as Catharism). Nobles and diviners, butchers and monks, concubines and physicians, blacksmiths and pregnant girls--in short, all men over fourteen and women over twelve--were summoned by Dominican inquisitors Bernart de Caux and Jean de Saint-Pierre. In the cloister of the Saint-Sernin abbey, before scribes and witnesses, they confessed whether they, or anyone else, had ever seen, heard, helped, or sought salvation through the heretics. This inquisition into heretical depravity was

the single largest investigation, in the shortest time, in the entire European Middle Ages. Mark Gregory Pegg examines the sole surviving manuscript of this great inquisition with unprecedented care--often in unexpected ways--to build a richly textured understanding of social life in southern France in the early thirteenth century. He explores what the interrogations reveal about the individual and communal lives of those interrogated and how the interrogations themselves shaped villagers' perceptions of those lives. The Corruption of Angels, similar in breadth and scope to Emmanuel Le Roy Ladurie's Montaignou, is a major contribution to the field. It shows how heretical and orthodox beliefs flourished side by side and, more

broadly, what life was like in one particular time and place. Pegg's passionate and beautifully written evocation of a medieval world will fascinate a diverse readership within and beyond the academy.

**6th International Conference on the Conservation of Earthen Architecture** - The Getty Conservation Institute

1991-02-28

On October 14-19, 1990, the 6th International Conference on the Conservation of Earthen Architecture was held in Las Cruces, New Mexico. Sponsored by the GCI, the Museum of New Mexico State Monuments, ICCROM, CRATerre-EAG, and the National Park Service, under the aegis of US/ICOMOS, the event was organized to promote the exchange of ideas, techniques, and research findings on the conservation of earthen architecture.

Presentations at the conference covered a diversity of subjects, including the historic traditions of earthen architecture, conservation and restoration, site preservation, studies in consolidation and seismic mitigation, and examinations of moisture problems, clay chemistry, and

microstructures. In discussions that focused on the future, the application of modern technologies and materials to site conservation was urged, as was using scientific knowledge of existing structures in the creation of new, low-cost, earthen architecture housing.

*Historical Dictionary of the Gypsies (Romanies) -*

Donald Kenrick

2007-07-05

Originating in India, the Gypsies arrived in Europe around the 14th century, spreading not only across the entirety of the continent but also immigrating to the Americas. The first

Gypsy migration included farmworkers, blacksmiths, and mercenary soldiers, as well as musicians, fortune-tellers, and entertainers. At first, they were generally welcome as an interesting diversion to the dull routine of that period. Soon, however, they attracted the antagonism of the governing powers, as they have continually done throughout the following centuries. The second edition of the *Historical Dictionary of the Gypsies (Romanies)* seeks to end such prejudice by clarifying the facts about this nomadic people. Through a list of acronyms, a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on significant persons, places, events, institutions, and

aspects of culture, society, economy, and politics, the history of the Gypsies and their culture is told.
