Christ and the New Covenant - Jeffrey R. Holland 2006-01-01

Introducing a major new doctrinal work written by Elder Jeffrey R. Holland who shares his apostolic witness of the central figure of the Book of Mormon-the Lord Jesus Christ. For most of a decade, Elder Holland has read the Book of Mormon repeatedly and thoroughly, focusing on all references to the Savior and his teachings. The result is an intelligent observation and thorough study of the Book of Mormon's contribution to our understanding of Christ. On the illustrated edition: Elder Holland's classic examination of Jesus Christ as the "principal and commanding figure" in the Book of Mormon is now available as an illustrated keepsake. This landmark book explores what the Book of Mormon reveals about the character, attributes, and mission of our Savior. In his warm and thoughtful style, Elder Holland explains why, more than any other book, the Book of Mormon "has taught me to love the Lord Jesus Christ and to consider the full wonder and grandeur, the eternally resonating power of the atoning sacrifice he made for us." Stunning full-color illustrations by Walter Rane, Robert Barrett, Simon Dewey, Joseph Brickey, and others bring vibrant new life to this beloved volume.

The Misunderstanding of the Church - Emil Brunner 2002

Brunner sees St Paul's Epistle to the Romans as 'the chapter of destiny of the Christian Church'. Here, in Luther's words, is the 'purest gospel' upon which the very existence of the Christian faith depends and from which it draws its life. Concentrated, decisive and instructive, nothing within the New Testament is more closely argued both theological and personal. Out of his years of scholarly wisdom Brunner meditates on the great Question: What is wrong with the Churches? Brunner finds an answer in the contrast between the virile Spirit-filled fellowship of the New Testament and the institutions which are now called 'churches'. He writes in his preface: 'The title of the book, The Misunderstanding of the Church, is equivocal. Is it a question of a misunderstanding of which the Church is guilty, or of a misunderstanding of which it is the victim? Or is it that the Church itself, as such, is perhaps the product of a misunderstanding? The author is not responsible for this ambiguity; it is intrinsic in the theme itself.'

Making Africa - Vitra Design Museum 2015

Making Africa« takes a fresh look at African design. For the first time, we have a book that focuses on creative accomplishments on the continent, without being obsessed with the usual tropes of recycling, humanitarian design or traditional crafts. Instead, »Making Africa« shows a new generation of designers who use their work as a tool for economic, political and social change and therefore also to create a new future for the continent. Their creative output defies all definitions of genres - crossing over classical fields such as furniture design, product design and typography to encompass digital media, art, photography,

architecture and film. A large section of the catalogue is dedicated to documenting work by over 120 protagonists of Africa's new creative epoch - including Cyrus Kabiru, Cheick Diallo, Mário Macilau, Francis Kéré, David Adjaye, Kunlé Adeyemi, Bodys Isek Kingelez, Robin Rhode, Alaforu Sikoki, Selly Raby Kan and many more. The historical and theoretical background is explored in essays and discussions with Okwui Enwezor, Koyo Kouoh, Edgar Pieterse and Amelie Klein, among others. These are complemented by statements from around 70 other experts from Africa, who met at interviews and think tanks in cities such as Cape Town, Johannesburg, Lagos, Dakar, Nairobi and Cairo. This is a book about the future of Africa and about a new, more open way of understanding design - which means it is also a book about what design can achieve in the 21st century.

Jesus and the God of Israel - Richard Bauckham 2013-09-01

"God Crucified" and Other Essays on the New Testament's Christology of Divine Identity The basic thesis of this important book on New Testament Christology, sketched in the first essay 'God Crucified', is that the worship of Jesus as God was seen by the early Christians as compatible with their Jewish monotheism. Jesus was thought to participate in the divine identity of the one God of Israel. The other chapters provide more detailed support for, and an expansion of, this basic thesis. Readers will find not only the full text of Bauckham's classic book God Crucified, but also groundbreaking essays, some of which have never been published previously

The New Sorrows of Young W. - Ulrich Plenzdorf 2015-09-15

Edgar Wibeau, seventeen years old, has died on Christmas Eve in an unfortunate accident involving electricity. His father, who left the family when Edgard was five, interrogates those close to him, to find out what exactly happened - and who his son really was. Helpfully for the reader, Edgar himself punctuates the father's conversations with his mother, best friend Willi, and Charlie, the woman with whom Edgar was unhappily in love, to give us his version of events from beyond the grave - and a story magically reminiscent of Goethe's The Sorrows of Young Werther and Salinger's The Catcher in the Rye unfolds before our eyes. Originally conceived as a screenplay, Plenzdorf's modern classic was first published in East Germany in 1973. A satire about the cultural and social limits of the GDR, it has long been a set text in German schools, and its critical and popular success remains unabated.

'You Are a Priest Forever' - Eric Mason 2008-01-31

Of the many proposals for the conceptual background of the priestly Christology of the Epistle to the Hebrews, this book argues that the presentations of the messianic priest and Melchizedek in the Qumran texts provide the closest parallels to Hebrews' thought.

The Melchizedek Tradition - Fred L. Horton Jr. 2005-08-22

Why was Melchizedek a minor figure, selected to represent the priesthood of Christ in the Epistle to the Hebrews?

A Cloud of Witnesses - Richard Bauckham 2008-10-09

The book of Hebrews has often been the Cinderella of the New Testament, overlooked and marginalized; and yet it is one of the most interesting and theologically significant books in the New Testament. *A Cloud of Witness* examines the theology of the book in the light of its ancient historical context. There are chapters devoted to the structure of Hebrews, the person of Jesus Christ, Hebrews within the context of Second Temple Judaism and the Greco-Roman empire and the role of Hebrews in early Christian thought.

The Way We Think - Gilles Fauconnier 2008-08-06

In its first two decades, much of cognitive science focused on such mental functions as memory, learning, symbolic thought, and language acquisition -- the functions in which the human mind most closely resembles a computer. But humans are more than computers, and the cutting-edge research in cognitive science is increasingly focused on the more mysterious, creative aspects of the mind. *The Way We Think* is a landmark synthesis that exemplifies this new direction. The theory of conceptual blending is already widely known in laboratories throughout the world; this book is its definitive statement. Gilles Fauconnier and Mark Turner argue that all learning and all thinking consist of blends of metaphors based on simple bodily experiences. These blends are then themselves blended together into an increasingly rich structure that makes up our mental functioning in modern society. A child's entire development consists of learning and navigating these blends. *The Way We Think* shows how this blending operates; how it is affected by (and gives rise to) language, identity, and concept of category; and the rules by which we use blends to understand ideas that are new to us. The result is a bold, exciting, and accessible new view of how the mind works.

I Am the Way - Philip Wesley Comfort 2001-12-17

The Gospel of John follows Jesus on a journey that will take the disciples to God. Herein is the pattern for every pilgrim. In this textual and literary study, Philip Wesley Comfort traces the "journey motif" around which John organized his account of Jesus' life, death, resurrection, and final days with his disciples. When Jesus says in John 14:6, "I am the way, and the truth and the life," modern

disciples can see an immediate reference to his own journey from heaven to earth, and back to heaven. But that message has important implications for us as well. Jesus did not return alone to the Father. All believers went with him. While Comfort has written an in-depth literary study, the relevance of his theme for Christian living makes *I Am the Way* a sound basis for reflective preaching, teaching, and devotional reading.

Ascent to Heaven in Jewish and Christian Apocalypses - Martha Himmelfarb 1993

Archangels and Ascended Masters - Doreen Virtue 2010-07

Guide to Working and Healing with Divinities and Deities. *Archangels and Ascended Masters* is a thoroughly researched book in a lively encyclopedia format, listing 77 divinities from Greek, Roman, Egyptian, Asian, Babylonian, Tibetan, Buddhist, Celtic, Theosophical, New Age, Catholic, Cabalistic, Jewish, and Christian roots. Doreen Virtue carefully studied and wrote about the history of each of the deities, what role they serve today, how they can help us with specific life problems, and how to call upon each one. Doreen spent time in communication with each divinity to ensure that the being was reachable, and to discover the essence of his or her personality and current dealings with the world - and within these pages, she includes a channeled message or impression from each of the ascended masters and archangels. Many of her channelings were conducted at power points throughout the world, such as Stonehenge in England; the Irish coast; Kona, Hawaii; and the New Zealand rain forest. A comprehensive chart lists a number of life situations such as Addictions, Finding a Soulmate, Emergency Money, Healing Physical Illness, and various personal and family concerns. Beneath each topic is a list of whom to call upon when dealing with that particular challenge. Doreen also includes prayers to help you call upon multiple divinities for specific issues such as "increased clairvoyance" and "resolving conflict."

Max and Moritz - Wilhelm Busch 1874

Told entirely in rhyme, *Max and Moritz* is a timeless German children's tale about a brother and sister who enjoy pulling pranks on their parents and one another.

The Patient Ferment of the Early Church - Alan Kreider 2016-03-29

How and why did the early church grow in the first four hundred years despite disincentives, harassment, and occasional persecution? In this unique historical study, veteran scholar Alan Kreider delivers the fruit of a lifetime of study as he tells the amazing story of the spread of Christianity in the Roman Empire. Challenging traditional understandings, Kreider contends the church grew because the virtue of patience was of central importance in the life and witness of the early Christians. They wrote about patience, not evangelism, and reflected on prayer, catechesis, and worship, yet the church grew--not by specific strategies but by patient ferment.

The Conversion of the Imagination - Richard B. Hays 2005-07-13

The Conversion of the Imagination contains some of the best work on Paul by first-rate New Testament scholar Richard B. Hays. These essays probe Paul's approach to scriptural interpretation, showing how Paul's reading of the Hebrew Scriptures reshaped the theological vision of his churches. Hays's analysis of intertextual echoes in Paul's letters has touched off exciting debate among Pauline scholars and made more recognizable the contours of Paul's thought. These studies contain some of the early work leading up to Hays's seminal *Echoes of Scripture* in the

Letters of Paul and also show how Hays has responded to critics and further developed his thought in the years since. Among the many subjects covered here are Paul's christological application of Psalms, Paul's revisionary interpretation of the Law, and the influence of the Old Testament on Paul's ethical teachings and ecclesiology.

The Faces of the Chariot - David Joel Halperin 1988

The Ashgate Research Companion to Theological Anthropology - Joshua R. Farris 2016-03-09

In recent scholarship there is an emerging interest in the integration of philosophy and theology. Philosophers and theologians address the relationship between body and soul and its implications for theological anthropology. In so doing, philosopher-theologians interact with cognitive science, biological evolution, psychology, and sociology. Reflecting these exciting new developments, *The Ashgate Research Companion to Theological Anthropology* is a resource for philosophers and theologians, students and scholars, interested in the constructive, critical exploration of a theology of human persons. Throughout this collection of newly authored contributions, key themes are addressed: human agency and grace, the soul, sin and salvation, Christology, glory, feminism, the theology of human nature, and other major themes in theological anthropology in historic as well as contemporary contexts.

Cosmology and Eschatology in Hebrews - Kenneth L. Schenck 2007-12-20

Scholars argue over where Hebrews fit in the first century world. Kenneth L. Schenck works towards resolving this question by approaching Hebrews' cosmology and eschatology from a text-orientated perspective. After observing that the key passages in the background debate mostly relate to the 'settings' of the story of salvation history evoked by Hebrews, Schenck attempts to delineate those settings by asking how the 'rhetorical world' of Hebrews engages that underlying narrative. Hebrews largely argue from an eschatology of two ages, which correspond to two covenants. The fresh age has come despite the continuance of some old age elements. The most characteristic elements of Hebrews' settings, however, are its spatial settings, where we find an underlying metaphysical dualism between the highest heaven, which is the domain of spirit, and the created realm, including the created heavens. This creation will be removed at the eschaton, leaving only the unshakeable heaven.

God's Angels Need No Wings - Claus Westermann 1979

Wallenstein's Tod / Death of Wallenstein - Friedrich Schiller 2004

This is the third and final part of the Wallenstein trilogy by German playwright and mastermind Friedrich Schiller. The work as a whole produced a profound impression, and it is certainly Schiller's masterpiece in dramatic literature. He brings out with extraordinary vividness the ascendancy of Wallenstein over the wild troops whom he has gathered around him, and at the same time we are made to see how the mighty general's schemes must necessarily end in ruin, not merely because a plot against him is skilfully prepared by vigilant enemies, but because he himself is lulled into a sense of security by superstitious belief in his supposed destiny as revealed to him by the stars. Wallenstein is the most subtle

and complex of Schiller's dramatic conceptions, and it taxes the powers of the greatest actors to present an adequate rendering of the motives which explain his strange and dark career. The love-story of Max Piccolomini and Thekla is in its own way not less impressive than the story of Wallenstein with which it is interwoven. This is the bilingual edition of this literary masterpiece including the English and German versions of the play.

Isaiah in the New Testament - Steve Moyise 2005-10-22

Isaiah in the New Testament brings together a set of specially commissioned studies by authors who are experts in their field. Together they provide an overview of the status, role and function of Isaiah in the first century, considering the Greek and Hebrew manuscript traditions and offering insights into the various hermeneutical stances of the New Testament authors and the development of New Testament theology. The volume includes contributions from Darrell Hannah, Morna Hooker, Christopher Tuckett, Richard Beaton, Bart Koet, Catrin Williams, J. Ross Wagner, Florian Wilk, Cecil McCullough, Steve Moyise and David Mathewson.

When the Body Speaks - Donald Campbell 2021-10-15

This book is based on the work done by a group of British and Italian psychoanalysts who have been meeting twice yearly since 2003 to study clinically the relationship between the mind and the body of their patients. The analytical dyad became the focus of a dialectical movement between body and mind and between subject and object. Containing contributions from a range of distinguished British and Italian analysts, this book covers such key topics as somatic symptoms, the embodied unconscious, bodily expressions of affect, sexuality, violence, self-harm, suicide attempts, hypochondria, hysteria, anorexia and bulimia, and splits and fragmentation associated with the body. The theoretical understanding is inspired by various psychoanalytic theoreticians, including Freud, M. Klein,

Winnicott and Bion and their theories on sexuality, infantile sexuality, libido, aggressiveness, death instinct, Oedipus complex and mother-child relationship. Offering new advances in theoretical thinking and practical applications for clinical work, this book will be essential for all psychoanalysts and mental health clinicians interested in understanding serious mental disturbance that is represented in the body.

The Psalm Citations in the Epistle to the Hebrews - Simon Kistemaker 2010-07-01

Something which draws the immediate attention of the reader is the abundance of psalm citations in the Epistle to the Hebrews. In the first chapter five out of the seven quotations are taken from the Psalter. Also in the other chapters passages out of the book of Psalms represent an important share in the number of OT citations quoted. Undoubtedly the question will be raised what the author's purpose has been in expressing himself by means of citations from this particular OT book. We have tried to approach the first recipients of the Epistle in the time and world of thought which was theirs. Our interest has centered around the early Christian's familiarity with, and understanding of, the citations quoted, exegeted, and adapted by the author. Anachronistically we might say: if the

"footnotes" to the Epistle should have been lost, we have attempted to restore some of them.
