**History and Politics in French Language Comics and Graphic Novels** - Mark McKinney 2008

With Essays by Baru, Bart Beaty, Cécile Vernier Danehy, Hugo Frey, Pascal Lefèvre, Fabrice Leroy, Amanda Macdonald, Mark McKinney, Ann Miller, and Clare Tufts In Belgium, France, Switzerland, and other French-speaking countries, many well-known comics artists have focused their attention on historical and political events. In works ranging from comic books and graphic novels to newspaper strips, cartoonists have addressed such controversial topics as French and Belgian collaboration and resistance during World War II, European colonialism and U.S. imperialism, anti-Semitism in France, the integration of African immigrant groups in Europe, and the green and feminist movements. History and Politics in French-Language Comics and Graphic Novels collects new essays that address comics from a variety of viewpoints, including a piece from practicing artist Baru. The explorations range from discussion of such canonical works as Hergé's Tintin series to such contemporary expressions as Baru's Road to America (2002), about the Algerian War. Included are close readings of specific comics series and graphic novels, such as Cécile Vernier Danehy's examination of Cosey's Saigon Hanoi, about remembering the Vietnam War. Other writers use theoretical lenses as a means of critiquing a broad range of comics, such as Bart Beaty's Bourdieu-inspired reading of today's comics field, and Amanda Macdonald's analysis of bandes dessinées (French comic books) in New Caledonia during the 1990s. The anthology establishes the French-language comics tradition as one rich with representations of history and politics and is one of the first English-language collections to explore the subject.

Jean Giraud sera de ceux-là, comme Jean-Claude Mézières, François Boucq ou Christian Rossi. C'est à cette époque que Jijé, débordé de travail, confie à Jean Giraud l'encrage des planches de La Route de Coronado, fidèle en cela à son éthique et à son souci de transmettre son savoir-faire. Les quatre albums réunis dans le présent volume sont aussi les premiers scénarios de Philippe, le fils de Jijé.

**Franquin's Last Laugh** - Andre Franquin 2013-05-15

Renowned Franco-Belgian gag cartoonist Andre Franquin suffered from depression. With his late-career "Idees Noires" series of gags from the late 1970s and early 1980s, created mostly for the independent/underground comics magazine *Fluide Glacial*, Franquin harnessed his still-virtuoso graphic style to his increasingly morbid worldview. Fantagraphics is proud to present the complete "Idees Noires" collection under the title *Franquin's Last Laugh*.
