LIFE Jaws - LIFE Magazine 2020-06-19

In 1975, Steven Spielberg's *Jaws* transformed

the Hollywood landscape, sparked a cultural phenomenon and took a huge bite out of the collective psyche, with the public always wondering what lurked just beneath the surface of the water. The first true summer blockbuster was a masterpiece of the thriller genre, following the terrifying ordeal of a beach community under attack by a monstrous great white shark. This LIFE special issue celebrates the 45th anniversary of this iconic film (which earned an Oscar nomination for Best Picture) with an in-depth look at Spielberg's revolutionary filmmaking and storytelling techniques, the chaotic making of the movie and its lasting legacy, and why, 45 years later, it's still scary.

Michael Jackson: Before He Was King - Todd Gray 2009-10-21

Photographer Todd Gray worked with Michael Jackson for several years before Michael requested that he become his personal photographer, a relationship that would

encompass Michael's performances with the Jacksons through the release of his smash solo albums *Off the Wall* and *Thriller*. This collection of unseen, intimate, and joyful pictures of Michael taken over a span of 10 years reveal him at home, with his family and fans, in career-making live performances, and on the "Beat It" video shoot. A young black man not much older than Jackson at the time they met, Gray brings unique insights to his time with the singer, contributing stories and context to the images, presenting a rare, intimate portrait of Michael at a creative peak as he grew from a brilliantly talented young man into a pop icon.

Born to Run - Bruce Springsteen 2017-09-05

In 2009, Bruce Springsteen and the E Street Band performed at the Super Bowl's half-time show. The experience was so exhilarating that Bruce decided to write about it. That's how this extraordinary autobiography began. Over the past seven years, Bruce Springsteen has privately devoted himself to writing the story of

his life, bringing to these pages the same honesty, humour, and originality found in his songs. He describes growing up Catholic in Freehold, New Jersey, amid the poetry, danger, and darkness that fueled his imagination, leading up to the moment he refers to as "The Big Bang": seeing Elvis Presley's debut on *The Ed Sullivan Show*. He vividly recounts his relentless drive to become a musician, his early days as a bar band king in Asbury Park, and the rise of the E Street Band. With disarming candour, he also tells for the first time the story of the personal struggles that inspired his best work, and shows us why the song "Born to Run" reveals more than we previously realized.

Reflecting Black - Michael Eric Dyson 1993
From rap music to preaching, from Toni Morrison to Leonard Jeffries, from Michael Jackson to Michael Jordan, "Reflecting Black" explores the varied and complex dimensions of African-American culture. Through personal reflection, expository journalism, scholarly

investigation, and even a sermon, Michael Eric Dyson grapples with and celebrates the diverse cultural expressions of contemporary black intellectuals, athletes, musicians, scholars, ministers, politicians, and activists, while at the same time probing and exposing the social and political realities of black cultural production. "Reflecting Black" investigates contemporary gospel music, the films of Spike Lee and John Singleton, contemporary grass roots leadership, Malcolm X, the books about the nature of the heroism of Martin Luther King, and the controversies arising from the Central Park jogger case. Pushing beyond insular debates about "positive" and "negative" treatments of black life, Dyson's work is both appreciative and critical in its assessment of the insights and blindneses, as well as the strengths and weaknesses, of contemporary black culture. Michael Eric Dyson won the 1992 National Magazine Award for Black Journalists. His writing has appeared in many books, journals,

newspapers and magazines. This book is intended for academics in the fields of cultural studies, African-American studies and American studies.

Dispatches From the Culture Wars - Danny Goldberg 2003-06-11

At a time when the American left is foundering, Danny Goldberg stands tall. A maverick

champion of First Amendment rights, he has also been pop culture's most vocal defender against assault by anyone who uses entertainment as a scapegoat for social problems, from violence to lousy test scores. In *Dispatches from the Culture Wars*, Goldberg takes a hard look at what has happened to American cultural politics since the turbulent sixties, particularly in the area of censorship. Goldberg's vantage point is fascinating. As a journalist, publicist, manager, producer, and, ultimately, head of four different major record companies, he has nurtured some of the most significant musical artists of his time, from Bonnie Raitt and Neil Young to KISS, Madonna, Sonic Youth, and Nirvana. He has made audio recordings of such controversial intellectuals as Allen Ginsberg and Timothy Leary and has gone head-to-head with every politician from Ronald Reagan to Ralph Nader to Joseph Lieberman and John McCain. A lively, totally original, no-holds-barred commentary on the cultural state of the union from the 1960s to

the present, *Dispatches from the Culture Wars* speaks to those disenfranchised by today's tepid, cautious liberal elite.

Michael Jackson Conspiracy - Aphrodite Jones 2019-05-16

An insightful read by the New York Times Bestselling author and star of True Crime with Aphrodite Jones. Michael Jackson was the pop icon the media loved to hate. Tremendously wealthy, inarguably eccentric, and one of the most famous people in the world, Jackson was the unenviable target of constant public humiliation. The media poked fun at his skin, his features, his sexuality, and his lifestyle. Here, seasoned crime reporter Aphrodite Jones condemns the media for perpetuating hateful rumors and innuendoes, recounting just the sordid details, and reporting only the most despicable accusations and grisly charges made against Michael Jackson during his criminal trial. They had built a highly profitable industry around the superstar's "freaky life" and banked

on his conviction. And, it turns out, they got it all wrong. In their efforts to make money and win ratings, the media missed the truth. It wasn't until after the "not guilty" verdict that Jones had the insight and courage to admit her own unintentional role in the frenzy surrounding the shocking testimony, high drama, and countless celebrities in Michael Jackson's high-profile criminal trial. Bestselling author and TV host Jones makes amends with what is not only a truthful, well-documented chronicle of the entire trial but a powerful indictment against the media for conspiring to distort, dehumanize, and destroy Michael Jackson. She argues convincingly that the case against Jackson amounted to nothing more than a media-made, tax-paid scandal, and she makes an impassioned call to action for the public-at-large to think critically, question the integrity, and demand the truth in the "news".

Ethnic and Vernacular Music, 1898-1960 - Paul Vernon 1995

Detailed information on almost all ethnic and vernacular recordings from many countries on 78rpm is provided in this seminal work. The current state of discographical research in this wide and varied field is such that a research tool of this nature is badly needed. Jesse Walter Fewkes and Mary Hemenway recorded Native American music as early as 1890; Bela Bartok recorded rural music in the Balkans; Erich von Hornbostel, the grand old man of ethnomusicology in Europe, recorded in Southeast Asia. More than just a discography, this work demonstrates that cultures around the

world and over time have more similarities than differences. A necessity for scholars, students, archivists, and individual record collectors and dealers. The goals of this volume are many and varied: to promote thought and discussion toward a concise definition of recorded ethnic music; to assist specialists working on individual discographical projects; to introduce users to the interconnectedness of cultures through regional music; to gather heretofore disparate pieces of information under one cover in a way that for the first time allows specialists to accurately identify all manner of recordings in many languages. The four sections of the volume work together for easy usage through cross referencing. The philosophy behind the volume was expressed by Rodney Gallop when he remarked that music, for him, was often the key to the understanding of other cultures.

The Twentieth-Century Heritage Thematic Framework FRENCH - Susan Marsden

2021-07-31

The Twentieth-Century Historic Thematic Framework is a tool for identifying and assessing the heritage of the twentieth-century. It is a way to organize and define history in order to help identify heritage sites and place them in context. It is not a history of the twentieth century, nor is it a database of significant sites, but instead is an analysis of the century's development, emphasizing global forces, trends, and phenomena that shaped the built environment. Commissioned by the Getty Conservation Institute (GCI) working in collaboration with the ICOMOS Twentieth Century Heritage International Scientific Committee, it identifies the principal social, technological, political, and economic drivers that shaped the buildings, cities, industries and landscapes of the twentieth century globally. These have been distilled into ten succinct themes: 1. Rapid Urbanization and the Growth of Large Cities 2. Accelerated Scientific and Technological Development 3. Mechanized and Industrialized

Agriculture4.World Trade and Global Corporations5.Transportation Systems and Mass Communication6.Internationalization, New Nation-States, and Human Rights7.Conserving the Natural Environment, Buildings, and Landscapes8.Popular Culture and Tourism9.Religious, Educational, and Cultural Institutions10.War and its AftermathThe Twentieth-Century Historic Thematic Framework is offered freely for use, trial, debate, and discussion to support the conservation of significant heritage places of the twentieth century. It is a tool that can be utilized and adapted by anyone involved in heritage conservation around the world. Our hope is that it will aid many forms of research, analysis, and survey work, and ultimately help sustain and conserve the heritage of the twentieth century.

Dave Brubeck: A Life in Time - Philip Clark

2020-02-18

NOMINATED FOR THE JAZZ JOURNALISTS ASSOCIATION BOOK OF THE YEAR 2021
WINNER OF THE PRESTO JAZZ BOOK OF THE YEAR 2020 An articulate, scrupulously researched account based on first-hand information, this book presents Brubeck's contribution to music with the critical insight that it deserves - ***** BBC Music Magazine This is the writing about jazz that we've been waiting for - Mike Westbrook The sheer descriptive verve, page after page, made me want to listen to every single musical example cited. A major achievement - Stephen Hough 'Definitive . . . remarkable. Clark writes intelligently and joyously.' - Mojo In 2003, music journalist Philip Clark was granted unparalleled access to jazz legend Dave Brubeck. Over the course of ten days, he shadowed the Dave Brubeck Quartet during their extended British tour, recording an epic interview with the bandleader. Brubeck opened up as never before, disclosing his unique

approach to jazz; the heady days of his 'classic' quartet in the 1950s-60s; hanging out with Duke Ellington, Charlie Parker, Louis Armstrong, and Miles Davis; and the many controversies that had dogged his 66-year-long career. Alongside beloved figures like Ella Fitzgerald and Frank Sinatra, Brubeck's music has achieved name recognition beyond jazz. But finding a convincing fit for Brubeck's legacy, one that reconciles his mass popularity with his advanced musical technique, has proved largely elusive. In *Dave Brubeck: A Life in Time*, Clark provides us with a thoughtful, thorough, and long-overdue biography of an extraordinary man whose influence continues to inform and inspire musicians today. Structured around Clark's extended interview and intensive new research, this book tells one of the last untold stories of jazz, unearthing the secret history of 'Take Five' and many hitherto unknown aspects of Brubeck's early career - and about his creative relationship with his star saxophonist Paul

Desmond. Woven throughout are cameo appearances from a host of unlikely figures from Sting, Ray Manzarek of The Doors, and Keith Emerson, to John Cage, Leonard Bernstein, Harry Partch, and Edgard Varèse. Each chapter explores a different theme or aspect of Brubeck's life and music, illuminating the core of his artistry and genius.

The 100 Best Australian Albums - John O'Donnell 2011-08-01

Australian music has a proud, colourful and successful history. In 2008, Australian rock and roll turned 50. This book names the best Australian albums of the last 50 years. It places each album in order (from 1 to 100) and discusses why each album deserves its place. It tells the story behind the making of the album, where the album fits in the artist's career and the album's impact on the local and world stage

etc. The entries will feature new interviews with the artists and the producers/managers involved in the recording and the release of the album. It wouldn't be a good list if it didn't polarise people and we hope that this list will. We also hope that it will get people sitting around comparing their favourites and discovering or re-discovering these great albums and others. With 70 years of loving and writing about Australian music between us, we shamelessly believe we've earned the right to write this book. And we think we've got it right. Let the debate begin. o u John O'Donnell, April 2010 Finally, here is a much-needed list of argument-starting top 100 seminal/ influential/essential Australian albums of all time. Guitar Talk - Joel Harrison 2021-09-07
Secrets of master guitarists, revealed in conversation. Guitar Talk offers interviews with many of the most creative guitarists of our time.

This new book presents these conversations, between Joel Harrison and Nels Cline, Pat Metheny, Fred Frith, Bill Frisell, Julian Lage, Elliott Sharp, Michael Gregory Jackson, Ben Monder, Anthony Pirog, Henry Kaiser, Mike and Leni Stern, Vernon Reid, Mary Halvorson, Nguyê Le, Rez Abbasi, Ava Mendoza, Liberty Ellman, Brandon Ross, Wayne Krantz, Dave Fiuczynski, Wolfgang Muthspiel, Miles Okazaki, Sheryl Bailey, Rafiq Bhatia, and Ralph Towner—twenty-seven great guitarists in all. An enormous range of approaches and sounds exist in the modern guitar. The instrument can howl, scrape, scratch, scream, sing, pluck, and soothe. What stands out in this book is not so much the instrument itself, rather the wonderful and idiosyncratic personalities of these bold souls, their sometimes wild, often zigzagging, and ultimately profound journeys toward beauty, meaning, and excellence in their work. We find out that jazz icon Bill Frisell won a high school band contest playing R&B tunes, beating out

future members of Earth Wind and Fire. We learn which of Nels Cline's compositions he wishes to have played at his funeral. Michael Gregory Jackson recounts painful episodes of racism as he stretched between the chasm of avant jazz, rock, and blues in the 1980s. Many more revelations, amusements, and philosophies abound.

A Penguin Classic In Monterey, on the California coast, Sweet Thursday is what they call the day after Lousy Wednesday, which is one of those days that are just naturally bad. Returning to the scene of Cannery Row—the weedy lots and junk heaps and flophouses of Monterey, John Steinbeck once more brings to life the denizens of a netherworld of laughter and tears—from Doc, based on Steinbeck's lifelong friend Ed Ricketts, to Fauna, new headmistress of the local brothel, to Hazel, a bum whose mother must have wanted a daughter. This Penguin Classics edition features an introduction and notes by

Robert DeMott. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. All in the Downs - Shirley Collins 2018-06-26

A memoir from one of Britain's legendary singers, folklorists, and music historians. A legendary singer, folklorist, and music historian, Shirley Collins has been an integral part of the folk-music revival for more than sixty years. In her new memoir, *All in the Downs*, Collins tells the story of that lifelong relationship with English folksong—a dedication to artistic integrity that has guided her through the triumphs and tragedies of her life. All in the

Downs combines elements of memoir—from her working-class origins in wartime Hastings to the bright lights of the 1950s folk revival in London—alongside reflections on the role traditional music and the English landscape have played in shaping her vision. From formative field recordings made with Alan Lomax in the United States to the “crowning glories” recorded with her sister Dolly on the Sussex Downs, she writes of the obstacles that led to her withdrawal from the spotlight and the redemption of a new artistic flourishing that continues today with her unexpected return to recording in 2016. Through it all, Shirley Collins has been guided and supported by three vital and inseparable loves: traditional English song, the people and landscape of her native Sussex, and an unwavering sense of artistic integrity. All in the Downs pays tribute to these passions, and in doing so, illustrates a way of life as old as England, that has all but vanished from this land. Generously illustrated with rare archival

material.

Heavy Metal, Gender and Sexuality - Florian Heesch 2016-07-07

Heavy Metal, Gender and Sexuality brings together a collection of original, interdisciplinary, critical essays exploring the negotiated place of gender and sexuality in heavy metal music and its culture. Scholars debate the current state of play concerning masculinities, femininities, queerness, identity aesthetics and monstrosities in an area of music that is sometimes mistakenly treated as

exclusively sustaining a masculinist hegemony. The book combines a broad variety of perspectives on the main topic, regarding gender in connection to: the history of the genre; the range of metal subgenres; heavy metal's multidimensional scope (music, lyrics, performance, style, illustrations); men and women; sexualities and various local and global perspectives. Heavy Metal, Gender and Sexuality is a text that opens up the world of heavy metal to reveal that it is a very diverse and ground-breaking stage where gender play is at the centre of its theatricality and sustains its mass appeal.
