- Mark Jones 2017-09-07

Debates in Geography Education encourages early career teachers, experienced teachers and teacher educators to engage with and reflect on key issues, concepts and debates. It aims to enable readers to reach their own informed judgements with deeper theoretical knowledge

and understanding. The second edition is fully updated in light of the latest research, policy and practice in the field, as well as key changes to the curriculum and examination specifications. Expert contributors provide a range of perspectives on international, historical and policy contexts in order to deepen our understanding of significant debates in geography education. Key debates include: geography's identity as an academic discipline; what constitutes knowledge in geography; places and regional geography; what it means to think geographically; constructing the curriculum; how we link assessment to making progress in geography; the contribution of fieldwork and outdoor experiences; technology and the use of Geographical Information; school geography and employability; understanding the gap between school and university geography; evidence-based practice and research in

geography education. The comprehensive, rigorous coverage of these key issues, together with carefully annotated selected further reading, will help support and shape further research and writing. Debates in Geography Education is a key resource that is essential reading for all teachers and researchers who wish to extend their grasp of the place of geography in education. The Weak Body of a Useless

Woman - Anne Walthall

1998-11-15

In 1862, fifty-one-year-old Matsuo Taseko left her old life behind by traveling to Kyoto, the old imperial capital. Peasant, poet, and local political activist, Taseko

had come to Kyoto to support the nativist campaign to restore the Japanese emperor and expel Western "barbarians." Although she played a minor role in the events that led to the Meiji Restoration of 1868, her actions were nonetheless astonishing for a woman of her day. Honored as a hero even before her death, Taseko has since been adopted as a patron saint by rightist nationalists. In telling Taseko's story, Anne Walthall gives us not just the first full biography in English of a peasant woman of the Tokugawa period (1603-1868), but also fresh perspectives on the practices and intellectual concerns of rural entrepreneurs and their role in the Meiji Restoration. Writing about Taseko with a depth and complexity that has thus far been accorded only to men of that time, Walthall has uncovered a tale that will captivate anyone concerned with women's lives and with Japan's dramatic

transition to modernity.

Language and Education in Japan

- Yasuko Kanno 2008-01-17

Language and Education in Japan

offers the first critical

ethnography of bilingual

education in Japan. Based on two-

year fieldwork at five different

schools, the book examines the

role of schools in the unequal

distribution of bilingualism as

cultural capital. It argues that

bilingual children of different

socioeconomic classes are

socialized into different futures

and are given unequal access to

bilingualism through schooling.

While bilingualism is considered

desirable for children of

privilege, it is deemed a luxury

that immigrant and refugee

children cannot afford.

The Pillars of Hercules - Paul Theroux 1995

"DAZZLING." --Time

Family, Children, and Tourism in China - Mimi Li 2021-12-15

This edited volume explores various issues in family tourism studies and complements the dramatic development of this market segment in China. The book concentrates on family and children tourism, and through its chapters, hopes to enrich the landscape of family tourism in academia. The family market in tourism has received increasing attention over past decades. Yet academic endeavors in this area remain somewhat lacking in depth and scope. In addition to imbalanced contributions from authors of diverse backgrounds, the extant literature suffers from insufficient inclusion of children. Relevant studies are largely limited to conventional tourism destinations such as beaches and cultural attractions. In response to growing academic interest in family tourism, this book is a compilation of eight chapters that attempt to push the scope and

boundaries of existing research on family tourism. The chapters in this book were originally published as a special issue of the Journal of China Tourism Research.

Tales of Moonlight and Rain -
Akinari Ueda 2007

Tales of Moonlight and Rain alludes to the belief that mysterious beings appear on

cloudy, rainy nights and in mornings with the lingering moon. In "Shiramine," the vengeful ghost of the former emperor Sutoku reassumes the role of king; in "The Chrysanthemum Vow," a faithful revenant fulfills a promise; "The Kibitsu Cauldron" tells a tale of spirit possession; and in "The Carp of My Dreams," a man straddles the boundaries between the waking world and dream.

Akinari's masterful combination of phrases from Japanese classics with creatures from Chinese and Japanese fiction and lore lend the collection its eerie beauty. This translation skillfully maintains the allure and complexity of Akinari's original prose.

A Stolen Life - Jaycee Dugard
2011-07-12

In the summer of 1991 I was a normal kid. I did normal things. I had friends and a mother who loved me. I was just like you. Until the day my life was stolen. For eighteen years I was a prisoner. I was an object for someone to use and abuse. For eighteen years I was not allowed to speak my own name. I became a mother and was forced to be a sister. For eighteen years I survived an impossible situation. On August 26, 2009, I took my name back. My name is Jaycee Lee Dugard. I don't think of myself as a victim. I survived. *A Stolen Life* is my story—in my own words, in my own way, exactly as I remember it. --- The pine cone is a symbol that represents the seed of a new

beginning for me. To help facilitate new beginnings, with the support of animal-assisted therapy, the J A Y C Foundation provides support and services for the timely treatment of families recovering from abduction and the aftermath of traumatic experiences—families like my own who need to learn how to heal. In addition, the J A Y C Foundation hopes to facilitate awareness in schools about the important need to care for one another. Our motto is "Just Ask Yourself to . . . Care!" A portion of my proceeds from this memoir will be donated to The J A Y C Foundation Inc.

The Ladder of Jacob - James L. Kugel 2006

Rife with incest, adultery, rape, and murder, the biblical story of Jacob and his children must have troubled ancient readers. By any standard, this was a family with problems. Jacob's oldest son Reuben is said to have slept with

his father's concubine Bilhah. The next two sons, Simeon and Levi, tricked the men of a nearby city into undergoing circumcision, and then murdered all of them as revenge for the rape of their sister. Judah, the fourth son, had sexual relations with his own daughter-in-law. Meanwhile, jealous of their younger sibling Joseph, the brothers conspired to kill him; they later relented and merely sold him into slavery. These stories presented a particular challenge for ancient biblical interpreters. After all, Jacob's sons were the founders of the nation of Israel and ought to have been models of virtue. In *The Ladder of Jacob*, renowned biblical scholar James Kugel retraces the steps of ancient biblical interpreters as they struggled with such problems. Kugel reveals how they often fixated on a little detail in the Bible's wording to "deduce" something not openly stated in the narrative. They

concluded that Simeon and Levi were justified in killing all the men in a town to avenge the rape of their sister, and that Judah, who slept with his daughter-in-law, was the unfortunate victim of alcoholism. These are among the earliest examples of ancient biblical interpretation (midrash). They are found in retellings of biblical stories that appeared in the closing centuries BCE--in the Book of Jubilees, the Aramaic Levi Document, the Testaments of the Twelve Patriarchs, and other noncanonical works. Through careful analysis of these retellings, Kugel is able to reconstruct how ancient interpreters worked. *The Ladder of Jacob* is an artful, compelling account of the very beginnings of biblical interpretation.
