Terra Australis - Matthew Flinders
2001

First published in two-volumes in 1814, this is the enthralling account of the circumnavigation of Australia, by the man who gave our country its name. Edited and introduced by Tim Flannery, Terra Australis is a vital step toward a new understanding of our own history. Flinders tells of meeting and communicating with Aborigines, of the scrub and wilderness. His descriptions of the difficulties that he and his sailors faced still bristle with energy and immediacy two hundred years later. This is Flinders' story in his own words, neglected until now, but destined to be eagerly read by all.

The Sickness Called Man - Ferdinando Camon 1996

Ostensibly a satirical look at psychoanalysis and its practitioners, this novel is also a serious social

critique of modern man. From his depictions of pompous therapists to his analysis of the intersection of church and state, Camon's wit and wisdom shine in this remarkable novel.

Arlo The Lion Who Couldn't Sleep - Catherine Rayner 2020-08-20

Arlo The Lion Who Couldn't Sleep is a beautifully illustrated story with a gentle mindfulness message from award-winning author-illustrator Catherine Rayner. Shortlisted for the Kate Greenaway Medal, it's an ideal bedtime book, and especially helpful for little ones who have trouble going to sleep. Arlo the lion is exhausted. He just can't drop off, no matter what he tries. It's either too hot, or too cold; too loud or too quiet. But then he meets Owl. She can sleep through the day, which isn't easy when most other animals are awake! Will Arlo ever get any rest? Perhaps his new friend has some special tricks she can teach him.

Notes of a Tour in America - Stephen Davis 2007

opportunities to preach; many observations on local religious observance, with detailed statistics; also significant discussion of slavery.

The Simple Past - Driss Chraïbi
2020-01-07

The Simple Past came out in 1954, and both in France and its author's native Morocco the book caused an explosion of fury. The protagonist, who shares the author's name, Driss, comes from a Moroccan family of means, his father a self-made tea merchant, the most devout of Muslims, quick to be provoked and ready to lash out verbally or physically, continually bent on subduing his timid wife and many children to his iron and ever-righteous will. He is known, simply, as the Lord, and Driss, who is in high school, is in full revolt against both him and the French colonial authorities, for whom, as much as for his father, he is no one. Driss Chraïbi's classic coming-of-age story is about colonialism, Islam, the subjection of women, and finding, as his novel does, a voice that is as cutting and coruscating as it is original and free.

Strategies of Slaves & Women - Marcia Wright 1993

The author uses biographical accounts to reconstruct the lives of enslaved women.

Slavery - Charlotte Plimmer 1973

The Reconnection - Eric Pearl 2011-04
Why are prominent doctors and medical

researchers all over the world interested in the extraordinary healings reported by the patients of Dr. Eric Pearl? What does it mean when these patients report the sudden disappearance of afflictions such as cancers, AIDS-related diseases, and cerebral palsy? And what does it mean when people who interact with Dr. Pearl report a sudden ability to access this healing energy not just for themselves, but for others, too? What is this phenomenon? Well, you might have to reconsider everything you've read up until now about conventional healing. The 'new' frequencies of healing described by Dr. Pearl transcend 'technique' entirely and bring you to levels beyond those previously accessible to anyone, anywhere. This book takes you on Dr. Pearl's journey from the discovery of his ability to facilitate healings, to his well-deserved reputation as the instrument through which this process is being introduced to the world. But most important, The Reconnection reveals methods you can use to personally master these new healing energies. *Madame Chocolate's Book of Divine Indulgences* - Elaine Sherman 1984

The Triumph of the Baroque - Reale Palazzina di caccia di Stupinigi 1999

"The baroque style of architecture rose up from the Mannerism of the turn of the seventeenth century, and evolved into the lighter rococo around 1750. At its height, the baroque encompassed all the arts, and the style was freighted with the message of the Counter-Reformation." "This catalogue explores every facet of baroque architecture in Europe. An international team of scholars examines such subjects as the political and religious use of architecture, the birth of the baroque in Rome, landscape, fantasies, and the education of the

architect. The second part of the book, a catalogue of works exhibited, illustrates the types of baroque construction: villas and chateaux, military architecture, royal palaces, and gardens."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Prince Among Slaves - Terry Alford 1986

Overview: In this remarkable work, Terry Alford tells the story of Abd al Rahman Ibrahima, a Muslim slave who, in 1807, was recognized by an Irish ship's surgeon as the son of an African king who had saved his life many years earlier. "The Prince," as he had become known to local Natchez, Mississippi residents, had been

captured in war when he was 26 years old, sold to slave traders, and shipped to America. Slave though he was, Ibrahima was an educated, aristocratic man, and he was made overseer of the large cotton and tobacco plantation of his master, who refused to sell him to the doctor for any price. After years of petitioning by Dr. Cox and others, Ibrahima finally gained freedom in 1828 through the intercession of U.S. Secretary of State Henry Clay. Sixty-six years old, Ibrahima sailed for Africa the following year, with his wife, and died there of fever just five months after his arrival. The year 2007 marks the thirtieth anniversary of the publication of *Prince Among Slaves*, the only full account of Ibrahima's life, pieced together from first-person accounts and historical documents gathered on three continents. It is not only a remarkable story, but also the story of a remarkable man, who endured the humiliation of slavery without ever losing his dignity or his hope for freedom. This thirtieth anniversary edition, which will be released to coincide with a major documentary being aired on Ibrahima's life, has been updated to include material discovered since the original printing, a fuller presentation and appreciation of other African Muslims in American slavery-Ibrahima's contemporaries-and a review of new and important literature and developments in the field. This is the true story of an African prince sold into slavery in the American South.

The Margin - André Pieyre de Mandiargues 1969

Montessori Madness - Trevor Eissler 2009

"We know we need to improve our traditional school system, both public and private. But how? More

homework? Better-qualified teachers? Longer school days or school years? More testing? More funding? No, no, no, no, and no. Montessori Madness! explains why the incremental steps politicians and administrators continue to propose are incremental steps politicians and administrators continue to propose are incremental steps in the wrong direction. The entire system must be turned on its head. This book ask parents to take a look--one thirty-minute observation--at a Montessori school. Your picture of what educations should look like will never be the same"--Back cover.

Celebrity Politics - Darrell M. West 2003

Indicators of Environmental Quality - William A. Thomas 2013-03-09

Researchers and agencies collect reams of objective data and authors publish volumes of subjective prose in attempts to explain what is meant by environmental quality. Still, we have no universally recognized methods for combining our quantitative measures with our qualitative concepts of environment. Not all of our environmental goals should be reduced to mere numbers, but many of them can be; and without these quantitative terms, we have no way of defining our present position nor of selecting positions we wish to attain on any logically established scale of environmental values. Stated simply, in our zeal to measure our environment we often forget that masses of numbers describing a system are insufficient to understand it or to be used in selecting goals and priorities for expending our economic and human resources. Attempts at quantitatively describing environmental quality, rather than merely measuring different environmental variables, are relatively recent. This condensing of data into the optimum number of terms with maximum information content is a truly interdisciplinary challenge. When Oak Ridge National Laboratory initiated its Environmental Program

in early 1970 under a grant from the National Science Foundation, the usefulness of environmental indicators in assessing the effects of technology was included as one of the initial areas for investigation. James L. Liverman, through his encouragement and firm belief that these indicators are indispensable if we are to resolve our complex environmental problems, deserves much of the credit for the publication of this book.

Travels with a Donkey in the Cévennes - Robert Louis Stevenson 1879

"We are all travellers in what John Bunyan calls the wilderness of this world-all, too, travellers with a donkey: and the best that we find in our travels is an honest friend. He is a fortunate voyager who finds many." -Robert Louis Stevenson, *Travels with a Donkey in the Cévennes* (1879) *Travels with a Donkey in the Cévennes* (1879) is a classic of travel literature by Robert Louis Stevenson about his 12-day, 120-mile walking tour in the French Cévennes mountain range, accompanied by his donkey, Modestine. This book is one of the first to present hiking and camping as recreational activities, and is as influential as Stevenson's fiction.

Talk about Cinema - Jean-Baptiste Thoret 2012

From classicism to comedy, Kubrick to the Coen Brothers, this practical and instructive guide offers a straightforward approach to film in an accessible format: a perfect read for novices and experts alike. A fresh, engaging, and beautifully illustrated volume, *Talk About Cinema* is the ideal companion for those looking to gain a deeper understanding of cinema today. The main genres of contemporary cinema are clearly defined and exemplified, and chapters on major dates, turning points, and "firsts" since the turn of the twentieth century allow the reader to contextualize different cinematic movements. From Postmodernism and Expressionism to Teen Movies, Westerns, and Science Fiction, all the major trends and styles of recent times are explored and provide a detailed picture of the contemporary cinematic landscape. The portraits of thirty eminent contemporary filmmakers offer valuable insight into the creative and stylistic processes of some of the greatest names in world cinema, while a chapter on twenty seminal works from the last century details those films that have proved inspirational in shaping cinema as we know it today, such as *The Twilight Zone*, *Scarface*, and *Night of the Living Dead*. Hundreds of screenshots and original photographs of legendary actors and directors on set and on screen provide snapshots of their glamorous world, and an easy-to-use glossary ensures that the reader is never overwhelmed by jargon. If you want to understand and discuss film-related topics, *Talk About Cinema* effortlessly synthesizes a wealth of pertinent facts and ideas into a fun, didactic, and readable volume.
Zionism, the German Empire, and

Africa - Axel Stähler 2018-11-05
Zionism, the German Empire, and Africa explores the impact on the self-perception and culture of early Zionism of contemporary constructions of racial difference and of the experience of colonialism in imperial Germany. More specifically, interrogating in a comparative analysis material ranging from mainstream satirical magazines and cartoons to literary, aesthetic, and journalistic texts, advertisements, postcards and photographs, monuments and campaign medals, ethnographic exhibitions and publications, popular entertainment, political speeches, and parliamentary reports, the book situates the short-lived but influential Zionist satirical magazine Schlemiel (1903–07) in an extensive network of nodal clusters of varying and shifting significance and with differently developed strains of cohesion or juncture that roughly encompasses the three decades from 1890 to 1920.
