The Widow Waltz - Sally Koslow 2013-06-13

"This heartfelt, witty addition to women's fiction will appeal to fans of Elizabeth Berg and Anna Quindlen." (Booklist) Georgia Waltz has things many people only dream of: a plush Manhattan apartment overlooking Central Park, a Hamptons beach house, valuable jewels and art, two bright

daughters, and a husband she adores, even after decades of marriage. It's only when Ben suddenly drops dead from a massive coronary while training for the New York City Marathon that Georgia discovers her husband—a successful lawyer—has left them nearly penniless. Their wonderland was built on lies. As the family attorney scours emptied bank accounts, Georgia must not only look for a way to support her family, she needs to face the revelation that Ben was not the perfect husband he appeared to be, just as her daughters—now ensconced back at home with secrets of their own—have to accept that they may not be returning to their lives in Paris and at Stanford subsidized by the Bank of Mom and Dad. As she uncovers hidden resilience, Georgia's sudden midlife shift forces her to consider who she is and what she truly values. That Georgia may also find new love in the land of Spanx and stretch marks surprises everyone—most of all, her. Sally Koslow's fourth novel is deftly told through the alternating viewpoints of her remarkable female protagonists as they plumb for the

grit required to reinvent their lives. Inspiring, funny, and deeply satisfying, *The Widow Waltz* explores in a profound way the bonds between mothers and daughters, belligerent siblings, skittish lovers, and bitter rivals as they discover the power of forgiveness, and healing, all while asking, "What is family, really?"
Castle on the Rise - Kristy Cambron
2019-02-05

Spanning more than two centuries in Ireland, *Castle on the Rise* unites the legacy of three women who must risk mending their broken places for life, love, and the belief that even through the depths of our pain, a masterpiece of a story can emerge. When Laine Forrester travels overseas to attend her best friend's vineyard wedding, she expects to find the bride on the brink of a fairy-tale life. But after a series of unforeseen setbacks, it seems the storybook lives they'd imagined are suddenly ripping apart. With hopes of resurrecting a happy ending, Laine agrees to accompany the newlyweds to the groom's home in Ireland—never expecting she'd be the one drawn in by its wide-open moors, backroads bordering the Irish Sea, and a mysterious castle that dares to keep its secrets hidden. From the storied streets of Dublin to the shores of the Emerald Isle, Laine is drawn in to the land and its rich history. The castle ruins whisper stories of Issy—a photojournalist battling through the 1916 Easter Rising, and Maeve—the castle's lady of legend, fighting for survival through the 1798 rebellion that started it all.

It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of

Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

Psychosocial Perspectives on Aids - Lydia Temoshok 2016-01-31

AIDS and the virus that causes it have challenged the world's scientists, health care systems, and public health policies as much or more than any medical problem in recorded history. Perhaps this is so because this particular infirmity constitutes more than a merely medical problem: it is enmeshed in psychological, social, cultural, political, and economic contexts. This book examines the need for pragmatic and research-based suggestions on how to address some important problems related to these contexts. Although much basic research in virology and immunology can be accomplished within the biomedical domain, biobehavioral disciplines such as behavioral medicine offer more opportunities for the comprehensive approach necessary to confront the AIDS/HIV problem. The editors of this groundbreaking volume suggest that the very nature of this constantly evolving problem encourages an approach to research and intervention/prevention efforts that emphasizes flexibility of response to changing knowledge, patterns of the pandemic, new treatments, and shifts in public opinion and behavior. A major triumph in dealing with this phenomenon would include a bridging of the gap between research and applied efforts, which has been the largest obstacle for progress to date. In this book, such previously uncharted territory is explored, opening a host of new

possibilities for dealing with the very real threat of AIDS.

I thought it was time that someone addressed your big head and told you straight to your face that you're not all that. Just because you have an Ivy league education doesn't mean you're the smartest man in the world. In fact, I'm not even sure if you would have gotten in if you didn't have rich parents. Yes, I went there. Every woman doesn't want to sleep with you and I'm sure you're not even good in bed. And I'm someone that would know. From, Your Secret Not Admirer

The Highlander's Surrender - Eliza Knight 2019-09-10

Eliza Knight's bestselling Scottish historical romance series, The Stolen Bride Series, is back with another amazing tale of adventure, passion and love! Ceana Montgomery had notions of marrying for love after her first disastrous marriage ended in widowhood. But now Robert the Bruce has ordered her to marry a stranger, securing a strong alliance and ending a decades-old feud. Already used as a pawn once in marriage, she is devastated that she will once more have to give up her happiness in order to please the edicts of men. And while the braw warrior standing before her might incite feelings inside her she thought long since buried, desire is a far cry from love. The rivalry between Brochan Lamont and his twin brother, John, began in the womb, and only grew worse from there. They were pitted against each other in childhood, and their father left them with a legacy that was a race to the finish-whoever has an heir first inherits the lands. The only problem

is that Brochan has given his loyalty to the Scots, and his brother to the English. In order to keep the lands and ships under Scottish control, Robert the Bruce demands Brochan marry to break the iron-clad will. His new bride harbors a fiery temperament that lures Brochan into stoking her passions instead of her ire. Aligned to strengthen the Scottish claims on the realm, Brochan and Ceana must work together to overcome the obstacles that bind them. But perhaps seeing their duties through does not have to be as painful as they both predicted. Is it possible that love can be forged from a union born in alliance? Maybe Fate knew all along just who was meant for who...

It is especially valuable for graduate programs and DNP programs as it provides a foundation for contemporary leadership and emphasizes the characteristics necessary to lead complex organizations. The Fourth Edition features an additional chapter on the complexity of leadership in health care reform in an effort to incorporate the newest requirements of the Patient Protection Affordable Care Act in a manner that is relevant to leadership development and capacity. Case studies found within each chapter help reinforce translational work while new application exercises found in the "The Quantum Workbook" are an excellent supplement for learning. Additional updates to the text include: chapter podcasts, additional translational and learning material related to chapter case studies. Lastly, all references have been revised and updated to reflect the most current evidence around learning leadership.

Rethinking Civilizational Analysis -
Said Arjomand 2004-05-19

'At last, a volume on civilization
that truly reflects the complexity of
multiple civilizations. The wealth of
contributions Arjomand and Tiryakian
have assembled demonstrates the value
of an old concept for understanding

the awful dilemmas confronting human
kind in the global age. Its
thoroughgoing renewal here
establishes this book as the
essential benchmark for future
scholars of civilization' - Martin
Albrow, Founding Editor of
International Sociology and author of
The Global Age - winner of the
European Amalfi Prize, 1997 'In our
tension filled world, many are
heralding, and others fearing,
a "clash of civilizations." The
contributors to this volume provides
a healthy and persuasive argument
about why this clash need not, and
certainly should not, take place.
They do so, moreover, not by
rejecting the concept of
civilization, but by developing a
less primordial, homogenous, and
essentialist concept of it. An
important collection that provides
illumination in this sometimes
frighteningly dark time' - Jeffrey
Alexander, Professor and Chair of
Sociology at Yale University 'The
concept of civilization may well
replace the notions of globalization
and identity as the core component in
the vocabulary of 21st century
sociology. The authors contribute a
great deal to the clarification of
fashionable controversies around the
"clash of civilizations" and
"multiculturalism". They go a long
way toward purging the concept of
civilization of its ideological
overtones, and they succeed admirably
in turning it into powerful analytic
tool of an emerging field of
macrosociology, known already as
civilizational analysis' - Piotr
Sztompka, President, International
Sociological Association Although the
concept of 'civilization' has deep
roots in the social sciences, there
is an urgent need to re-think it for
contemporary times. This book points
to an exhaustion in using 'the nation
state' and 'world system' as the

basic macro-units of social analysis because they do not get to grips with the 'soft power' variable of cultural factors involved in global aspects of development. Also, globalization requires us to reconsider the link between civilization and a fixed or given territory. This book focuses upon the dynamic aspect of civilizations. Among the topics covered are: · Civilizational analysis and social theory · Global civilization and local cultures · Civilizational forms · Rationalization and Civilization · Civilizations as zones of prestige · Historical and comparative dimensions of civilization · The clash of civilizations.
