Unceasing Militant - Alison M. Parker
2020-10-29

Born into slavery during the Civil War, Mary Church Terrell (1863-1954) would become one of the most prominent activists of her time, with a career bridging the late nineteenth century to the civil rights movement

of the 1950s. The first president of the National Association of Colored Women and a founding member of the NAACP, Terrell collaborated closely with the likes of Frederick Douglass, Ida B. Wells, and W. E. B. Du Bois. *Unceasing Militant* is the first full-length biography of Terrell, bringing

her vibrant voice and personality to life. Though most accounts of Terrell focus almost exclusively on her public activism, Alison M. Parker also looks at the often turbulent, unexplored moments in her life to provide a more complete account of a woman dedicated to changing the culture and institutions that perpetuated inequality throughout the United States. Drawing on newly discovered letters and diaries, Parker weaves together the joys and struggles of Terrell's personal, private life with the challenges and achievements of her public, political career, producing a stunning portrait of an often-under recognized political leader.

[Black Soundscapes White Stages](#) -
Edwin C. Hill Jr. 2013-10

An innovative look at the dynamic role of sound in the culture of the African Diaspora as found in poetry, film, travel narratives, and popular music. *Black Soundscapes White Stages* explores the role of sound in understanding the African Diaspora on both sides of the Atlantic, from the City of Light to the islands of the French Antilles. From the writings of European travelers in the seventeenth century to short-wave radio

transmissions in the early twentieth century, Edwin C. Hill Jr. uses music, folk song, film, and poetry to listen for the tragic *cri nègre*. Building a conceptualization of black Atlantic sound inspired by Frantz Fanon's pioneering work on colonial speech and desire, Hill contends that sound constitutes a terrain of contestation, both violent and pleasurable, where colonial and anti-colonial ideas about race and gender are critically imagined, inscribed, explored, and resisted. In the process, this book explores the dreams and realizations of black diasporic mobility and separation as represented by some of its most powerful soundtexts and cultural practitioners, and it poses questions about their legacies for us today. In the process, the dreams and realities of Black Atlantic mobility and separation as represented by some of its most powerful soundtexts and cultural practitioners, such as the

poetry of Léon-Gontran Damas—a founder of the Négritude movement—and Josephine Baker's performance in the 1935 film *Princesse Tam Tam*. As the first in Johns Hopkins's new series on the African Diaspora, this book offers new insight into the legacies of these exceptional artists and their global influence.

Harlem Renaissance Lives from the African American National Biography –

Henry Louis Gates (Jr.) 2009

The Harlem Renaissance is the best known and most widely studied cultural movement in African American history. Now, in *Harlem Renaissance Lives*, esteemed scholars Henry Louis Gates Jr. and Evelyn Brooks Higginbotham have selected 300 key biographical entries culled from the eight-volume *African American National Biography*, providing an authoritative who's who of this seminal period. Here readers will find engagingly written and authoritative articles on notable

African Americans who made significant contributions to literature, drama, music, visual art, or dance, including such central figures as poet Langston Hughes, novelist Zora Neale Hurston, aviator Bessie Coleman, blues singer Ma Rainey, artist Romare Bearden, dancer Josephine Baker, jazzman Louis Armstrong, and the intellectual giant W. E. B. Du Bois. Also included are biographies of people like the Scottsboro Boys, who were not active within the movement but who nonetheless profoundly affected the artistic and political statements that came from Harlem Renaissance figures. The volume will also feature a preface by the editors, an introductory essay by historian Cary D. Wintz, and 75 illustrations.

Alternately irreverent, racy, and painfully honest, they were unique: risk-takers in dangerous times, sophisticated salonieres in an age of bourgeois provincialism, and experimenters who briefly managed to transcend race by immersing themselves in it." --From the Introduction The Harlem Renaissance was an electrifying period during which huge numbers of African Americans threw off the shackles of discrimination, exploitation, and poverty in the South and moved north. painters, and dancers engaged in bursts of furious creativity. From Josephine Baker, taking Paris by storm with her sensual performances and ravishing costumes, to Duke Ellington, revolutionizing the way people thought about rhythm and melody, these artists were the preeminent stylemakers of the era. *The Power of Pride* is a visually spirited and intimate book full of photographs, letters, playbills, and drawings that capture the gaiety and excitement of the time. Moving from the brownstones of Striver's Row in Harlem to the Negro Appreciation salons in Paris, the book focuses on seventeen Renaissance figures who exemplify the themes of race, fortitude, talent, and style, and whose strength of will and ability created a model for all those with dreams and aspirations emerging in the African-American community. The work of each shared a common thread, their intent, as writer Ralph Ellison

has articulated it, "to arouse the troubling suspicion that whatever else the true American is, he is also somehow black." With a foreword by Juan Williams--author of *Eyes on the Prize* and Thurgood Marshall: American Revolutionary-- and stunning photographs throughout, *The Power of Pride* serves as a vivid testament to the artistic and social contributions of the Harlem Renaissance to the history of America.

Finding Monte Cristo - Eric Martone
2018-08-15

During his lifetime, Alexandre Dumas (1802-1870)--grandson of a Caribbean slave and author of *The Three Musketeers* and *The Count of Monte Cristo*--faced racial prejudice in his homeland of France and constantly strove to find a sense of belonging. For him, "Monte Cristo" was a symbol of this elusive quest. It proved equally elusive for those struggling to overcome slavery and its legacy in the former French colonies. Exiled to

the margins of society, 19th and 20th century black intellectuals from the Caribbean and Africa drew on Dumas' work and celebrity to renegotiate their full acceptance as French citizens. Their efforts were influenced by earlier struggles of African Americans in the decades after the Civil War, who celebrated Dumas as a black American hero.

Black Women of the Harlem Renaissance

Era - Lean'tin L. Bracks 2014-10-16

The Harlem Renaissance is considered one of the most significant periods of creative and intellectual expression for African Americans. Beginning as early as 1914 and lasting into the 1940s, this era saw individuals reject the stereotypes of African Americans and confront the racist, social, political, and

economic ideas that denied them citizenship and access to the American Dream. While the majority of recognized literary and artistic contributors to this period were black males, African American women were also key contributors. Black Women of the Harlem Renaissance Era profiles the most important figures of this cultural and intellectual movement. Highlighting the accomplishments of black women who sought to create positive change after the end of WWI, this reference work includes representatives not only from the literary scene but also: Activists Actresses Artists Educators Entrepreneurs Musicians Political leaders Scholars By acknowledging the women who played vital-if not always recognized-roles in this movement, this book shows how their participation helped set the stage for the continued transformation of the black community well into the 1960s. To fully realize

the breadth of these contributions, editors Lean'tin L. Bracks and Jessie Carney Smith have assembled profiles written by a number of accomplished academics and historians from across the country. As such, *Black Women of the Harlem Renaissance Era* will be of interest to scholars of women's studies, African American studies, and cultural history, as well as students and anyone wishing to learn more about the women of this important era.

Harlem Renaissance and Beyond -

Lorraine Elena Roses 1990

In this ground-breaking collection of literary biographies, many with pictures, authors Lorraine Elena Roses and Ruth Elizabeth Randolph chronicle the lives and works of 100 black women novelists, short-story writers, playwrights, poets, essayists, critics, historians, journalists, and editors writing in the United States between 1900 and 1945. Here are insightful portraits

of famous black women, among them Zora Neale Hurston, Katherine Dunham, Angelina Weld Grimké;, Mary Eliza Church Terrell, and Ida Bell Wells-Barnett. Here, too, are many thoughtful profiles of neglected writers--their works deserving to be rescued from obscurity. Drawing on extensive archival research and interviews with the writers and their families, *The Harlem Renaissance and Beyond* traces its subjects' contributions to literature, their concerns about race and gender, their common themes, their relationships with artistic contemporaries, and the influence of these early writers on their modern-day counterparts in American literature.

Heroine of the Harlem Renaissance and Beyond - Belinda Wheeler 2018-05-17

Poet, columnist, artist, and fiction writer Gwendolyn Bennett is considered by many to have been one of the youngest leaders of the Harlem Renaissance and a strong advocate for racial pride and the rights of African American women. *Heroine of the Harlem Renaissance and Beyond* presents key selections of her published and unpublished writings and artwork in one volume. From poems, short stories, and reviews to letters, journal entries, and art, this collection showcases Bennett's diverse and insightful body of work and rightfully places her alongside her contemporaries in the Harlem Renaissance—figures such as Zora Neale Hurston, Langston Hughes, and Countee Cullen. It includes selections from her monthly column

"The Ebony Flute," published in *Opportunity*, the magazine of the National Urban League, as well as newly uncovered post-1928 work that proves definitively that Bennett continued writing throughout the following two decades. Bennett's correspondence with canonical figures from the period, her influence on Harlem arts institutions, and her political writings, reviews, and articles show her deep connection to and lasting influence on the movement that shaped her early career. An indispensable introduction to one of the era's most prolific and passionate minds, this reevaluation of Bennett's life and work deepens our understanding of the Harlem Renaissance and enriches the world of American letters. It will be of special value to scholars and readers interested in African American literature and art and American history and cultural studies.

The "New Negro" in the Old World -

Lena Ahlin 2006

"This book investigates the relationship between the "New Negro" moment of the early twentieth-century America and the Old World of Europe, as represented in James Weldon Johnson's *The Autobiography of an Ex-Colored Man* (1912), Jessie Fauset's *There Is Confusion* (1924), and Nella Larsen's *Quicksand* (1928). The episodes set in Europe form a lens through which the role of the African American in Western civilization can be studied. The African-American artist/protagonists are seen as cultural intermediaries, who bridge Euro-American and African-American culture, national and folk culture, high and low culture. This study suggests that in the novels of Johnson, Fauset, and Larsen, the trope of performance (based on double consciousness) is used to critique the notions of race and culture, whereby conceptions of racial essentialism and cultural

authenticity are questioned. The novels themselves are also considered as performative acts that helped form the concept of a "New Negro" in the 1920s."--BOOK JACKET.

This collection brings together these essays for the first time.

Documents of the Harlem Renaissance - Thomas J. Davis 2021-01-13
This book explores the transformative

energy and excitement that African Americans expressed in aesthetic and civic currents that percolated the opening of the 20th century and proved a force in the modernization of America. This engaging reference text represents the voices of the era in poetry and prose, in full or excerpted from anecdotes, editorials, essays, manifestoes, orations, and reminiscences, with appearances by major figures and often overlooked contributors to the Harlem Renaissance. Organized topically and, within topics, chronologically, the volume reaches beyond the typical representation of the spirit and substance of the movement, examinations of which are typically confined to the New York City community and from U.S. entry into World War I in 1917 to the depths of the Great Depression in 1935. It carries readers from the opening of the Harlem Renaissance, which began at the top of the 20th century, to

its heights in the 1920s and '30s and through to its artistic and literary echoes in the shadows of World War II (1939-1945). The Harlem Group of Negro Writers -
Melvin B. Tolson 2001

Melvin B. Tolson (1898-1966) was both a participant in and historian of the Harlem Renaissance, probably the most significant movement in African American literature and culture.

Known mostly for his poetry, and an unduly neglected figure in American literary history, Tolson was one of the first African American critics of the Harlem Renaissance. This book is an edition of his 1940 MA thesis, the first academic study of the Harlem Renaissance written by an African American scholar. Tolson's thesis, previously unpublished in its entirety, provides a unique look at this important era and draws heavily on his familiarity with some of the most important writers of the movement. Included are discussions of such major figures as Langston Hughes, Claude McKay, and W.E.B. Du Bois, along with chapters on lesser-

known authors such as George Schuyler, Eric Walrond, and Jessie Fauset, who are now being rediscovered. An introductory essay surveys the history of Harlem Renaissance criticism and Tolson's place in it and evaluates his methodology and use of sources. The introduction additionally presents a brief biography and details the creation of his thesis. The text of Tolson's thesis appears in its entirety, along with his notes and those of the volume editor. The book closes with a bibliography of works on Tolson and a large but selective bibliography on the Harlem Renaissance in general.

Black Writers Interpret the Harlem

Renaissance - Cary D. Wintz
2020-11-26

First Published in 1996. One of the most interesting features of the Harlem Renaissance was the degree to which black writers and poets were involved in promoting and analyzing their own literary movement. One of its formative events was the 1926 attempt by Wallace Thurman, Langston Hughes and other young writers to publish a literary magazine, FIRE!!

This was the first of several efforts by black writers to establish literary journals. While these efforts failed, the magazine Opportunity employed a series of black poets as columnists to analyze and review black literary efforts. This volume collects the writings of this important literary journal as well as including many autobiographical and historical sketches.

Langston's Salvation - Wallace D.

Best 2019-02-01

Winner of the 2018 Award for Excellence in the Study of Religion in Textual Studies, presented by the American Academy of Religion A new perspective on the role of religion in the work of Langston Hughes Langston's Salvation offers a fascinating exploration into the religious thought of Langston Hughes. Known for his poetry, plays, and social activism, the importance of

religion in Hughes' work has historically been ignored or dismissed. This book puts this aspect of Hughes work front and center, placing it into the wider context of twentieth-century American and African American religious cultures. Best brings to life the religious orientation of Hughes work, illuminating how this powerful figure helped to expand the definition of African American religion during this time. Best argues that contrary to popular perception, Hughes was neither an avowed atheist nor unconcerned with religious matters. He demonstrates that Hughes' religious writing helps to situate him and other black writers as important participants in a broader national discussion about race and religion in America. Through a rigorous analysis that includes attention to Hughes's unpublished religious poems, Langston's *Salvation* reveals new insights into Hughes's

body of work, and demonstrates that while Hughes is seen as one of the most important voices of the Harlem Renaissance, his writing also needs to be understood within the context of twentieth-century American religious liberalism and of the larger modernist movement. Combining historical and literary analyses with biographical explorations of Langston Hughes as a writer and individual, Langston's *Salvation* opens a space to read Langston Hughes' writing religiously, in order to fully understand the writer and the world he inhabited.

Claude McKay, Rebel Sojourner in the Harlem Renaissance - Wayne F. Cooper

1996-02-01

“Cooper paints a meticulous and absorbing portrait of McKay’s restless artistic, intellectual, and political odyssey... The definitive biography on McKay.”—Choice Although recognized today as one of the genuine pioneers of black literature in this century—the author of “If We Must Die,” Home to Harlem, Banana Bottom, and A Long Way from Home, among other works—Claude McKay (1890–1948) died penniless and almost forgotten in a Chicago hospital. In this masterly study, Wayne Cooper presents a fascinating, detailed account of McKay’s complex, chaotic, and frequently contradictory life. In his poetry and fiction, as well as in his political and social commentaries, McKay searched for a solid foundation for a valid black identity among the working-class cultures of the West Indies and the United States. He was an undeniably important predecessor to such younger

writers of the Harlem Renaissance as Langston Hughes and Countee Cullen, and also to influential West Indian and African writers such as C. L. R. James and Aimé Césaire. Knowledge of his life adds important dimensions to our understanding of American radicalism, the expatriates of the 1920s, and American literature. “Mr. Cooper’s most original contribution is his careful and perceptive analysis of McKay’s nonfiction writing, especially his social and political commentary, which often contained ‘prophetic statements’ on a range of important social, political, and historical issues.”—New York Times Book Review
