The Lost Soul - Olga Tokarczuk 2021-07-20
The only book in English for readers of all ages by Nobel Prize-winning novelist Olga Tokarczuk is a beautifully illustrated meditation on the fullness of life. "Olga Tokarczuk's *The Lost Soul*, an experimental fable illustrated by Joanna Concejo and translated by Antonia Lloyd-Jones,

resonates with our current moment. . . . What a striking, and lovely, material object it is." —New York Times "The Lost Soul, by Olga Tokarczuk and illustrator Joanna Concejo, is a quiet meditation on happiness, following a busy man who loses his soul. . . It pours a childlike sense of wonder into a once-upon-a-time tale that is

already resonating with adults around the world." —Guardian The Lost Soul is a deeply moving reflection on our capacity to live in peace with ourselves, to remain patient, attentive to the world. It is a story that beautifully weaves together the voice of the Nobel Prize-winning Polish novelist Olga Tokarczuk and the finely detailed pen-and-ink drawings of illustrator Joanna Concejo, who together create a parallel narrative universe full of secrets, evocative of another time. Here a man has forgotten what makes his heart feel full. He moves to a house away from all that is familiar to him to wait for his soul to return. "Once upon a time there was a man who worked very hard and very quickly, and who had left his soul far behind him long ago. In fact his life was all right without his soul—he slept, ate, worked, drove a car and even played tennis. But sometimes he felt as if the world around him were flat, as if he were moving across a smooth page in a math book that was covered in evenly

spaced squares... " —from The Lost Soul The Lost Soul is a sublime album, a rare delicacy that will delight readers young and old. "You must find a place of your own, sit there quietly and wait for your soul." Winner of the Bologna Ragazzi Award, Special Mention 2018, Prix de l'Union Internationale pour les Livres de Jeunesse (IBBY), The White Raven (IJB Munich), and the Łódź Design Festival Award.

Covers the history of couture and its top designers.

The Concept of Morality - Pratima Bowes 2020-07-21

In this book, originally published in 1959, the author believes that general moral concepts embody conceptions of standards in accordance with which particular moral judgments proceed and these may become objects of theoretical

understanding and knowledge - and hence be treated as facts in some context of a moral nature - in an ethical enquiry that is philosophical in character. The book clarifies the implications of conceptions which are used when aspects of our experiences are evaluated from a distinctive point of view, namely that of morality. It examines some of the theories which suggest that the function of ethical philosophy is something quite other than what traditional philosophers believed it to be, namely by asking what goodness or justice is.

Fashion Illustration - Aitana Lleonart 2007

"This book will help you to master the key elements in illustrating the human body and the shapes of clothes so that you can visualize your own fashion designs ... Among the areas explored in this book are the anatomical proportions, the displacement of body weight with various movements, and the most appropriate angles of view for highlighting particular features of clothing - all of these being

key elements of the language of fashion sketches"--Back cover

Dead Mountain - Donnie Eichar 2013-10-22

A New York Times and Wall Street Journal bestseller - What happened that night on Dead Mountain? The mystery of Dead Mountain: In February 1959, a group of nine experienced hikers in the Russian Ural Mountains died mysteriously on an elevation known as Dead Mountain. Eerie aspects of the incident—unexplained violent injuries, signs that they cut open and fled the tent without proper clothing or shoes, a strange final photograph taken by one of the hikers, and elevated levels of radiation found on some of their clothes—have led to decades of speculation over what really happened. As gripping and bizarre as *Hunt for the Skin Walker*: This New York Times bestseller, *Dead Mountain: The Untold True Story of the Dyatlov Pass Incident*, is a gripping work of literary nonfiction that delves into the mystery of Dead Mountain through

unprecedented access to the hikers' own journals and photographs, rarely seen government records, dozens of interviews, and the author's retracing of the hikers' fateful journey in the Russian winter. You'll love this real-life tale: Dead Mountain is a fascinating portrait of young adventurers in the Soviet era, and a skillful interweaving of the hikers' narrative, the investigators' efforts, and the author's investigations. Here for the first time is the real story of what happened that night on Dead Mountain.

Cilka's Journey - Heather Morris 2019-10-01

From the author of the multi-million copy bestseller *The Tattooist of Auschwitz* comes a new novel based on a riveting true story of love and resilience. Her beauty saved her — and condemned her. Cilka is just sixteen years old when she is taken to Auschwitz-Birkenau Concentration Camp in 1942, where the commandant immediately notices how beautiful she is. Forcibly separated from the other women

prisoners, Cilka learns quickly that power, even unwillingly taken, equals survival. When the war is over and the camp is liberated, freedom is not granted to Cilka: She is charged as a collaborator for sleeping with the enemy and sent to a Siberian prison camp. But did she really have a choice? And where do the lines of morality lie for Cilka, who was sent to Auschwitz when she was still a child? In Siberia, Cilka faces challenges both new and horribly familiar, including the unwanted attention of the guards. But when she meets a kind female doctor, Cilka is taken under her wing and begins to tend to the ill in the camp, struggling to care for them under brutal conditions. Confronting death and terror daily, Cilka discovers a strength she never knew she had. And when she begins to tentatively form bonds and relationships in this harsh, new reality, Cilka finds that despite everything that has happened to her, there is room in her heart for love. From child to woman, from woman to healer, Cilka's journey

illuminates the resilience of the human spirit—and the will we have to survive.
Crossover Stars in the Hindi Film Industry - Dina Khdair 2020-05-11

This book explores the cultural politics of Pakistani crossover stardom in the Hindi film industry as a process of both assimilation and “Otherness”. Analysing the career profiles of three crossover performers – Ali Zafar, Fawad Khan, and Mahira Khan – as a relevant case study, it unites critical globalization studies with soft power theory in exploring the potential of popular culture in conflict resolution. The book studies the representation and reception of these celebrities, while discussing themes such as the meaning of being a Pakistani star in India, and the consequent identity politics that come into play. As the first comprehensive study of Pakistani crossover stardom, it captures intersections between political economy, cultural representation, and nationalist discourse, at the same time reflecting on larger questions of

identity and belonging in an age of globalization. *Crossover Stars in the Hindi Film Industry* will be indispensable to researchers of film studies, media and cultural studies, popular culture and performance, peace and area studies, and South Asian studies. It will also be of interest to enthusiasts of Indian cinematic history.

The Foundations of Morality - Joel J.

Kupperman 2020-07-20

Originally published in 1983, this book maintains that the content and character of morality can be understood if it is regarded as a useful societal tool, whose central purposes include the prevention of harm and promotion of security for members of society. At the foundation is the

general superiority of policies and attitudes that have good consequences. The book argues that ethics is 'cognitive' and explores the kinds of ethical knowledge and the ways in which ethical claims can be challenged and justified.

The Anarchist Expropriators - Osvaldo Bayer
2015-12-21

Osvaldo Bayer's study of working-class retribution, set between 1919 and 1936, chronicles hair-raising robberies, bombings, and tit-for-tat murders conducted by Argentina's working men. Intense repression of labor organizations, newspapers, and meeting places by authorities set off a wave of illegal acts meant to secure funds and settle scores. Escaping similar repression at home, future Spanish Civil War hero Buenaventura Durruti joins the cast on a spree of robberies, ending in a narrow escape back to Europe. Osvaldo Bayer is an anarchist pacifist, author, and screenwriter living in Buenos Aires, Argentina. He is the author of *Rebellion in Patagonia* (forthcoming from AK

Press).

James Joyce - Alfonso Zapico 2016-05-03

A dazzling, prize-winning graphic biography of one of the world's most revered writers. Winner

of Spain's National Comic Prize and published to acclaim in Ireland, here is an extraordinary graphic biography of James Joyce that offers a fresh take on his tumultuous life. With evocative anecdotes and hundreds of ink-wash drawings, Alfonso Zapico invites the reader to share Joyce's journey, from his earliest days in Dublin to his life with his great love, Nora Barnacle, and their children, and his struggles and triumphs as an artist. Joyce experienced poverty, rejection, censorship, charges of blasphemy and obscenity, war, and crippling ill-health. A rebel and nonconformist in Dublin and a harsh critic of Irish society, he left Ireland in self-imposed exile with Nora, moving to Paris, Pola, Trieste, Rome, London, and finally Zurich. He overcame monumental challenges in creating and publishing *Dubliners*, *Portrait of an Artist as a Young Man*, *Ulysses*, and *Finnegan's Wake*. Along the way, he encountered a colorful cast of characters, from the Irish nationalists Charles Parnell and Michael Collins to literary greats

Yeats, Proust, Hemingway, and Beckett, and the likes of Carl Jung and Vladimir Lenin.

The Painter of Souls: A Novel - Philip Kazan
2016-05-03

An extraordinary story of passion, art, and intrigue, this novel journeys to a time and place in Italy where desire reigns supreme—and salvation is found in the strangest of places. Beauty can be a gift—or a wicked temptation. So it is for Filippo Lippi, growing up in Renaissance Florence. He has a talent—not only can he see the beauty in everything, he can capture it, paint it. But while beauty can seduce you and art can transport you—it cannot always feed you or protect you. To survive, Pippo Lippi, orphan, street urchin, budding rogue, must first become Fra Filippo Lippi: Carmelite friar, man of God. His life will take him down two paths at once. He will become a gambler, a forger, a seducer of nuns; and at the same time he will be the greatest painter of his time, the teacher of Botticelli and the confidante of the Medicis. So

who is he really—lover, believer, father, teacher, artist? Is anything true except the paintings?

Mamá Desobediente - Esther Vivas 2021-04-15

Pharmaceutical Biocatalysis - Peter Grunwald
2020-11-26

Volume 7 of the Jenny Stanford Series on Biocatalysis deals with several different aspects of pharmaceuticals, which include not only various applications of drugs and their metabolism but also natural resources for active pharmaceutical ingredients as well as the removal of pharmaceutical pollution. In detail, novel approaches for developing microbial fermentation processes to produce vitamin B6 using microorganisms are described together with novel routes for vitamin B6 biosynthesis. The other topics discussed are new approaches for producing the successful anticancer drug Taxol from naturally occurring precursors, molecular farming through plant engineering as a cost-effective means to produce therapeutic

and prophylactic proteins, and successful screening of potent microorganisms producing L-asparaginase for various chemotherapeutic applications. Furthermore, microbial biotransformations in the production and degradation of fluorinated pharmaceuticals are described. The other chapters inform the reader about the biotransformation of xenobiotics/drugs in living systems, the degradation of pharmaceuticals by white-rot fungi and their ligninolytic enzymes, and the removal of pharmaceutical pollution from municipal sewage using laccase.

Tony Takitani - Haruki Murakami 2006-05

Harsh Times - Mario Vargas Llosa 2021-11-23
The true story of Guatemala's political turmoil of the 1950s as only a master of fiction can tell it Guatemala, 1954. The military coup perpetrated by Carlos Castillo Armas and supported by the CIA topples the government of Jacobo Árbenz. Behind this violent act is a lie passed off as truth, which forever changes the development of Latin America: the accusation by the Eisenhower administration that Árbenz encouraged the spread of Soviet Communism in the Americas. Harsh Times is a story of international conspiracies and conflicting interests in the time of the Cold War, the echoes of which are still felt today. In this thrilling novel, Mario Vargas Llosa fuses reality with two fictions: that of the narrator, who freely re-creates characters and situations, and the one designed by those who would control the politics and the economy of a continent by manipulating its history. Harsh Times is a gripping, revealing novel that directly confronts recent history. No one is better suited

to tell this riveting story than Vargas Llosa, and there is no form better for it than his deeply textured fiction. Not since *The Feast of the Goat*, his classic novel of the downfall of Trujillo's regime in the Dominican Republic, has Vargas Llosa combined politics, characters, and suspense so unforgettably.

Trajectory - Richard Russo 2017-05-02
Following the best-selling *Everybody's Fool*, a new collection of short fiction that demonstrates that Richard Russo--winner of the Pulitzer Prize for *Empire Falls*--is also a master of this genre. Russo's characters in these four expansive stories bear little similarity to the blue-collar citizens we're familiar with from many of his novels. In "Horseman," a professor confronts a young plagiarist as well as her own weaknesses as the Thanksgiving holiday looms closer and closer: "And after that, who knew?" In "Intervention," a realtor facing an ominous medical prognosis finds himself in his father's shadow while he presses forward--or not. In

"Voice," a semiretired academic is conned by his increasingly estranged brother into coming along on a group tour of the Venice Biennale, fleeing a mortifying incident with a traumatized student back in Massachusetts but encountering further complications in the maze of Venice. And in "Milton and Marcus," a lapsed novelist struggles with his wife's illness and tries to rekindle his screenwriting career, only to be stymied by the pratfalls of that trade when he's called to an aging, iconic star's mountaintop retreat in Wyoming.

The Bioeconomy Approach - Udaya Sekhar
Nagothu 2020-03-10

This book examines the bioeconomy concept, analysing the opportunities it can generate, the constraints and the potential benefits for society. The main objective of bioeconomy is to promote economic development, by creating jobs and enhancing the sustainable utilization of bio-resources. A primary driver of bioeconomy strategy, therefore, is the need to respond to the

growing population's food and economic requirements. While today research and literature related to bioeconomy are limited, this book presents a unique collection of perspectives on the complex dimensions of the bioeconomy debate. Drawing on the experiences from Europe, Asia and Africa, it presents an international overview. The chapters address a wide range of issues, including coastal-land interactions, ecosystem services, food production, rural development, agriculture, forest management and bioenergy. As a whole, the volume outlines what role bioeconomy can play in contributing to the United Nations Sustainable Development Goals (SDGs) without compromising on the ecological sustainability and equitable distribution of benefits. The book concludes by providing recommendations for developing bioeconomy in respective sectors (agriculture, forestry, fisheries, renewable energy) and directions for planning future bioeconomy programmes and strategies. The

Bioeconomy Approach will be of great interest to students and scholars of ecological economics, development economics and environmental economics, as well as policy-makers and practitioners involved in sustainable development.

The Memory Chalet - Tony Judt 2010-11-11

A New York Times Book Review Notable Book of the Year "[A] tremendously moving memorial to

a first-class historian and essayist . . . humane, fearless, unsparingly honest." —The Financial Times "[A] memorable collection from a memorable man." —BookPage "It might be thought the height of poor taste to ascribe good fortune to a healthy man with a young family struck down at the age of sixty by an incurable degenerative disorder from which he must shortly die. But there is more than one sort of luck. To fall prey to a motor neuron disease is surely to have offended the Gods at some point, and there is nothing more to be said. But if you must suffer thus, better to have a well-stocked head." —Tony Judt *The Memory Chalet* is a memoir unlike any you have ever read before. Each essay charts some experience or remembrance of the past through the sieve of Tony Judt's prodigious mind. His youthful love of a particular London bus route evolves into a reflection on public civility and interwar urban planning. Memories of the 1968 student riots of Paris meander through the divergent sex politics

of Europe, before concluding that his generation "was a revolutionary generation, but missed the revolution." A series of road trips across America lead not just to an appreciation of American history, but to an eventual acquisition of citizenship. Foods and trains and long-lost smells all compete for Judt's attention; but for us, he has forged his reflections into an elegant arc of analysis. All as simply and beautifully arranged as a Swiss chalet-a reassuring refuge deep in the mountains of memory.

Es que el marxismo significo un poderoso momento en la historia y todas las grotescas ridiculeces a que lo exponen sus partidarios y usufructuarios no deben oscurecer esa verdad. Marx ha sido un genio, a pesar de lo que afirmen los stalinistas. Pero no ha habido genio que no se haya equivocado y en cierto modo el poder de los genios se mide por el alcance de sus equivocaciones. Schopenhauer dijo de Aristoteles que habia constituido una gran calamidad historica. Pero lo fue precisamente a causa de su genio, no a pesar de el. Vastos espacios de tiempo fueron dominados por sus aciertos, pero tambien oscurecidos por sus errores y, muy especialmente, por la necesidad de sus seguidores. Nos dio la logica y buena parte de la filosofia; pero tambien, dos mil anos despues de su muerte, nos infirio aquellos

profesores que se negaban a mirar los satelites de Jupiter por el anteojito de Galileo, porque el maestro no los mencionaba en ninguna parte. La parte mas valiosa de la doctrina de Marx es, sin duda, su interpretacion de la historia y de la sociedad. Hasta el prevalecia la tendencia a estudiar una ideologia, una filosofia, una escuela artistica, intrinsecamente, sin relacion con los problemas sociales de su tiempo y, sobre todo, con un absoluto desden por los factores mas bajos; habria parecido una muestra de mal gusto establecer algun vinculo entre la pintura renacentista y el surgimiento de la burguesia. De una vez para todas, Marx...

[Drive My Car](#) - Haruki Murakami 2022-03-22
The basis for the Academy-Award®-nominated major motion picture. In this short story from Haruki Murakami's bestselling collection, *Men Without Women*, a widowed actor hires a twenty-year-old woman to be his chauffeur. Despite her reserved nature, the actor finds comfort in her stable presence, and a friendship

blossoms as they slowly reveal their pasts. Crafted with delicacy and precision, *Drive My Car* is a meditative exploration of the need for human connection and our innate desire to be understood -- even when we least expect it. *Murder in the Age of Enlightenment* - Ryunosuke Akutagawa 2021-04-06

A stylishly original collection of seven newly translated stories from the iconic Japanese writer The stories in this fantastical, unconventional collection are subtly wrought depictions of the darkness of our desires. From an isolated bamboo grove, to a lantern festival in Tokyo, to the Emperor's court, they offer glimpses into moments of madness, murder, and obsession. Vividly translated by Bryan Karetnyk, they unfold in elegant, sometimes laconic, always gripping prose. Akutagawa's stories are characterised by their stylish originality; they are stories to be read again and again.

Women Our History - DK 2022-04-30

Re-examining history from a female perspective, this book celebrates the numerous important roles women have played in culture and society that are less often told. Includes evocative images, this gloriously illustrated ebook reveals the key events in women's history - from early

matriarchal societies through women's suffrage, the Suffragette movement, 20th-century feminism and gender politics, to recent movements such as #MeToo and International Women's Day - and the key role women have had in shaping our past. Learn about the everyday lives of women through the ages as well as the big names of women's history - powerful, inspirational, and trailblazing women such as Cleopatra, Florence Nightingale, Emmeline Pankhurst, Eva Peron, and Rosa Parks - and discover the unsung contributions of lesser-known women who have changed the world, and the "forgotten" events of women's history. Placing women firmly centre stage, *Women - Our History* shows women where they have come from, and, in celebrating the achievements of women of the past offers positive role models for women of today

Hazards of Time Travel - Joyce Carol Oates
2018-11-27

An ingenious, dystopian novel of one young

woman's resistance against the constraints of an oppressive society, from the inventive imagination of Joyce Carol Oates "Time travel" — and its hazards—are made literal in this astonishing new novel in which a recklessly idealistic girl dares to test the perimeters of her tightly controlled (future) world and is punished by being sent back in time to a region of North America — "Wainscotia, Wisconsin"—that existed eighty years before. Cast adrift in time in this idyllic Midwestern town she is set upon a course of "rehabilitation"—but cannot resist falling in love with a fellow exile and questioning the constraints of the Wainscotia world with results that are both devastating and liberating. Arresting and visionary, Hazards of Time Travel is both a novel of harrowing discovery and an

exquisitely wrought love story that may be Joyce Carol Oates's most unexpected novel so far.
