www.guepedia.com Sinopsis :
Membenah diri itu perlu, tak peduli seberapa buruk kita di hari lalu. Sebab hidup bukan hanya sekedar perjalanan panjang berliku. Ada sebab-musabab mengapa Allah menjadikan kita pemenang untuk berlakon di panggung dunia. Pun perihal impian-impian yang telah dirancang. Terkadang tak semua yang dirancang akan berjalan mulus. Ada sebab pula mengapa Allah sedikit membelokkan kita dari apa yang kita ingin. Yang jelas skenario-Nya jauh lebih indah. Begitupula dengan seutas kisah yang tertuang dalam buku ini. Ketika impian yang dipilih tak berjalan sesuai rencana, dan ketika sang pelakon sempat terjerebab dalam kelamnya dunia, Allah masih saja menyapanya dengan hidayah yang hangat, serta penuh cinta. Hingga pada akhirnya, Allah menuntunnya pada tempat yang penuh cinta, sebuah tempat yang mendekatkan sang pelakon dengan Habibi-Nya. Hingga membawanya pada sebuah perubahan untuk

menjadi hafidz Qur'an. Dan tak luput pula dalam buku ini sang penulis mengajak para pembaca untuk menghafal Al-Qur'an. www.guepedia.com

An Introduction to the Study of the Law of the Constitution -

A.V. Dicey 1985-09-30

A starting point for the study of the English Constitution and comparative constitutional law, The Law of the Constitution elucidates the guiding principles of the modern constitution of England: the legislative sovereignty of Parliament, the rule of law, and the binding force of unwritten conventions.

The Study of Shi'i Islam -

Gurdofarid Miskinzoda

2014-01-08

Shi'i Islam, with its rich and extensive history, has played a crucial role in the evolution of Islam as both a major world religion and civilization. The prolific achievements of Shi'i theologians, philosophers and others are testament to the

spiritual and intellectual wealth of this community. Yet Shi'i studies has unjustly remained a long-neglected field, despite the important contribution that Shi'ism has made to Islamic traditions. Only in recent decades, partially spurred by global interest in political events of the Middle East, have scholars made some significant contributions in this area. The Study of Shi'i Islam presents papers originally delivered at the first international colloquium dedicated exclusively to Shi'i studies, held in 2010 at The Institute of Ismaili Studies, London. Within the book are eight sections, namely, history, the Qur'an and its Shi'i interpretations, hadith, law, authority, theology, rites and rituals, and intellectual traditions and philosophy. Each section begins with an introduction contextualizing the aspects of studying Shi'i Islam particular to its theme, before going on to address topics such as the state of the field, methodology and tools, and the primary issues with

which contemporary scholars of Shi'i studies are dealing. The scope and depth here covered makes this book of especial interest to researchers and students alike within the field of Islamic studies. The volume benefits from the diverse expertise of nearly 30 world-class scholars, including Mohammad-Ali Amir-Moezzi, Meir M. Bar-Asher, Farhad Daftary, Daniel De Smet, Gerald R. Hawting, Nader El-Bizri, Etan Kohlberg, Wilferd Madelung, Andrew Newman, Ismail K. Poonawala, Sabine Schmidtke and Paul E. Walker. **Basic Library Skills** - Carolyn E. Wolf 1993

This brand new edition of this acclaimed work (an excellent introduction--Journal of Academic Librarianship; informative--ARBA; excellent--Public Libraries) provides a self-contained, short course in essential library skills for patrons of college, high school and public libraries. Subjects addressed include the card catalog and cataloging systems; online public access catalogs; subject headings;

Islam in Victorian Britain - Ron Geaves 2010-12-21

This is the first full biography of Abdullah Quilliam (1856-1932), the most significant Muslim personality in nineteenth century Britain. Uniquely ennobled as the Sheikh of Islam of the British Isles by the Ottoman caliph Sultan Abdul Hamid II in 1893, Quilliam created a remarkable Muslim community in Victorian Liverpool, which included a substantial number of converts. Ron Geaves examines Quilliam's teachings and considers his legacy for Muslims today. Ron Geaves is professor of the comparative study of religion at Liverpool Hope University and has contributed substantially to the study of British Islam, religion in South Asia, and fieldwork in religious studies.

Inclusive Religious Education - Bert Roebben 2014

To what extent is diversity perceived and recognized as a resource in contemporary religious education in schools and congregations? What happens with children and their teachers when classrooms shift into inclusive learning communities, where all are invited to learn from their abilities and vulnerabilities? This book offers theoretical and empirical insights into the complex domain of inclusive religious education. It brings together scholars working on the intersection of theological, educational, and disability studies. Thousands flocked to see gladiators, charioteers, wild animals, women and children hacked, crucified, torn to pieces, ravished, burned, and drown. Biographies, paintings, historical evidence and an author's imagination merge to tell the story of one of history's most ruthless exhibitions—the Roman games.

Media and Communication Research Methods - Anders Hansen 2018-09-12

This essential textbook provides a clear and authoritative introduction to qualitative and quantitative methods for studying media and communication. Written by two highly experienced researchers, the book draws on a wide range of media and communication research to introduce students to the relative strengths of the different research approaches. Beginning with an overview of the changing contexts and trends in media and communication research approaches, the book demystifies 'research' and the 'research process' by offering

practical and accessible guidance on how to design, plan and carry out successful research projects in media and communication. This is an indispensable text for all students of media and communication studies, particularly those undertaking their own research projects or taking modules in research methods.

This conference is held by Universitas Prof. Dr. Moestopo Beragama and Majelis Sinergi Kalam Ikatan Cendekiawan Muslim Se-Indonesia (MASIKA ICMI). The conference publishes original research from throughout the world dealing with education, Social sciences, and environmental science. The editorial team makes every effort to cut the review and, when necessary, revision time periods as short as possible in order to help the research community publish and disseminate their works quickly. These efforts,

however, depend heavily on authors' compliance with ethical rules and the journal's guidelines before submitting their works. Also, the voluntary reviewers from around the world with expertise in specific fields devote their precious time in order to provide quality feedback to authors. Yet, their time dedicated to improve the authors' articles is not unlimited. Often they appropriate from their personal times to do this voluntary work.

Multicultural Citizens presents a comprehensive evaluation of contemporary education in the largest democratic Muslim country in the world, focusing on the ways in which education prepares citizens for a multicultural society. It thoroughly examines the state-religion-community roles in the field of education in developing the Indonesian people. Using a qualitative ethnographic methodology, the author presents six case studies of different schools, including religious, non-religious, state and private schools, in two different provinces in Indonesia. It particularly explores: Evolving but contested theories of multiculturalism and multicultural education; Education changes and reforms in post-Suharto Indonesia; Government policies for multicultural education and school curriculum; School leadership for education for diversity; Roles of religious education in schools in nurturing multicultural beliefs, values and attitudes; Extra-

curricular activities and tolerance; Students' perspectives of multiculturalism and the ideal society; The promising development of a pesantren (Islamic boarding school in establishing multicultural education. It is the first book to explore how education in Indonesia helps contribute to the creation of tolerant and multicultural citizens and is essential reading for anyone involved in Indonesian education and international higher education.

fantastical landscapes. Meanwhile a young cartoonist returns home after art school and tries his hand at becoming a working artist while watching over his aging grandmother whose memory is deteriorating. Nostalgic leaps take us to an elementary school gymnasium that slowly morphs into a swamp and is raided by a giant catfish. Beetles, salamanders, and bug-eyed fish intrude upon the bus ride of the round-glasses woman as the night stretches on. *Night Bus* blends autobiography, horror, and fantasy into a vibrantly detailed surreal world that shows a distinct talent surveying his past. Nature infringes upon the man-made world via gigantism and explosive abundance—the images in *Night Bus* are often unsettling, not aimed to horrify, but to upset the balance of modern life. Zuo Ma is part of a burgeoning Chinese art comics scene that pushes emotion to the forefront of the story while playing with action and dreams.

We are delighted to introduce the proceeding of the first edition of the International Conference on Science and Technology (ICoST) that was held in Claro Hotel, May 2-3, 2019. It was organized by Faculty of Science and Technology, Universitas Islam Negeri Alauddin Makassar in partnership with Forum Dekan Fakultas Sains dan Teknologi PTKIN. The theme of the ICoST is "Roles and Challenges of Science and Technology in Guaranteeing Halal Products in

the Industrial Revolution 4.0". The Indonesian government has begun to respond this industrial change by launching the roadmap of 'Making Indonesia 4.0' as a strategy to ease Indonesia's steps to become one of the new powers in Asia in April 2018. This roadmap provides a clear direction for the movement of the national industry in the future, including a focus on developing priority sectors that will become Indonesia's strength towards Industry 4.0. The proceeding of ICoST contains the scientific research, written by the academicians, researchers, practitioners, and government elements who have the same thoughts about the effort to develop the society's ability to adapt the advancement of science and technology in the global competition to face the industrial revolution 4.0. We are also very grateful to all keynote speakers and committee members, willing to act as referee for their time and efforts to keep our conference going well. In the
