#1 NEW YORK TIMES BESTSELLER • From the author of *Small Great Things* and *The Book of Two Ways* comes “a powerfully evocative story of resilience and the triumph of the human spirit” (Taylor Jenkins Reid, author of *The Seven Husbands of Evelyn Hugo* and *Daisy Jones & The Six*) Rights sold to Netflix for adaptation as a feature film • Named one of the best books of the year by *She Reads* Diana O’Toole is perfectly on track. She will be married by thirty, done having kids by thirty-five, and move out to the New York City suburbs, all while climbing the professional ladder in the cutthroat art auction world. She’s an associate specialist at Sotheby’s now, but her boss has hinted at a promotion if she can close a deal with a high-profile client. She’s not engaged just yet, but she knows her boyfriend, Finn, a surgical resident, is about to propose on their romantic getaway to the Galápagos—days before her thirtieth birthday. Right on time. But then a virus

that felt worlds away has appeared in the city, and on the eve of their departure, Finn breaks the news: It’s all hands on deck at the hospital. He has to stay behind. You should still go, he assures her, since it would be a shame for all of their nonrefundable trip to go to waste. And so, reluctantly, she goes. Almost immediately, Diana’s dream vacation goes awry. Her luggage is lost, the Wi-Fi is nearly nonexistent, and the hotel they’d booked is shut down due to the pandemic. In fact, the whole island is now under quarantine, and she is stranded until the borders reopen. Completely isolated, she must venture beyond her comfort zone. Slowly, she carves out a connection with a local family when a teenager with a secret opens up to Diana, despite her father’s suspicion of outsiders. In the Galápagos Islands, where Darwin’s theory of evolution by natural selection was formed, Diana finds herself examining her relationships, her choices, and herself—and wondering if when she goes home, she too will have evolved into someone completely different.

Aged by Culture - Margaret Morganroth Gullette 2004-01-15

Americans enjoy longer lives and better health, yet we are becoming increasingly obsessed with trying to stay young. What drives the fear of turning 30, the boom in anti-aging products, the wars between generations? What men and women of all ages have in common is that we are being insidiously aged by the culture in which we live. In this illuminating book, Margaret Morganroth Gullette reveals that aging doesn't start in our chromosomes, but in midlife downsizing, the erosion of workplace seniority, threats to Social Security, or media portrayals of "aging Xers" and "greedy" Baby Boomers. To combat the forces aging us prematurely, Gullette invites us to change our attitudes, our life storytelling, and our society. Part intimate autobiography, part startling cultural expose, this book does for age what gender and race studies have done for their categories. *Aged by Culture* is an impassioned manifesto against the pernicious ideologies that steal hope from

every stage of our lives.

Looking for Transwonderland - Noo Saro-Wiwa 2012-09-01

A "remarkable chronicle" of a journey back to this West African nation after years of exile (The New York Times Book Review). Noo Saro-Wiwa was brought up in England, but every summer she was dragged back to visit her father in Nigeria—a country she viewed as an annoying parallel universe where she had to relinquish all her creature comforts and sense of individuality. After her father, activist Ken Saro-Wiwa, was killed there, she didn't return for several years. Then she decided to come to terms with the country her father given his life for. Traveling from the exuberant chaos of Lagos to the calm beauty of the eastern mountains; from the eccentricity of a Nigerian dog show to the decrepit kitsch of the Transwonderland Amusement Park, she explores Nigerian Christianity, delves into the country's history of slavery, examines the corrupting effect of oil, and ponders the huge success of Nollywood. She finds the country as exasperating as ever, and frequently despairs at the corruption and inefficiency she encounters. But she also discovers that it is far more beautiful and varied than she had ever imagined, with its captivating thick tropical rain forest and ancient palaces and monuments—and most engagingly and entertainingly, its unforgettable people. "The author allows her love-hate relationship with Nigeria to flavor this thoughtful travel journal, lending it irony, wit and frankness." —Kirkus Reviews

What Happened - Hillary Rodham Clinton 2017-09-12

"An engaging, beautifully synthesized page-turner" (Slate). The #1 New York Times bestseller and Time #1 Nonfiction Book of the Year: Hillary Rodham Clinton's most personal memoir yet, about the 2016 presidential election. In this "candid and blackly funny" (The New York Times)

memoir, Hillary Rodham Clinton reveals what she was thinking and feeling during one of the most controversial and unpredictable presidential elections in history. She takes us inside the intense personal experience of becoming the first woman nominated for president by a major party in an election marked by rage, sexism, exhilarating highs and infuriating lows, stranger-than-fiction twists, Russian interference, and an opponent who broke all the rules. "At her most emotionally raw" (People), Hillary describes what it was like to run against Donald Trump, the mistakes she made, how she has coped with a shocking and devastating loss, and how she found the strength to pick herself back up afterward. She tells readers what it took to get back on her feet—the rituals, relationships, and reading that got her through, and what the experience has taught her about life. In this "feminist manifesto" (The New York Times), she speaks to the challenges of being a strong woman in the public eye, the criticism over her voice, age, and appearance, and the double standard confronting women in politics. Offering a "bracing... guide to our political arena" (The Washington Post), What Happened lays out how the 2016 election was marked by an unprecedented assault on our democracy by a foreign adversary. By analyzing the evidence and connecting the dots, Hillary shows just how dangerous the forces are that shaped the outcome, and why Americans need to understand them to protect our values and our democracy in the future. The election of 2016 was unprecedented and historic. What Happened is the story of that campaign, now with a new epilogue showing how Hillary grappled with many of her worst fears coming true in the Trump Era, while finding new hope in a surge of civic activism, women running for office, and young people marching in the streets.

Women and Travel - Taylor & Francis
Group 2021-03-31

Women and Travel: Historical and Contemporary Perspectives is a fascinating look at the behavior, motivations, experiences, and needs of women as tourists and travellers, drawing on both historic and contemporary eras. Surprisingly little research has explored key issues, experiences, and opportunities in the context of women's travel. This revealing volume fills this gap, exploring the discourses, debates, and discussions about women, travel, and tourism. With an international roster of contributors from diverse regions of the world, the book celebrates a variety of women's voices. Khoo-Lattimore and Wilson deliberately sought to include nontraditional and non-Western perspectives on women's travel, with inclusions of Asian solo female travelers; Islamic women travellers and the constraints placed on them; and women who cannot travel (or choose, for whatever reason, a 'home holiday'). This enlightening volume brings together scholars from the broad areas of tourism, hospitality, geography, and leisure studies to examine how and why women travel. The chapters bring light to perspectives from different countries, cultures, backgrounds, and religions, and utilize different methods, approaches and styles of presentation. Women and Travel: Historical and Contemporary Perspectives will be of interest to academics and graduate

students from a range of disciplines, including tourism, leisure studies, sociology, cultural geography, anthropology, feminist and gender studies, business, economics and management; as well as professionals working in the tourism industry, particularly those with an interest in niche markets and segmentation.

Tourism and Gender - Annette Pritchard
2007-01-01

While contemporary popular discourses dismiss gender and feminism as passé, patriarchy and sexism continue to limit human possibilities around the globe. The tourism industry can be a force for empowerment but it can also shore up exploitative gendered practices. At the same time, tourism enquiry itself continues to be dominated by western, masculinist approaches. This collection of studies seeks to advance feminist and gender tourism studies with its focus on embodiment. Broad themes include the construction of narratives, how discourses of desire, sensuality and sexuality pervade the tourism experience, the use of the body to represent femininity, masculinity and sensuality, and finally how travel and tourism allow for empowerment, resistance and carnivalesque opportunities.

A Clearing In The Distance - Witold Rybczynski
2013-07-23

In a brilliant collaboration between writer and subject, Witold Rybczynski, the bestselling author of *Home and City Life*, illuminates Frederick Law Olmsted's role as a major cultural figure at the epicenter of nineteenth-century American history. We know Olmsted through the physical legacy of his stunning landscapes -- among them, New York's Central Park, California's Stanford University campus, and Boston's Back Bay Fens. But Olmsted's contemporaries knew a man of even more extraordinarily diverse talents. Born in 1822, he traveled to China on a merchant ship at the age of twenty-one. He cofounded *The Nation* magazine and was an early voice against slavery. He managed California's largest gold mine and, during the Civil War, served as the executive

secretary to the United States Sanitary Commission, the precursor of the Red Cross. Rybczynski's passion for his subject and his understanding of Olmsted's immense complexity and accomplishments make his book a triumphant work. In *A Clearing in the Distance*, the story of a great nineteenth-century American becomes an intellectual adventure.

The Middle Finger Project - Ash Ambirge 2020-02-11

Fresh, funny, and fearless, The Middle Finger Project is a point-by-point primer on how to get unstuck, slay imposter syndrome, trust in your own worth and ability, and become a strong, capable, wonderful, weird, brilliant, ballsy, unfuckwithable YOU. "Don't worry, this isn't a book about God, nor is it a book about Ryan Gosling (second in command). But it is a book about authority and becoming your own." --Ash Ambirge After a string of dead-end jobs and a death in the family, Ash Ambirge was down to her last \$26 and sleeping in a Kmart parking lot when she faced the truth: No one was coming to her rescue. It was up to her to appoint herself. That night led to what eventually became a six-figure freelance career as a sought-after marketing and copywriting consultant, all while sipping coffee from her front porch in Costa Rica. She then launched The Middle Finger Project, a blog and online course hub, which has provided tens of thousands of young "women who disobey" with the tools and mindset to give everyone else's expectations the finger and get on your own

path to happiness, wealth, independence, and adventure. In her first book, Ash draws on her unconventional personal story to offer a fun, bracing, and occasionally potty-mouthed manifesto for the transformative power of radical self-reliance. Employing the signature wit and wordsmithing she's used to build an avid following, she offers paradigm-shifting advice along the lines of:

- The best feeling in the world is knowing who you are and what you're capable of doing.
- Life circumstances are not life sentences. If a Scranton girl who grew up in a trailer park can make it, so can you.
- What you believe about yourself will either murder your chances or save your life. So why not believe something good?
- You don't need a high-ranking job title to be authorized to contribute. You just need to contribute.
- Be your own authority. Authority only works as long as you trust that someone smarter than you is making the rules.
- The way you become a force is by being the most radically real version of yourself that you can be.
- You only have 12 fucks a day to give, so use them wisely.

Ending Ageism, or How Not to Shoot Old People - Margaret Morganroth Gullette 2017-08-23

Winner of the MLA Prize for Independent Scholars and the APA's Florence L. Denmark Award for Contributions to Women and Aging When the term "ageism" was coined in 1969, many problems of exclusion seemed resolved by government programs like Social Security and Medicare. As people live longer lives, today's great demotions of older people cut deeper into their self-worth and human relations, beyond the reach of law or public policy. In *Ending Ageism, or How Not to*

Shoot Old People, award-winning writer and cultural critic Margaret Morganroth Gullette confronts the offenders: the ways people aging past midlife are portrayed in the media, by adult offspring; the esthetics and politics of representation in photography, film, and theater; and the incitement to commit suicide for those with early signs of "dementia." In this original and important book, Gullette presents evidence of pervasive age-related assaults in contemporary societies and their chronic affects. The sudden onset of age-related shaming can occur anywhere—the shove in the street, the cold shoulder at the party, the deaf ear at the meeting, the shut-out by the personnel office or the obtuseness of a government. Turning intimate suffering into public grievances, *Ending Ageism, Or How Not to Shoot Old People* effectively and beautifully argues that overcoming ageism is the next imperative social movement of our time. About the cover image: This elegant, dignified figure--Leda Machado, a Cuban old enough to have seen the Revolution--once the center of a vast photo mural, is now a fragment on a ruined wall. Ageism tears down the structures that all humans need to age well; to end it, a symbol of resilience offers us all brisk blue-sky energy. "Leda Antonia Machado" from "Wrinkles of the City, 2012."
