## **Re-mapping World Literature** - Gesine Müller 2018-03-05

How can we talk about World Literature if we do not actually examine the world as a whole? Research on World Literature commonly focuses on the dynamics of a western center and a southern periphery, ignoring the fact that numerous literary relationships exist beyond these established constellations of thinking and reading within the Global South. Re-Mapping World Literature suggests a different approach that aims to investigate new navigational tools that extend beyond the known poles and meridians of current literary maps. Using the example of Latin American literatures, this study provides innovative insights into the literary modeling of shared historical experiences, epistemological crosscurrents, and book market processes within the Global South which thus far have received scant attention. The contributions to this volume, from renowned scholars in the fields of World and Latin American literatures, assess travelling aesthetics and genres, processes of translation and circulation of literary works, as well as the complex epistemological entanglements and shared worldviews between Latin America, Africa and Asia. A timely book that embraces highly innovative perspectives, it will be a must-read for all scholars involved in the field of the global dimensions of literature.

## **No ar um Ás!** - Mônica Cristina Corrêa 2021-08-09

Esta obra foi produzida como parte de um projeto cultural da Embaixada da França no Brasil em comemoração ao 90o aniversário da primeira travessia aérea do Oceano Atlântico pelo correio aéreo. Tal feito, alcançado pelo piloto francês Jean Mermoz, marcou, como se sabe, a história mundial da aviação. Porém, com o passar do tempo, os traços biográficos desse personagem excepcional, bem como de suas proezas, foram se desvanecendo. É nesse contexto que a produção de um conteúdo acessível e adaptado às novas gerações se mostrou imperativo: no sentido de reavivar a carreira exemplar de Jean Mermoz, que deu provas, ao longo de sua vida, de coragem e tenacidade fora de série. Aqui está um convite a descobrir-

se uma história fascinante, não raro comovente, por vezes espirituosa e brilhantemente ilustrada com esplêndidos documentos que nos transportam para o passado e para os ares. Não se deve omitir que desta leitura emana, ao longo das páginas e das emoções, um perfume de saudade... Cet ouvrage a été réalisé dans le cadre d'un projet culturel de l'Ambassade de France au Brésil portant sur les 90 ans de la première traversée aérienne de l'Océan Atlantique avec du courrier postal. Cet exploit réalisé par le pilote français Jean Mermoz a comme on sait marqué l'histoire mondiale de l'aviation, mais, le temps passant, les contours de la vie de cette personnalité exceptionnelle et sa prouesse ont parfois pu s'estomper. C'est dans ce contexte que la production d'un contenu accessible et adapté aux nouvelles générations s'est imposée comme une évidence pour raviver le parcours exemplaire de Jean Mermoz, qui aura fait preuve, tout au long de sa vie, d'un courage et d'une ténacité hors normes. Le livre que vous avez en mains est une invitation à découvrir un récit passionnant, souvent émouvant et parfois piquant, et brillamment illustré de splendides documents prompts à nous transporter dans le passé et dans les airs. On ne peut exclure que de sa lecture émane parfois, au fil des pages et des émotions, comme un parfum de saudade...

The Crew - Joseph Kessel 2016-08-16

The crew of a French reconnaissance plane during WW1 consisted of just two men: a pilot and an observer. Two such men are Jean Herbillon and Claude Maury. Herbillon's dreams of glory as an air ace have been dashed after only a few months at the front; Maury suffers from a broken heart--his only hope is that his exploits as a pilot will win back his lost love. Together the two form one of the best crews in the air, fighting in the first aerial conflict in history--one in which a combatant can count his life expectancy in weeks. The pressure of war forges a strong bond between the two flyers, but can it survive the discovery that they are both in love with the same woman? Joseph Kessel's autobiographical novel is a staggering tale of courage, brotherhood and loss.

Frontline and Factory - Roy MacLeod 2007-05-06

This book represents a first considered attempt to study the factors that conditioned industrial chemistry for war in 1914-18. Taking a comparative perspective, it reflects on the experience of France, Germany, Austria, Russia, Britain, Italy and Russia, and points to significant similarities and differences. It looks at changing patterns in the organisation of industry, and at the emerging symbiosis between science, industry and the military.

**Tutt'intorno è Francia** - Carlo Grande 2022-09-14T00:00:00+02:00

«Parto leggero, per il lungo viaggio sulle strade di Francia. Troverò quel che mi serve per via, e anche un po' me stesso, perché questo libro percorre una terra che è un po' mia, fra gente che è mia, torinese e sabauda a pochi passi dal confine». Inizia così il lungo viaggio di Carlo Grande attraverso l'Esagono: un viaggio del cuore, alla scoperta dei cugini d'Oltralpe, sulle tracce dei grandi che ne hanno fatto la storia e di quelle figure che costituiscono patrimonio comune della cultura europea. Perché le montagne uniscono e non ostacolano, in barba agli odiosi muri moderni. Un itinerario sulle strade di Francia, al di là degli stereotipi. Dal Sud - le assolate spiagge della Costa Azzurra, rifugio di artisti e scrittori, e orgoglio occitano ancora intatto - verso il cuore profondo del Paese - la Loira dei re e di Leonardo - fino al Nord di Proust e Leblanc, tra memorie letterarie e ricordi di guerra; e poi ancora giù verso le Alpi, dove Italia e Francia si saldano indissolubilmente. Alla scoperta di un Paese che, dopotutto, amiamo sempre alla follia.
