Dream yoga is followed by sleep yoga also known as the yoga of clear light. It is a more advanced practice similar to the most secret Tibetan practices. The goal is to remain aware during deep sleep when the gross conceptual mind and the operation of the senses cease. The result of these practices is greater happiness and freedom in both our waking and dreaming states.

Free Play - Stephen Nachmanovitch 1991-05-01

Free Play is about the inner sources of spontaneous creation. It is about where art in the widest sense comes from. It is about why we create and what we learn when we do. It is about the flow of unhindered creative energy: the joy of making art in all its varied forms. *Free Play* is directed toward people in any field who want to contact, honor, and strengthen their own creative powers. It integrates material from a wide variety of sources among the arts, sciences, and spiritual traditions of humanity. Filled with unusual quotes, amusing and illuminating anecdotes, and original metaphors, it reveals how inspiration arises within us, how that inspiration may be blocked, derailed or obscured by certain unavoidable facts of life, and how finally it can be liberated - how we can be liberated - to speak or sing, write or paint, dance or play, with our own authentic voice. The whole enterprise of improvisation in life and art, of recovering free play and awakening creativity, is about being true to ourselves and our visions. It brings us into direct, active contact with boundless creative energies that we may not even know we had.

Telling to Live - Latina Feminist Group, 2001-08-28

Telling to Live embodies the vision that compelled

Latina feminists to engage their differences and find common ground. Its contributors reflect varied class, religious, ethnic, racial, linguistic, sexual, and national backgrounds. Yet in one way or another they are all professional producers of testimonios—or life stories—whether as poets, oral historians, literary scholars, ethnographers, or psychologists. Through coalitional politics, these women have forged feminist political stances about generating knowledge through experience. Reclaiming testimonio as a tool for understanding the complexities of Latina identity, they compare how each made the journey to become credentialed creative thinkers and writers. *Telling to Live* unleashes the clarifying power of sharing these stories. The complex and rich tapestry of narratives that comprises this book introduces us to an intergenerational group of Latina women who negotiate their place in U.S. society at the cusp of the twenty-first century. These are the stories of women who struggled to reach the echelons of higher education, often against great odds, and constructed relationships of sustenance and creativity along the way. The stories, poetry, memoirs, and reflections of this diverse group of Puerto Rican, Chicana, Native American, Mexican, Cuban, Dominican, Sephardic, mixed-heritage, and Central American women provide new perspectives on feminist theorizing, perspectives located in the borderlands of Latino cultures. This often heart wrenching, sometimes playful, yet always insightful collection will interest those who wish to understand the challenges U.S. society poses for women of complex cultural heritages who strive to carve out their own spaces in the ivory tower. Contributors. Luz del Alba Acevedo, Norma Alarcón, Celia Alvarez, Ruth Behar, Rina Benmayor, Norma E. Cantú, Daisy Cocco De Filippis, Gloria Holguín Cuádriz, Liza Fiol-Matta, Yvette Flores-Ortiz, Inés Hernández-Avila, Aurora Levins Morales, Clara Lomas, Iris Ofelia López, Mirtha N. This collection of writings from seasoned pastors contains over 700 years of combined ministry experience for old and new pastors alike.

Horrorism - Adriana Cavarero 2009

In this brilliant book, one of the world's most provocative feminist theorists and political philosophers introduces a new word--horrorism--to capture the experience of violence. Unlike terror, horrorism is a form of violation grounded in the offense of disfiguration and massacre. Numerous outbursts of violence fall within Adriana Cavarero's category of horrorism, especially when the phenomenology of violence is considered from the perspective of the victim rather than that of the warrior. Through her searing analysis, Cavarero proves that violence against the helpless claims a specific vocabulary, one that has been known for millennia, and not just to the Western tradition.

The Motorcycle Diaries - Ernesto Che Guevara 2021-11-09

A New York Times bestseller With a new introduction by The Motorcycle Diaries filmmaker Walter Salles, and featuring 24 pages of photos taken by Che. The Motorcycle Diaries is Che Guevara's diary of his journey to discover the continent of Latin America while still a medical student, setting out in 1952 on a vintage Norton motorcycle together with his friend Alberto Granado, a biochemist. It captures, arguably as much as any book ever written, the exuberance and joy of one person's youthful belief in the possibilities of humankind tending towards justice, peace and happiness. After the release in 2004 of the exhilarating film of the same title, directed by Walter Salles, the book became a New York Times and international bestseller. This edition includes a new introduction by Walter Salles and an array of new material that was assembled for the 2004 edition coinciding with the release of the film, including 24 pages of previously unpublished photos taken by Che, notes and comments by his wife, Aleida Guevara March, and an extensive introduction by the distinguished Cuban author, Cintio Vitier. "A journey, a number of journeys. Ernesto Guevara in search of adventure, Ernesto Guevara in search of America, Ernesto Guevara in search of Che. On this journey, solitude found solidarity. 'I' turned into 'we.'"—Eduardo Galeano "As his journey progresses, Guevara's voice seems to deepen, to darken, colored by what he witnesses in his travels. He is still poetic, but now he comments on what he sees, though still poetically, with a new awareness of the social and political ramifications of what's going on around him."—January Magazine "Our film is about a young man, Che, falling in love with a continent and finding his place in it." —Walter Salles, director of the film version of *The Motorcycle Diaries* "All this wandering around 'Our America with a Capital A' has changed me more than I thought." —Ernesto Che Guevara, from *The Motorcycle Diaries*

Eudemian Ethics - Aristotle 2015-09-01

The Eudemian Ethics and the *De Virtutibus et Vitiis* have not received much attention from scholars. Mr. Ross's suggestions have been of the greatest use to me; Fritzsche's commentary I have sometimes referred to with advantage, and also to some notes printed by Prof. Henry Jackson and kindly sent me by him some years ago. Prof. Jackson is also the author of an article in the *Journal of Philology*, xxxii, which has shed a flood of light on the corrupt passage, Bk. VII, chs. 13, 14. Of course the principal help to the understanding of the two treatises is the *Nicomachean Ethics*, their resemblances to and differences from which work are of great interest. Aeterna Press

Walden Two - B. F. Skinner 2005-07-15

A reprint of the 1976 Macmillan edition. This fictional outline of a modern utopia has been a center of controversy ever since its publication in 1948. Set in the United States, it pictures a society in which human problems are solved by a scientific technology of human conduct.

The Tale-tellers - Nancy Huston 2009

To be human is to have a story and to tell stories – an 'I' only comes into being thanks to the 'we's' which, through stories, we are taught to identify with and relate to. Each and every detail of our precious identities, from our names to our birthdates to our family histories to our national identities to our religions, is part of a story that was invented at a particular place and time, constructed in the same way as all stories are constructed. As opposed to the

simplistic, involuntary fictions, which we absorb unwittingly from the day we are born until the day we die, novels are rich and voluntary fictions. Because they encourage us to identify and empathize with people unlike ourselves and give us access to their inner lives, novels can play an important ethical role in the world of today.

NICOMACHEAN ETHICS - Aristotle 2017-04-20

EVERY art and every inquiry, and similarly every action and pursuit, is thought to aim at some good; and for this reason the good has rightly been declared to be that at which all things aim. But a certain difference is found among ends; some are activities, others are products apart from the activities that produce them. Where there are ends apart from the actions, it is the nature of the products to be better than the activities. Now, as there are many actions, arts, and sciences, their ends also are many; the end of the medical art is health, that of shipbuilding a vessel, that of strategy victory, that of economics wealth. But where such arts fall under a single capacity- as bridle-making and the other arts concerned with the equipment of horses fall under the art of riding, and this and every military action under strategy, in the same way other arts fall under yet others- in all of these the ends of the master arts are to be preferred to all the subordinate ends; for it is for the sake of the former that the latter are pursued. It makes no difference whether the activities themselves are the ends of the actions, or something else apart from the activities, as in the case of the sciences just mentioned.

Sternstunden Der Menschheit. Vierzehn Historische

Miniaturen - Stefan Zweig 2018-04-05

Sternstunden der Menschheit präsentiert vierzehn novellenartig aufgebaute historische Begebenheiten, deren Auswirkungen die Geschichte der Menschheit verändert haben. Zweig schreibt im Vorwort: "Solche dramatisch geballten, solche schicksalsträchtigen Stunden, in denen eine zeitüberdauernde Entscheidung auf ein einziges Datum, eine einzige Stunde und oft nur eine Minute zusammengedrängt ist, sind selten im Leben eines Einzelnen und selten im Laufe der Geschichte. [...] Ich habe sie so genannt, weil sie leuchtend und unwandelbar wie Sterne die Nacht der Vergänglichkeit überglänzen." Die Texte sind keine historischen Analysen, sondern novellistisch zugespitzte Erzählungen, in deren Mittelpunkt jeweils eine biografisch überhöhte Person steht.

The Journey of a Tzotzil-Maya Woman of Chiapas, Mexico - Christine Eber 2011-11-01

Most recent books about Chiapas, Mexico, focus on political conflicts and the indigenous movement for human rights at the macro level. None has explored those conflicts and struggles in-depth through an individual woman's life story. *The Journey of a Tzotzil-Maya Woman*

of Chiapas, Mexico now offers that perspective in one woman's own words. Anthropologist Christine Eber met "Antonia" in 1986 and has followed her life's journey ever since. In this book, they recount Antonia's life story and also reflect on challenges and rewards they have experienced in working together, offering insight into the role of friendship in anthropological research, as well as into the transnational movement of solidarity with the indigenous people of Chiapas that began with the Zapatista uprising. Antonia was born in 1962 in San Pedro Chenalhó, a Tzotzil-Maya township in highland Chiapas. Her story begins with memories of childhood and progresses to young adulthood, when Antonia began working with women in her community to form weaving cooperatives while also becoming involved in the Word of God, the progressive Catholic movement known elsewhere as Liberation Theology. In 1994, as a wife and mother of six children, she joined a support base for the Zapatista Army of National Liberation. Recounting her experiences in these three interwoven movements, Antonia offers a vivid and nuanced picture of working for social justice while trying to remain true to her people's traditions.

And then it shows the reader how to develop and apply attitudes and behaviors that transcend psychological obstacles and lead to success. The Disciplined Trader helps you join the elite few who have learned how to control their trading behavior (the few traders who consistently take the greatest percentage of profits out of the market) by developing a systematic, step-by-step approach to winning week after week, month after month. The book is divided into three parts: • An overview of the psychological requirements of the trading environment • A definition of the problems and challenges of becoming a successful trader • Basic insights into what behavior may need to be changed, and how to build a framework for accomplishing this goal • How to develop specific trading skills based on a clear, objective perspective on market action "A groundbreaking work published in 1990 examining as to why most traders cannot raise their equity on a consistent basis, bringing the reader to practical conclusions to go about changing any limiting mindset."—Larry Pesavento, TradingTutor.com

Orientalism - Edward W. Said 2014-10-01

More than three decades after its first publication, Edward Said's groundbreaking critique of the West's historical, cultural, and political perceptions of the East has become a modern classic. In this wide-ranging, intellectually vigorous study, Said traces the origins of "orientalism" to the centuries-long period during which Europe dominated the Middle and Near East and, from its position of power, defined "the orient" simply as "other than" the occident. This entrenched view continues to dominate western ideas and, because it does not allow the East to represent itself, prevents true understanding. Essential, and still eye-opening, *Orientalism* remains one of the most important books written about our divided world.
