**Myths of Europe** - 2007-01-01

Myths of Europe focuses on the identity of Europe, seeking to re-assess its cultural, literary and political traditions in the context of the 21st century. Over 20 authors - historians, political scientists, literary scholars, art and cultural historians - from five countries here enter into a debate. How far are the myths by which Europe has defined itself for centuries relevant to its role in global politics after 9/11? Can 'Old Europe' maintain its traditional identity now that the European Union includes countries previously supposed to be on its periphery? How has Europe handled relations with the non-European Other in the past and how is it reacting now to an influx of immigrants and asylum seekers? It becomes clear that founding myths such as Hamlet and St Nicholas have helped construct the European consciousness but also that these and other European myths have disturbing Eurocentric implications. Are these myths still viable today and, if so, to what extent and for what purpose? This volume sits on the interface between culture and politics and is important reading for all those interested in the transmission of myth and in both the past and the future of Europe.

record of current ideas and developments in the field.

**World Yearbook of Education 2011** - Lyn Yates 2011-02

How do curriculum, conceptions of knowledge and the schooling experiences of young people engage the great issues of this tumultuous time? Curriculum is always influenced by the events that shape our world, but when testing and bench-marking preoccupy us, we can forget the world that is both the foundation and the object of curriculum. This edited volume brings together international contributors to analyze and reflect on the way the events of the last decade have influenced the curriculum in their countries. As they address nationalism in the face of economic globalisation, the international financial crisis, immigration and the culture of diaspora, they ask how national loyalties are balanced with international relationships and interests. They ask how the rights of women, and of ethnic and racial groups are represented. They ask what has changed about history and civics post 9/11, and they ask how countries that have experienced profound political and economic changes have addressed them in curriculum. These interactions and changes are a subject of particular interest for an international yearbook in that they are almost always permeated by global movements and influenced by multinational bodies and practices. And as these essays show, in curriculum, global and international issues are explicitly or implicitly also about local and national interests and about how citizens engage their rights and responsibilities. This volume brings together a new approach to perspectives on curriculum today and a new collection of insights into the changes from different parts of the world which discuss: How is the world represented in curriculum? How do responses to world events shape the stories we tell students about who they are and can be? This book will be of great benefit to educational researchers and policy-makers, as well as undergraduate and postgraduate students.

Making a Mass Institution - Kyle P. Steele 2020-07-17

Indianapolis began its secondary system with a singular,

decidedly academic high school, but ended the 1960s with multiple high schools with numerous paths to graduation. Making a Mass Institution describes how this process created both a distinct youth culture and a divided and unjust system, one that effectively sorted students geographically, economically, and racially.

*Goethe Yearbook 11* - Simon J. Richter 2002-12

Eighteen new articles on the works of Goethe and other authors of the Goethezeit, along with the customary book review section. The Goethe Yearbook is a publication of the Goethe Society of North America. It publishes original contributions to the understanding of Goethe and other authors of the Goethezeit. Its book review section evaluates a wide selection of publications on the

period, and is important for all scholars of 18th-century literature. The eighteen articles in this volume treat a wide range of topics. The volume opens with the last work of the late Stuart Atkins, on Renaissance and Baroque elements in Faust, and proceeds to a critical appreciation of the Goethe scholarship of the late Géza von Molnár, before offering Molnár's last essay, also on Faust. A number of articles explore questions of the "Ich," the Ego, and subjectivity in the writings of Goethe and of others of his age such as Rousseau, Moritz, Fichte, and Novalis. Three articles deal with Faust, one with Götz von Berlichingen's Weislingen, one with the genealogy of the poem 'Auf dem See, ' and one with Egmont. An article focuses on the women figures in Wilhelm Meister, and there is a short story titled 'Mignon' by Irmgard Elsner Hunt. Other articles explore Grillparzer's Sappho, Wilhelm Müller's Lieder der Griechen, and Karls Enkel's Dahin! Dahin! Ein Göte-Abend. There is also a Laudatio to Daniel Barenboim in addition to the customary book review section.

Contributors: Stewart Atkins, Katharina Mommsen, Peter Fenves, Géza von Molnár, Fritz Breithaupt, Anthony Krupp, Elliott Schreiber, Edgar Landgraf, Horst Lange, Volker Kaiser, Rainer Nägele, Martha B. Helfer, Marion Schmaus, Brigitte Prutti, Charles A. Grair, Lorna Fitzsimmons, Irmgard Elsner Hunt. Book review editor is Martha B. Helfer. Simon J. Richter is associate professor of German at the University of Pennsylvania.

*Loyalty to the Monarchy in Late Medieval and Early Modern Britain, c.1400-1688* - Matthew Ward 2020-06-30

This book explores the place of loyalty in the relationship between the monarchy and their subjects in late medieval and early modern Britain. It focuses on a period in which political and religious upheaval tested the bonds of loyalty between ruler and ruled. The era also witnessed changes in how loyalty was developed and expressed. The first section focuses on royal propaganda

and expressions of loyalty from the gentry and nobility under the Yorkist and early Tudor monarchs, as well as the fifteenth-century Scottish monarchy. The chapters illustrate late-medieval conceptions of loyalty, exploring how they manifested themselves and how they persisted and developed into early modernity. Loyalty to the later Tudors and early Stuarts is scrutinised in the second section, gauging the growing level of dissent in the build-up to the British Civil Wars of the seventeenth century. The final section dissects the role that the concept of loyalty played during and after the Civil Wars, looking at how divergent groups navigated this turbulent period and examining the ways in which loyalty could be used as a means of surviving the upheaval.

*Yearbook of Morphology 2005* - Geert Booij 2006-10-11

A revival of interest in morphology has occurred during recent years. The periodical *Yearbook of Morphology*, published since 1988, has proven to be an eminent support for this upswing of morphological research, and has shown that morphology is central to present-day linguistic theorizing. In the *Yearbook of Morphology 2005* a number of important theoretical issues are discussed: the role of inflectional paradigms in morphological analysis, the differences between words and affixes, and the adequacy of competing models of word structure. In addition, the role of phonological factors in shaping complex words is discussed. Evidence for particular positions defended in this volume is taken from a wide variety of languages. This volume is of interest to those working in theoretical, descriptive and historical linguistics, morphologists, phonologists, computational linguists, and psycholinguists. Beginning with Volume 16 (2006) the *Yearbook of Morphology* continues as a journal with the title: *Morphology*. This is the only journal entirely devoted to the study of linguistic morphology. The journal is available online as well as in print. Visit the journal at: [www.springer.com/11525](http://www.springer.com/11525) or click on the link in the top right hand corner.

**International Yearbook for Research in Arts Education 1/2013** - Eckart Liebau 2013

This Yearbook is the first in what is anticipated to be an annual series of publications by the International Network for Research in Arts Education (INRAE). It is designed as a forum for information sharing and

discussion of issues arising from the adoption and implementation of the Seoul Agenda, the statement of principle and action that emerged from the 2010 World Conference on Arts Education in Korea and has since been unanimously ratified by the UNESCO General Conference. The Yearbook is intended as a living contribution to the international debate about quality in arts education. This first edition emphasizes short, contextual contributions that summarize recent advances made in this field, and establishes the parameters for ongoing discussion.

**Global Civil Society Yearbook 2009** - Ashwani Kumar 2009-05-13

The annual *Global Civil Society Yearbooks* provide an indispensable guide to global civil society or civic participation and action around the world. The 2009 Yearbook explores the framings, strategies and impacts of a range of actors on poverty and its alleviation. The overarching question is to whether such actors, in pressing for poverty alleviation actually achieve anything/empower the poor, or simply aid wealthy states in maintaining the status quo. The contributors are diverse, including scholars and practitioners from India, America, the UK, Australia, Thailand, and Mali. The *Global Civil Society Yearbook* remains the standard work on all aspects of contemporary global civil society for activists, practitioners, students and academics alike. It is essential reading for anyone seeking a deeper understanding of the key actors, forms and manifestations of global civil society around the world today.
