The Story of Mr. AntiSocial - Michael Jean DuBois 2018-12-27

I'm writing this book as a man in his upper thirties who is recounting about thirty years' worth of a lifelong struggle with being comfortable around people. That is, not knowing how to talk to people, not trusting people enough to be comfortable sharing my thoughts, feelings, and experiences. Being socially dysfunctional has led me to do and think a number of things that I'm not proud of. I'm highly critical of myself in this book and throughout my everyday life in general. I've always lamented that I wished I could be someone else. But in the end, I need to realize that I have to embrace who I am with all my flaws. I can only be me. I can't be anyone else, and I should not want that to be any other way.

Accounting Standards - Opperman 2009-05

This 13th edition introduces learners to general accounting principles and the disclosure requirements of company financial statements. In this comprehensive and up-to-date publication, principles are illustrated through questions and solutions. The learner's understanding of principles is gradually broadened by an increase in the degree of difficulty of the questions that are asked. Self-study is actively encouraged by the inclusion of questions for which the solutions are available to prescribing institutions only. Changes brought about by new accounting standards, issued as a consequence of the South African Institute of Chartered Accountants' Improvement of Accounting Standards Project, have once again been incorporated in this latest edition. "Accounting Standards" is intended to satisfy the specific requirements of learners and to reduce the workload of educators.
