one go! Part of a growing series of B-format puzzle books from Usborne.

Multiplication Table Math 1 to 25 Activity Workbook - Joe L Perry 2019-07-17

Method of Learning the Multiplication Facts Made Easy Workbook. Memorization of the multiplication facts is fun for kids with learning differences, many say this is the best way to learn time tables. Our learning materials have helped educate four generations of kids, creating lifelong learners, and the legacy continues. Let us help you prepare your young child for the next grade level with our workbooks, Keep kids "classroom ready" with our workbooks, tablet, accessories, and more! Use these in the classroom or at home. LEARNING TOOLS FOR KIDS: Until students have developed sufficient sensory-cognitive tools supporting access to symbolic memory, they will not be able to image, store or retrieve all of the basic facts with automaticity. Therefore, students need a comprehensive, developmental, and multi-sensory structured system for developing automaticity with the facts.

Times Tables Activity Book - Penny Worms 2021-02-15
This beautifully illustrated, cleverly designed book makes practicing your times tables easy, accessible, and rewarding. Each page presents the reader with clear instructions and simple sums that will help them to develop a strong grasp of multiplication. With over 80 activities to complete, children with gradually increase their speed, confidence, and proficiency. Activities include: - Draw the path the skier must take by following the seven times tables - Match up the penguins-sums to the penguin-solutions - Help the fox find the missing numbers in these multiplication sums The warm, gently humorous illustrations will make children feel welcome and supported, and create a context where math is fun. Designed specially for readers aged 6+. ABOUT THE SERIES: Arcturus Math Skills Workbooks are a series of mathematical activity books which provide a fun and friendly way for young readers to pick up new numeracy skills, brilliantly illustrated in full-color by Kasia Dudziuk.

Times Tables - Dickins Rosie 2016-02-05

A colourful, write-in book featuring a multitude of multiplication puzzles, encouraging children to learn and remember their times tables. Kids can go through each table in turn - with plenty of opportunities to practise each one - before testing themselves with quick quizzes and completing a treasure map which requires all their times tables skills. This is the first title in a new Maths Activity Books Series, to be followed by Adding and Subtracting, Fractions, and Telling the Time. This write-in activity book, filled with loads of illustrated activities and scenes, will help you practise your times tables. Each double spread has a different theme to tie the activities together. There are two spreads of stickers, some of which are used in the activities, some are used as rewards for the 'Test yourself' page. Illustrations: Full colour throughout
Telling the Time Activity Book - Lara BRYAN 2017-10
A write-in activity book of puzzles, activities and

stickers to help children learn all about telling the time - from reading different kinds of clocks to working out how long things take. Puzzles include a time-travelling maze, cupcakes to decorate and colour-by-numbers jungle birds. Fun, puzzle-based learning makes mastering the tricky task of telling the time more accessible and less daunting. Includes a practice clock to cut out and make. With quick quizzes and sticker rewards, so children can regularly practice what they've learnt and feel positive about what they've achieved.
