Autumn in the Alaska Range - Tom Sexton 2000

These are poems of the natural world, of light and dark and the changing of the seasons. We find Tu Fu chanting a poem deep in the Alaska Range, a man who becomes a bear during his morning walk, a world of light carved from a piece of ivory, and walruses in their home beneath the ocean deciding if they will offer themselves to a hunter. Not all of the poems are set in Alaska. There are poems about growing up in a decaying mill town, the suicide of the poet's mother and how the past is always with us. However, Sexton returns again and again to the conviction that the world itself is sacred -- an ancient belief we need to recover.

The Big Burn - Timothy Egan 2009-10-19

National Book Award-winner Timothy Egan turns his historian's eye to the largest-ever forest fire in America and offers an epic, cautionary tale for our time. On the afternoon of August 20, 1910, a battering ram of wind moved through the drought-stricken national forests of Washington, Idaho, and Montana, whipping the hundreds of small blazes burning across the forest floor into a roaring inferno that jumped from treetop to ridge as it raged, destroying towns and timber in the blink of an eye. Forest rangers had assembled nearly ten thousand men to fight the fires, but no living person had seen anything like those flames, and neither the

rangers nor anyone else knew how to subdue them. Egan recreates the struggles of the overmatched rangers against the implacable fire with unstoppable dramatic force, and the larger story of outsized president Teddy Roosevelt and his chief forester, Gifford Pinchot, that follows is equally resonant. Pioneering the notion of conservation, Roosevelt and Pinchot did nothing less than create the idea of public land as our national treasure, owned by every citizen. Even as TR's national forests were smoldering they were saved: The heroism shown by his rangers turned public opinion permanently in favor of the forests, though it changed the mission of the forest service in ways we can still witness today. This e-book includes a sample chapter of *SHORT NIGHTS OF THE SHADOW CATCHER*.

Fifty Miles from Tomorrow - William L. Iggiagruk Hensley 2010-03-02

Nunavut tigummiun! Hold on to the land! It was just fifty years ago that the territory of Alaska officially became the state of Alaska. But no matter who has staked their claim to the land, it has always had a way of enveloping souls in its vast, icy embrace. For William L. Iggiagruk Hensley, Alaska has been his home, his identity, and his cause. Born on the shores of Kotzebue Sound, twenty-nine miles north of the Arctic Circle, he was raised to live the traditional, seminomadic life that his Iñupiaq ancestors had lived for thousands of years. It was a life of cold and of constant effort,

but Hensley's people also reaped the bounty that nature provided. In *Fifty Miles from Tomorrow*, Hensley offers us the rare chance to immerse ourselves in a firsthand account of growing up Native Alaskan. There have been books written about Alaska, but they've been written by Outsiders, settlers. Hensley's memoir of life on the tundra offers an entirely new perspective, and his stories are captivating, as is his account of his devotion to the Alaska Native land claims movement. As a young man, Hensley was sent by missionaries to the Lower Forty-eight so he could pursue an education. While studying there, he discovered that the land Native Alaskans had occupied and, to all intents and purposes, owned for millennia was being snatched away from them. Hensley decided to fight back. In 1971, after years of Hensley's tireless lobbying, the United States government set aside 44 million acres and nearly \$1 billion for use by Alaska's native peoples. Unlike their relatives to the south, the Alaskan peoples would be able to take charge of their economic and political destiny. The landmark decision did not come overnight and was certainly not the making of any one person. But it was Hensley who gave voice to the cause and made it real. *Fifty Miles from Tomorrow* is not only the memoir of one man; it is also a fascinating testament to the resilience of the Alaskan Iñupiaq, the Alaskan spirit.

Into the Wild - Jon Krakauer 2009-09-22

Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the

allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons.

"Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

Into Thin Air - Jon Krakauer 1998-11-12

#1 NATIONAL BESTSELLER • "A harrowing tale of the perils of high-altitude climbing, a story of bad luck and worse judgment and of heartbreaking heroism." —PEOPLE A bank of clouds was assembling on the not-so-distant horizon, but journalist-mountaineer Jon Krakauer, standing on the summit of Mt. Everest, saw nothing that "suggested that a murderous storm was bearing down." He was wrong. The storm, which claimed five lives and left countless more--including Krakauer's--in guilt-ridden disarray, would also provide the impetus for *Into Thin Air*, Krakauer's epic account of the May 1996 disaster. By writing *Into Thin Air*, Krakauer may have hoped to exorcise some of his own demons and lay to rest some of the painful questions that still surround the event. He takes great pains to provide a balanced picture of the people and events he witnessed and gives due credit to the tireless and dedicated Sherpas. He also avoids blasting easy targets such as Sandy Pittman, the wealthy socialite who brought an espresso maker along on the expedition. Krakauer's highly personal inquiry into the catastrophe provides a great deal of insight into what went wrong. But for Krakauer himself, further interviews and investigations only lead him to the conclusion that his perceived failures were directly responsible for a fellow climber's death. Clearly, Krakauer remains haunted by the disaster, and although he relates a number of incidents in which he acted selflessly and even heroically, he seems unable to view those instances objectively. In the end, despite his evenhanded and even generous assessment of others' actions, he reserves a full measure of vitriol for himself. This updated trade paperback edition of *Into Thin Air* includes an extensive new postscript that sheds fascinating light on the acrimonious debate that flared between Krakauer and Everest guide Anatoli Boukreev in the wake of the tragedy. "I have no doubt that Boukreev's intentions were good on summit day," writes Krakauer in the postscript, dated August 1999. "What disturbs me, though, was Boukreev's refusal to acknowledge the possibility that he made even a single poor decision. Never did he indicate that perhaps it wasn't the best choice to climb without gas or go down ahead of his clients." As usual, Krakauer supports his points with dogged research and a good dose of humility. But rather than continue the heated discourse that has raged since *Into Thin Air*'s denouncement of guide Boukreev, Krakauer's tone is conciliatory; he points most of his criticism at G. Weston De Walt, who coauthored *The Climb*, Boukreev's version of events. And in a touching conclusion, Krakauer recounts his last conversation with the late Boukreev, in which the two weathered climbers agreed to disagree about certain points. Krakauer had great hopes to patch things up with Boukreev, but the Russian later died in an avalanche on another Himalayan peak, Annapurna I. In 1999, Krakauer received an Academy Award in Literature from the American Academy of Arts and Letters--a prestigious prize intended "to honor writers of exceptional accomplishment." According to the Academy's citation, "Krakauer combines the tenacity and courage of the finest tradition of investigative journalism with the stylish subtlety and profound insight of the born writer. His account of an ascent of Mount Everest has led to a general reevaluation of climbing and of the commercialization of what was once a romantic, solitary sport; while his account of the life and death of Christopher McCandless, who died of starvation after challenging the Alaskan

wilderness, delves even more deeply and disturbingly into the fascination of nature and the devastating effects of its lure on a young and curious mind."
