

# Cervantes S Novelas Ejemplares Reading Their Less

Thank you very much for downloading **Cervantes S Novelas Ejemplares Reading Their Less** . Maybe you have knowledge that, people have look hundreds times for their chosen readings like this Cervantes S Novelas Ejemplares Reading Their Less , but end up in harmful downloads.

Rather than enjoying a good book with a cup of coffee in the afternoon, instead they cope with some malicious virus inside their computer.

Cervantes S Novelas Ejemplares Reading Their Less is available in our digital library an online access to it is set as public so you can get it instantly. Our book servers spans in multiple countries, allowing you to get the most less latency time to download any of our books like this one.

Merely said, the Cervantes S Novelas Ejemplares Reading Their Less is universally compatible with any devices to read

## **A People's History of Classics** - Edith Hall 2020-02-26

A People's History of Classics explores the influence of the classical past on the lives of working-class people, whose voices have been almost completely excluded from previous histories of classical scholarship and pedagogy, in Britain and Ireland from the late 17th to the early 20th century. This volume challenges the prevailing scholarly and public assumption that the intimate link between the exclusive intellectual culture of British elites and the study of the ancient Greeks and Romans and their languages meant that working-class culture was a 'Classics-Free Zone'. Making use of diverse sources of information, both published and unpublished, in archives, museums and libraries across the United Kingdom and Ireland, Hall and Stead examine the working-class experience of classical culture from the Bill of Rights in 1689 to the outbreak of World War II. They analyse a huge volume of data, from individuals, groups, regions and activities, in a huge range of

sources including memoirs, autobiographies, Trade Union collections, poetry, factory archives, artefacts and documents in regional museums. This allows a deeper understanding not only of the many examples of interaction with the Classics, but also what these cultural interactions signified to the working poor: from the promise of social advancement, to propaganda exploited by the elites, to covert and overt class war. A People's History of Classics offers a fascinating and insightful exploration of the many and varied engagements with Greece and Rome among the working classes in Britain and Ireland, and is a must-read not only for classicists, but also for students of British and Irish social, intellectual and political history in this period. Further, it brings new historical depth and perspectives to public debates around the future of classical education, and should be read by anyone with an interest in educational policy in Britain today. *Sharpe's London Magazine* - Anna Maria Fielding Hall ("Mrs. S. C. Hall, ")

**Maria de Zayas Tells Baroque Tales of Love and the Cruelty of Men -**

Margaret Greer 2010-11-01

María de Zayas y Sotomayor (1590–1650?) published two collections of novellas, *Novelas amorosas y ejemplares* (1637) and *Desengaños amorosos* (1647), which were immensely popular in her day. During the nineteenth and early twentieth centuries, Victorian and bourgeois sensibilities exiled her &“scandalous&” works to the outer fringes of serious literature. Over the last two decades, however, she has gained an enthusiastic and ever-expanding readership, drawing intense critical attention and achieving canonical status as a major figure of the Spanish Golden Age. In this first comprehensive study of Zayas’s prose, Margaret R. Greer explores the relationship between narration and desire, analyzing both the &“desire for readers&” displayed by Zayas in her Prologue and the sexual desire that drives the telling within the novellas themselves. Greer examines Zayas’s narrative strategies through the twin lenses of feminist and psychoanalytic theory. She devotes close attention to the weight of Renaissance literary traditions and the role of Zayas’s own cultural context in shaping her work. She discusses Zayas’s biography and the reception of her publications; her advocacy of women’s rights; her conflictive loyalty to an aristocratic, patriarchal order; her crafting of feminine tales of desire; and her erasure of the frontiers between the natural and supernatural, indeed, between love and death itself. In so doing, Greer offers an expansive analysis of this recently rediscovered Golden Age writer.

**The Exemplary novels of Miguel de Cervantes Saavedra tr. by W.K.Kelly -**

**Exemplary Stories - Miguel de Cervantes Saavedra 1972**

Even more popular in their day than Don Quixote, Cervantes's Exemplary Stories (1613) surprise, challenge and delight. Ranging from the picaresque to the satirical, Cervantes's Exemplary Stories defy the conventions of heroic chivalric literature through a combination of comic irony, moral ambiguity, realism, and sheer mirth. With acute narrative skill and deft characterisation, drawing on colloquial language and farce, Cervantes creates a tension between the everyday and the literary, the plausible and the improbable. While encouraging us to reach our own moral conclusions, he also persuades us to accept the coincidental and the incredible: two boys indulge their life of crime at a time of public prayer; a young nobleman undergoes a change of identity at the behest of not a princess but a mere gypsy girl, and, most fantastically, talking dogs philosophize in a ward full of syphilitics. By placing the extraordinary within the contexts of the ordinary, the Exemplary Stories chart new novelistic territory and demonstrate Cervantes at his most imaginative and innovative. This new translation captures the full vigour of Cervantes's wit and makes available two rarely printed tales, 'The Illustrious Kitchen Maid' and 'The Power of Blood'.

*The Exemplary Novels of Cervantes -*  
MR Miguel De Cervantes Saavedra  
1790-12

It seems to be generally admitted that in rendering the title of a book from one language into another, the form of the original should be retained, even at the cost of some deviation from ordinary usage. Cicero's work *De Officiis* is never

spoken of as a treatise on Moral Duties, but as Cicero's Offices. Upon the same principle we have not entitled the following collection of tales, Instructive or Moral; though it is in this sense that the author applied to them the epithet *exemplares*, as he states distinctly in his preface. The Spanish word *exemplo*, from the time of the archpriest of Hita and Don Juan Manuel, has had the meaning of instruction, or instructive story. The "Novelas Exemplares" were first published in 1613, three years before the death of Cervantes. They are all original, and have the air of being drawn from his personal experience and observation. Ticknor, in his "History of Spanish Literature," says of them, and of the "Impertinent Curiosity," inserted in the first part of Don Quixote: - "Their value is different, for they are written with different views, and in a variety of style greater than he has elsewhere shown; but most of them contain touches of what is peculiar in his talent, and are full of that rich eloquence and of those pleasing descriptions of natural scenery which always flow so easily from his pen. They have little in common with the graceful story-telling spirit of Boccaccio and his followers, and still less with the strictly practical tone of Don Juan Manuel's tales; nor, on the other hand, do they approach, except in the case of the 'Impertinent Curiosity,' the class of short novels which have been frequent in other countries within the last century.

**Cervantes and the Burlesque Sonnet** - Adrienne Laskier Martin 2023-04-28  
This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact.

Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1991.

America - 1916

**Three Exemplary Novels/Tres Novelas Ejemplares** - Miguel de Cervantes  
2006-10-27

From the creator of Don Quixote, the most famous figure in Spanish literature, comes this trio of novellas: "La gitanilla," a gypsy romance; "El coloquio de los perros," a dialogue between two dogs; and "Rinconete y Cortadillo," a day in the underworld of 18th-century Seville. Introduction, new English translation, and notes.

**Sharpe's London Magazine: a Journal of Entertainment and Instruction for General Reading...** - 1848

Vols. 22-23 include illustrations by George Cruikshank.

*Tradition and Modernity* - Idoya Puig  
2009

The Spanish Golden Age novelist Miguel de Cervantes has long cast a shadow over the writers who have followed in his wake. This book explores the great novelist's influence on contemporary Spanish writers. The links between the Golden Age tradition and contemporary writing are examined by leading academics in the field of the Spanish contemporary novel. The collection focuses on aspects of literary technique and metafiction, particularly the role of the narrator, the mixing of fictional and real characters, and self-reflection and literary criticism within the novel. These are all techniques that have recognisable Cervantine traits. Other parallels with Cervantes's writing are explored such as the portrayal of a hero with quixotic

characteristics and the imitation of specific episodes from Cervantes's works.

The Exemplary Novels of Cervantes - Miguel de Cervantes 2021-04-10  
"The Exemplary Novels of Cervantes" by Miguel de Cervantes (translated by Walter K. Kelly). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Affective Geographies - Paul Michael Johnson 2021-02-01  
For Miguel de Cervantes, to narrate a Mediterranean experience is to necessarily speak of an emotional experience. *Affective Geographies* takes as its point of departure the premise that literature is as influential in constructing the Mediterranean as are its geographic, climatic, or economic features. As the writer with the most vast and varied Mediterranean experience of his era, Cervantes is exceptionally well-suited for the critical task of recovering the literary Mediterranean. Engaging with the interdisciplinary fields of Mediterranean studies, affect theory, and the history of emotion, Paul Michael Johnson reads Cervantes's texts alongside the affective structures that inscribe the Mediterranean as a space of conflict, commerce, expansion, and empire. In particular, he argues that Cervantes's writing, with its uncommon focus on the Moorish, Islamic, and North African

experience, can serve to realign misconceptions about the Mediterranean we have inherited today. *Affective Geographies* proposes that, with a more than four-hundred-year history of impacting the hearts and minds of readers, Cervantes's works constitute a literary *longue durée*, ramifying beyond fiction to alter the popular imaginary and long-term cultural landscape.

Braudel Revisited - Gabriel Piterberg 2015-10-06

Fernand Braudel (1912-1985), was a leading French historian and author of, among other books, the groundbreaking *The Mediterranean and the Mediterranean World in the Age of Philip II* (1949). One of the founders of the *Annales* School in France, Braudel insisted on treating the Mediterranean region as a whole, irrespective of religious and national divides. Braudel's new historiography rejected political history as the dominant discipline and espoused a 'total history' or a 'history from below' that would tell the story of the vast majority of humanity hitherto excluded from the grand narrative. At the time of the book's appearance, this premise was revolutionary. The contributors to *Braudel Revisited* assess the impact of Braudel's work on today's academic world, in light of subsequent methodological shifts. Engaging with Braudel's texts as well as with his ideas, the essays in this volume speak to the enduring legacy of his work on the ongoing exploration of early modern history.

The Cambridge Companion to European Novelists - Michael Bell 2012-06-14

A lively and comprehensive account of the whole tradition of European fiction for students and teachers of comparative literature, this volume covers twenty-five of the most significant and influential novelists in Europe from Cervantes to Kundera.

Each essay examines an author's use of, and contributions to, the genre and also engages an important aspect of the form, such as its relation to romance or one of its sub-genres, such as the Bildungsroman. Larger theoretical questions are introduced through specific readings of exemplary novels. Taking a broad historical and geographic view, the essays keep in mind the role the novel itself has played in the development of European national identities and in cultural history over the last four centuries. While conveying essential introductory information for new readers, these authoritative essays reflect up-to-date scholarship and also review, and sometimes challenge, conventional accounts.

Rinconete and Cortadillo - Miguel de Cervantes 1963-12-31

In addition to *Don Quixote*, the most popular work of Cervantes is undoubtedly his Exemplary Novels, and of these *Rinconete and Cortadillo* is the most delightful. This little masterpiece gives perhaps the best sketch of Spanish low-life that has come down to us. The translation is a new one by a Spanish Don now resident in the United States, with a preface by the English essayist, R B Cunnunghame Graham. It also contains Cervantes' own preface, Prologue to the Exemplary Novels.

**Cervantes's Novelas Ejemplares** - William H. Clamurro 2015

Cervantes's *Novelas ejemplares*: Reading their Lessons from His Time to Ours offers a fresh approach to the *Novelas ejemplares* (1613) of Cervantes in which the twelve novels are not analyzed individually nor on the basis of generic definitions but rather from a thematic perspective. In this way, certain pertinent themes and problems are explored by grouping the relevant novels as they dramatize these problems, often

leaving the reader with unresolved "conclusions," and in other instances offering an affirmative solution. The issues examined include the ironies and injustices of social class, the problem of honor and justice, the complex hostilities and interactions of distinct cultures, and the problem of finding a seventeenth-century work of fiction relevant and stimulating to the twenty-first-century reader. *Beneath the Fiction* - William H. Clamurro 1997

Cervantes's "*Novelas ejemplares*" rival "*Don Quijote*" in complexity and significance. This book analyzes all twelve "novelas," seeking to illuminate the inherent tensions between the usually affirmative resolutions and lessons proposed by Cervantes's narrators, on the one hand, and the inescapable socio-cultural dissonances and ironies of story and language, on the other. This reading of the entire collection reveals the richness and complexity of many of the less-studied "novelas" as well as the striking modernity (or postmodernity) of the final text.

**Bad Blood** - Emily Weissbourd 2023-06-20

*Bad Blood* explores representations of race in early modern English and Spanish literature, especially drama. It addresses two different forms of racialized ideology: one concerned with racialized religious difference--that is, the notion of having Jewish or Muslim "blood"--and one concerned with Blackness and whiteness. Shakespeare's *Othello* tells us that he was "sold to slavery" in his youth, a phrase that evokes the Atlantic triangle trade for readers today. For many years, however, scholars have asserted that racialized slavery was not yet widely understood in early modern England, and that the kind of enslavement that *Othello* describes is related to Christian-Muslim conflict in the

Mediterranean rather than the rise of the racialized enslavement of Afro-diasporic subjects. *Bad Blood* offers a new account of early modern race by tracing the development of European racial vocabularies from Spain to England. Dispelling assumptions, stemming from Spain's historical exclusion of Jews and Muslims, that premodern racial ideology focused on religious difference and purity of blood more than color, Emily Weissbourd argues that the context of the Atlantic slave trade is indispensable to understanding race in early modern Spanish and English literature alike. Through readings of plays by Shakespeare, Lope de Vega, and their contemporaries, as well as Spanish picaresque fiction and its English translations, Weissbourd reveals how ideologies of racialized slavery as well as religious difference come to England via Spain, and how both notions of race operate in conjunction to shore up fantasies of Blackness, whiteness, and "pure blood." The enslavement of Black Africans, Weissbourd shows, is inextricable from the staging of race in early modern literature.

[A Companion to Cervantes's Novelas Ejemplares](#) - Stephen F. Boyd 2005

This edited volume of fourteen specially commissioned essays written from a variety of critical perspectives by leading Cervantine scholars seeks to provide an overview of Cervantes's *Novelas ejemplares* which will be of interest to a broad academic readership. This edited volume of fourteen specially commissioned essays written from a variety of critical perspectives by leading cervantine scholars seeks to provide an overview of Cervantes's *Novelas ejemplares* which will be of interest to a broad academic readership. An extensive general Introduction places the *Novelas* in the context of Cervantes's life and

work; provides basic information about their content, composition, internal ordering, publication, and critical reception, gives detailed consideration to the contemporary literary-theoretical issues implicit in the title, and outlines and contributes to the key critical debates on their variety, unity, exemplarity, and supposed 'hidden mystery'. After a series of chapters on the individual stories, the volume concludes with two survey essays devoted, respectively, to the understanding of eutrapelia implicit in the *Novelas*, and to the dynamics of the character pairing that is one of their salient features. Detailed plot summaries of each of the stories, and a Guide to Further Reading are supplied as appendices. Stephen Boyd is a lecturer in the Department of Hispanic Studies of University College Cork.

[Cervantes's Novelas ejemplares](#) - William H. Clamurro 2015-09-17

*Cervantes's Novelas ejemplares: Reading their Lessons from His Time to Ours* offers a thematically oriented reading of the *Novelas*

ejemplares with relevant asides to Cervantes' other works. It takes into account the recent scholarship on the Novelas, and it also reflects the author's experience of teaching Cervantes' works in recent years. This book will be of great value to graduate students, professors, and all who are interested in Hispanic literature.

**The Exemplary Novels of Cervantes** - Miguel De Cervantes Saavedra  
2020-03-28

Don Antonio de Isunza and Don Juan de Gamboa, gentlemen of high birth and excellent sense, both of the same age, and very intimate friends, being students together at Salamanca, determined to abandon their studies and proceed to Flanders. To this resolution they were incited by the fervour of youth, their desire to see the world, and their conviction that the profession of arms, so becoming to all, is more particularly suitable to men of illustrious race. But they did not reach Flanders until peace was restored, or at least on the point of being concluded; and at Antwerp they received letters from their parents, wherein the latter expressed the great displeasure caused them by their sons having left their studies without informing them of their intention, which if they had done, the proper measures might have been taken for their making the journey in a manner befitting their birth and station.

**The Exemplary Novels by Miguel de Cervantes - Delphi Classics (Illustrated)** - Miguel de Cervantes  
2017-07-17

**'Lector Ludens'** - Michael Scham  
2014-09-17

In sixteenth- and seventeenth-century Spain, debating the acceptability of games and recreation was serious business. With *Lector Ludens*, Michael Scham uses Cervantes's *Don Quijote* and *Novelas ejemplares* as the basis for a wide-ranging exploration of early modern Spanish views on recreations ranging from cards and dice to hunting, attending the theater, and reading fiction. Shifting fluidly between modern theories of play, little-known Spanish treatises on leisure and games, and the evidence in Cervantes's own works, Scham illuminates Cervantes's intense fascination with games, play, and leisure, as well as the tensions in early modern Spain between the stern moralizing of the Counter-Reformation and the playfulness of Renaissance humanism.

**Exemplary Novels** - Miguel de Cervantes Saavedra 1822

**Exemplary Novels by Cervantes** - Miguel de Cervantes Saavedra 1900

**A Marriage of Convenience** - Theresa Ann Sears 1993

Cervantes' "Novelas ejemplares" have proved to challenge, both their genre and their declared exemplariness. This study argues that the key to the "Novelas'" generic innovations, as well as their ultimate lesson, is Cervantes' development of a social ideology of marriage based on ideal love. By leading his idealized young protagonists away from families threatened or shattered by the violence of desire and inexorably toward the formation of a new family by means of a marriage endorsed by parental, caste and Church authorities, Cervantes proposes a cure both social and literary for the disorder and disintegration of his uncertain age. The study concludes that the "Novelas" contain a vision that is both conservative and radical in its insight.

**The Little Gipsy Girl** - Miguel de Cervantes Saavedra 2016-01-31

It would almost seem that the Gitanos and Gitanas, or male and female gypsies, had been sent into the world for the sole purpose of thieving. Born of parents who are thieves, reared among thieves, and educated as thieves, they finally go forth perfected in their vocation, accomplished at all points, and ready for every species of roguery. In them the love of thieving, and the ability to exercise it, are qualities inseparable from their existence, and never lost until the hour of their death. Now it chanced that an old woman of this race, one who had

merited retirement on full pay as a veteran in the ranks of Cacus, brought up a girl whom she called Preciosa, and declared to be her granddaughter. To this child she imparted all her own acquirements, all the various tricks of her art. Little Preciosa became the most admired dancer in all the tribes of Gipsydom; she was the most beautiful and discreet of all their maidens; nay she shone conspicuous not only among the gypsies, but even as compared with the most lovely and accomplished damsels whose praises were at that time sounded forth by the voice of fame. Neither sun, nor wind, nor all those vicissitudes of weather, to which the gypsies are more constantly exposed than any other people, could impair the bloom of her complexion or embrown her hands; and what is more remarkable, the rude manner in which she was reared only served to reveal that she must have sprung from something better than the Gitano stock; for she was extremely pleasing and courteous in conversation, and lively though she was, yet in no wise did she display the least unseemly levity; on the contrary, amidst all her sprightliness, there was at the same time so much genuine decorum in her manner, that in the presence of Preciosa no gitana, old or young, ever dared to sing lascivious songs, or utter unbecoming words.

*Don Quixote, Don Juan, and Related Subjects* - James A. Parr 2004

This is a study of major figures, texts, and periods in Spanish literature prior to 1700. It applies - and interrogates - modern critical theory. Contributing to its cohesiveness are the time span addressed (1330-1630) and the emphasis throughout on literary tradition and critical approaches. It is inspired partly by Ramiro de Maeztu's 1926 monograph, *Don Quixote*,

Don Juan y la Celestina, devoted to the three characters Maeztu felt to be the most important in the Spanish literary canon. include Celestina. The volume is divided into three parts. The first of these deals with Don Quixote, the second centers around the Don Juan figure created by Tirso de Molina, while the third ventures farther back in time to treat the major texts of the fourteenth, fifteenth, and sixteenth centuries, along with the problematic period concepts Renaissance and Baroque. James A. Parr is Professor of Spanish at the University of California, Riverside.

2022-05-28

The Exemplary Novels of Cervantes is a series of novellas by Miguel de Cervantes. Contents: The Lady Cornelia, Rinconete and Cortadillo, The Deceitful Marriage, The Generous Lover, The Little Gypsy Girl and many more.

**The Exemplary Novels,1** - Miguel de Cervantes 2013-09

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1822 edition. Excerpt: ...Ironfoot, my horse! Four servants, who accompanied him, said the same thing, uttering reiterated shouts of joy. Our insolent horseman was very much disconcerted and mortified; he wished to expostulate, but their louder expostulations overpowered him: in a word, the gentleman so clearly proved his right to the horse, that he obtained a decision in the unanimous voice of the multitude, and his horse, Ironfoot, was, with all proper order and ceremony, delivered up to him, by the delighted populace. The imposture was now discovered, and the

whole city rejoiced, at the humiliating mortification of the overbearing, vulgar, marauding alguazil. His disgrace did not end here. The assessor, to whom he had so triumphantly carried the blades of the broken swords, being that evening on his tour of duty with the watch, had received intelligence, of some thieves who had assembled in the suburbs of the town; passing a cross road, he observed a man hastily running away; they ran after him; this was no less a personage than my formidable master. The assessor, who saw me, and knew me, seized me by my couitier's badge, my collar, and ordered me to run and catch the thief. Disgusted and provoked, by the wicked and infamous conduct of this master, which exceeded all the blackest vices and treachery put together, that I had ever witnessed in all other services, I did not stand in need of a repetition of the order. I leaped upon him with such unsparing fury, that I threw him to the ground; and, if they had not forcibly taken me off, I should have torn him to pieces without mercy, so base, so black, so perfidious was his conduct and character. Wretched, indeed, must man be, when dogs feel outraged by their vices, and instinctively inflict punishment! I...

The Oxford Handbook of Cervantes - Aaron M. Kahn 2021-02-16

Although best known the world over for his masterpiece novel, Don Quixote de la Mancha, published in two parts in 1605 and 1615, the antics of the would-be knight-errant and his simple squire only represent a fraction of the trials and tribulations, both in the literary world and in society at large, of this complex man. Poet, playwright, soldier, slave, satirist, novelist, political commentator, and literary outsider, Cervantes achieved a minor

miracle by becoming one of the rarest of things in the Early-Modern world of letters: an international best-seller during his lifetime, with his great novel being translated into multiple languages before his death in 1616. The principal objective of The Oxford Handbook of Cervantes is to create a resource in English that provides a fully comprehensive overview of the life, works, and influences of Miguel de Cervantes Saavedra (1547-1616). This volume contains seven sections, exploring in depth Cervantes's life and how the trials, tribulations, and hardships endured influenced his writing. Cervantistas from numerous countries, including the United Kingdom, Spain, Ireland, the United States, Canada, and France offer their expertise with the most up-to-date research and interpretations to complete this wide-ranging, but detailed, compendium of a writer not known for much other than his famous novel outside of the Spanish-speaking world. Here we explore his famous novel *Don Quixote de la Mancha*, his other prose works, his theatrical output, his poetry, his sources, influences, and contemporaries, and finally reception of his works over the last four hundred years.

**Cervantes: The Complete Exemplary Novels** - Barry W. Ife 2013-11-18

Originally published in four separate volumes, this publication sees all 12 *Novelas Ejemplares* as a single volume for the first time in English. Each story has an individual introduction, the original Spanish text with facing English translation and notes.

**New Directions in Early Modern English Drama** - Aidan Norrie

2020-07-06

This collection examines some of the people, places, and plays at the edge of early modern English drama. Recent scholarship has begun to think more critically about the edge, particularly in relation to the canon and canonicity. This book demonstrates that the people and concepts long seen as on the edge of early modern English drama made vital contributions both within the fictive worlds of early modern plays, and

without, in the real worlds of playwrights, theaters, and audiences. The book engages with topics such as child actors, alterity, sexuality, foreignness, and locality to acknowledge and extend the rich sense of playmaking and all its ancillary activities that have emerged over the last decade. The essays by a global team of scholars bring to life people and practices that flourished on the edge, manifesting their importance to both early modern audiences, and to current readers and performers.
