The Holy Quran Translated in Russian Language.

Nation, Language, Islam - Helen M. Faller 2011-04-10

A detailed academic treatise of the history of nationality in Tatarstan. The book demonstrates how state collapse and national revival influenced the divergence of worldviews among ex-Soviet people in Tatarstan, where a political movement for sovereignty (1986-2000) had significant social effects, most saliently, by increasing the domains where people speak the Tatar language and circulating ideas associated with Tatar culture. Also addresses the question of how Russian Muslims experience quotidian life in the post-Soviet period. The only book-length ethnography in English on Tatars, Russia's second most populous nation, and also the largest Muslim community in the Federation, offers a major contribution to our understanding of how and why nations form and how and why they matter - and the limits of their influence, in the Tatar case.

[Jews and Muslims in the Russian Empire and the Soviet Union](#) - Franziska Davies 2015-11-18

The Russian Empire and the Soviet Union were multiethnic and multireligious empires, which ruled over a large number of Jews and Muslims. In many ways these two non-Christian minorities presented similar challenges to the imperial order. Which policies did the state pursue toward Jews and Muslims? How did Jews and Muslims attempt to advance their interests in the political sphere? Which role did they play in the imperial army? What did the Jewish and Muslim Enlightenment movements have in common? In which respects were the experiences of Jews and Muslims fundamentally different? This book brings together specialists in Russian-Jewish and Russian-Muslim history and offers perspectives for a comparative approach to the history of Jews and Muslims in Russia.

Reprint. The Meaning of Surah 112 Al-Ikhlās Pure Monotheism (Чистый Монотеизм - Jannah Firdaus Mediapro 2019-05-14

The Meaning of Surah 112 Al-Ikhlās Pure Monotheism (Чистый Монотеизм) From Holy Quran (Священный Коран) Bilingual Edition English Russian Standar Version. Surah Al Ikhlās (The Sincerity), also known as Al-Tawhīd (Pure Monotheism) is the 112th chapter (surah) of The Holy Qur'an. In the early years of Islam, the surah of the Quran came to be known by several different names, sometimes varying by region. This surah (verse) was among those to receive many different titles. It is a short declaration of tawhid, God's absolute oneness, consisting of four ayat. Al-Ikhlās means "the purity" or "the refining". Narrated Hazarat Aisha (RA): Prophet Muhammad (PBUH) sent (an army unit) under the command of a man who used to lead his companions in the prayers and would finish his recitation with (the Surah 112): 'Say (O Muhammad): "He is Allah, the One." '(112.1) When they returned (from the battle), they mentioned that to the Prophet. He said (to them), "Ask him why he does so." They asked him and he said, "I do so because it mentions the qualities of the Beneficent and I love to recite it (in my prayer)." The Prophet; said (to them), "Tell him that Allah loves him." Сура аль Икхла́с (Искренность), также известная как аль-Тавхид (Чистый монотеизм), является 112-й главой (сурой) Священного Корана. В первые годы ислама сура Корана стала известна под несколькими разными названиями, иногда разными по регионам. Эта сура (стихотворение) входила в число тех, кто получил множество различных титулов. Это краткое изложение тайного, абсолютного единства Бога, состоящего из четырех аятов. Аль-Ихлас означает "чистоту" или "очистку". Повествовательный Хазарат Айша Пророк Мухаммад послал (армейское подразделение) под командованием человека, который вел своих товарищей в молитвах и заканчивал свое чтение (Сура 112): "Скажи (О Мухаммад): "Он - Аллах, Единственный." (112.1) Когда они вернулись (из боя), они упомянули об этом Пророку" (112.1). Он сказал (им): "Спросите его, зачем он это делает.

Translation and Ideology - Sonia Cunico 2016-04-08

Ideology has become increasingly central to work in translation studies. To date, however, most studies have focused on literary and religious texts, thus limiting wider understanding of how ideological clashes and encounters pervade any context where power inequalities are present. This special edition of *The Translator* deliberately focuses on ideology in the translation of a rich variety of lesser-studied genres, namely academic writing, cultural journals, legal and scientific texts, political interviews, advertisements, language policy and European Parliament discourse, in all of which translation as a social practice can be seen to shape, maintain and at times also resist and challenge the asymmetrical nature of exchanges between parties engaged in or subjected to hegemonic practices. The volume opens with two ground-breaking papers that investigate the nature and representation of truth and knowledge in the translation of the sciences, followed by two contributions which approach the issue of shifts in the translation of ideology from the standpoint of critical linguistics and critical discourse analysis, using data from political speeches and interviews and from English and Korean versions of *Newsweek*.

Other contributions discuss the role that translation scholars can play in raising public awareness of the manipulative devices used in advertising; the way in which potentially competing institutional and individual ideologies are negotiated in the context of interpreting in the European Union; the role translation plays in shaping the politics of a multilingual nation state, with reference to Belgium; and the extent to which the concepts of norms and polysystems may be productive in investigating the link between translation and ideology, with reference to Chinese data.

Bridges' Translation of the Ten Qira'At of the Noble Qur'an - Fadel Soliman 2020-02-10

Bridges' translation aims to help non-Arabic readers in pondering the Qur'an (tadabbor). The translators focused not only on translating what God meant to say, but also on translating how He spoke. There are three main new features in this translation that make it unique: 1. It is the first translation which includes the ten Qira'at (modes of recitation). The main text is written in accordance with the Qira'a of Asem, narrated by Hafṣ. Variations from that are presented in footnotes denoted by 'Q'. The translation presents around 30% of the variations of the Qira'at-- those which affect the meaning. 2. It is the first translation that takes into consideration the Qur'anic phenomenon of grammatical shifts, whether in verb tenses, numbers, or pronouns. These are a great source of pondering for the reader. 3. To denote whether a pronoun like 'you' or an imperative verb like 'say' is plural, dual, or singular, the translators did not impose their understanding on the reader by adding text between brackets like (O Prophet) to denote singular form, or (O mankind) to denote plural form. Rather, this distinction was achieved by adding a superscript after pronouns and imperative verbs. For example: youpl is used for a plural pronoun, yousg for a singular pronoun, and youdl for a dual pronoun.

Russian Hajj - Eileen Kane 2015-11-02

In the late nineteenth century, as a consequence of imperial conquest and a mobility revolution, Russia became a crossroads of the hajj, the annual Muslim pilgrimage to Mecca. The first book in any language on the hajj under tsarist and Soviet rule, *Russian Hajj* tells the story of how tsarist officials struggled to control and co-opt Russia's mass hajj traffic, seeing it not only as a liability, but also an opportunity. To support the hajj as a matter of state surveillance and control was controversial, given the preeminent position of the Orthodox Church. But nor could the hajj be ignored, or banned, due to Russia's policy of toleration of Islam. As a cross-border, migratory phenomenon, the hajj stoked officials' fears of infectious disease, Islamic revolt, and interethnic conflict, but Eileen Kane innovatively argues that it also generated new thinking within the government about the utility of the empire's Muslims and their global networks.

The Image of Islam in Russia - Greg Simons 2020-12-30

This book covers the developing and important issue of the role and place of Islam in the increasingly complex dynamics of Russian politics. It is achieved by examining various aspects of Islam and Muslims in Russia from a multidisciplinary perspective. Islam and Muslims are currently at the forefront of popular culture, mass media and political imaginations in the age of the 'Global War on Terrorism'. Frequently, these are for the 'wrong' reasons as they are not well understood, but rather stereotypically misrepresented, often for various political reasons. Russia is also highly stereotyped; the diverse and mysterious country is often misunderstood in terms of the communicated cultural, social and political images. This book is an attempt to expose and analyse the wealth in diversity of Islam and Muslims in Russia, a country where different religions have occupied the same political spaces, for better and worse, for many centuries. The content of this book is focused upon the contemporary social, political, cultural and identity contexts of Russia in terms of the interrelated dynamics and forces that are shaping the relations and place of Islam and Muslims in Russia today. The chapters in this book were originally published in the journal *Religion, State & Society*.

What the Qur'an Meant - Garry Wills 2018-12-04

America's leading religious scholar and public intellectual introduces lay readers to the Qur'an with a measured, powerful reading of the ancient text Garry Wills has spent a lifetime thinking and writing about Christianity. In *What the Qur'an Meant*, Wills invites readers to join him as he embarks on a timely and necessary reconsideration of the Qur'an, leading us through perplexing passages with insight and erudition. What does the Qur'an actually say about veiling women? Does it justify religious war? There was a time when ordinary Americans did not have to know much about Islam. That is no longer the case. We blundered into the longest war in our history without knowing basic facts about the Islamic civilization with which we were dealing. We are constantly fed false information about Islam—claims that it is essentially a religion of violence, that its sacred book is a handbook for terrorists. There is no way to assess these claims unless we have at least some knowledge of the Qur'an. In this book Wills, as a non-Muslim with an open mind, reads the Qur'an with sympathy but with rigor, trying to discover why other non-Muslims—such as Pope Francis—find it an inspiring book, worthy to guide people down through the centuries. There are many traditions that add to and distort and blunt the actual words of the text. What Wills does resembles the work of art restorers who clean away accumulated layers of dust to find the original meaning. He compares the Qur'an with other sacred books, the Old

Testament and the New Testament, to show many parallels between them. There are also parallel difficulties of interpretation, which call for patient exploration—and which offer some thrills of discovery. *What the Qur'an Meant* is the opening of a conversation on one of the world's most practiced religions.

Photographing, Exploring and Exhibiting Russian Turkestan - Inessa Kouteinikova 2022-12-30

This book illuminates the crucial role photography played from the very beginning of the Russian colonial presence in Central Asia and its entanglement with the orientalist legacy that followed. Inessa Kouteinikova examines these under-studied materials while also addressing the photographic market and reception of photography in the Russian Empire, the position of the popular press, the place of public exhibitions and emergence of the first ethnographic museums that took pace from Moscow to Tashkent during the time of the Russian conquest. This book embraces the dominant mode for representing the new colonial territories in the mid-late-19th-century Russia, by outlining the technical, commercial and artistic milieus during the Golden Age of Russian orientalism. The book will be of interest to scholars working in art history, history of photography and Russian studies.

The Holy Quran literally meaning "the recitation"; also romanized as Qur'an or Koran is the central religious text of Islam, which Muslims believe to be a revelation from Allah (swt) (God). The Quran is divided into chapters (surah in Arabic), which are then divided into verses (ayah). Muslims regard the Quran as the most important miracle of Prophet Muhammad SAW, a proof of his prophethood, and the culmination of a series of divine messages that started with the

messages revealed to Prophet Adam (Pbuh) and ended with Prophet Muhammad SAW. Alphonse Mucha - Patrick Bade 2017-12-24

Born in 1860 in a small Czech town, Alphonse Mucha (1860-1939) was an artist on the forefront of Art Nouveau, the modernist movement that swept Paris in the 1910s, marking a return to the simplicity of natural forms, and changing the world of art and design forever. In fact, Art Nouveau was known to insiders as the "Mucha style" for the legions of imitators who adapted the master's celebrated tableaux. Today, his distinctive depictions of lithe young women in classical dress have become a pop cultural touchstone, inspiring album covers, comic books, and everything in between. Patrick Bade and Victoria Charles offer readers an inspiring survey of Mucha's career, illustrated with over one hundred lustrous images, from early Parisian advertisements and posters for Sandra Bernhardt, to the famous historical murals painted just before his death, at the age of 78, in 1939.

Inside Central Asia - Dilip Hiro 2011-11-01

“For those who still get their ‘-stans’ mixed up, Hiro’s book provides a detailed and nuanced overview of the region.” —Financial Times (Best Books of the Year) The nations of Uzbekistan, Turkmenistan, Kazakhstan, Kyrgyzstan, Tajikistan, Turkey, and Iran—the majority of them

former Soviet republics—remain little understood in the West even in the post-Cold War era. This book delves into these Central Asian countries: their histories, cultures, economics, politics, militaries, and relationships with regional neighbors, Russia in particular. Ultimately, *Inside Central Asia* is an outstanding, in-depth introduction to this part of the world, “full of dependable history-telling and analysis” (The Economist). Praise for the work of Dilip Hiro “The writing is clear and informative.” —The New York Times “Hiro’s mix of lively writing and serious detail should draw in readers.” —Choice “Intriguing analysis.” —Publishers Weekly “[An] eminent historian.” —Kirkus Reviews
