*The Substance of Style* - Virginia Postrel 2009-03-17

Whether it's sleek leather pants, a shiny new Apple computer, or a designer toaster, we make important decisions as consumers every day based on our sensory experience. Sensory appeals are everywhere, and they are intensifying, radically changing how Americans live and work. The twenty-first century has become the age of aesthetics, and whether we realize it or not, this influence has taken over the marketplace, and much more. In this penetrating, keenly observed book, Virginia Postrel makes the argument that appearance counts, that aesthetic value is real. Drawing from fields as diverse as fashion, real estate, politics, design, and economics, Postrel deftly chronicles our culture's aesthetic imperative and argues persuasively that it is a vital component of a healthy, forward-looking society. Intelligent, incisive, and thought-provoking, *The Substance of Style* is a groundbreaking portrait of the democratization of taste and a brilliant examination of the way we live now.

*The Return of the Mother* - Andrew Harvey 2013-08-20

Adapted from a series of lectures on the historical basis and current resurgence of the sacred feminine, given by Andrew Harvey at the California Institute of Integral Studies in Spring 1994, *The Return of the Mother* is a profound journey into the heart of the Divine Mother. In this comprehensive and groundbreaking work, mystical scholar Andrew Harvey unearths traces of the sacred feminine in major world religions—Hinduism, Islam (Sufism), Buddhism, Taoism, and Christianity—and in aboriginal and indigenous wisdom traditions. Harvey presents a scathing critique of the patriarchal distortions in religious history and doctrine that have obscured full knowledge of the Divine Mother, and shows how to reintegrate this vital aspect into the spiritual consciousness of humankind. *The Return of the Mother* offers a radical new perspective, balancing the historical overemphasis on transcendence by honoring the immanence of the divine in passionate engagement in the world. Only by cultivating a direct, respectful relationship with the transformative power of the sacred feminine can we alter our disastrous attitude of dissociation from nature, the body, sexuality, and the details of human life, and generate the energy and compassion needed to reverse the course of destruction we have set the planet—and all of life—hurtling toward. In lively question-and-answer sections, Harvey further illuminates these vital issues and takes a strong stand against our dependence on "gurus" and "masters," proposing instead an egalitarian model of spiritual community based on intimate groups of mutually supportive guides and friends. *The Return of the Mother* is an eloquent and passionate call for all of us to rediscover and reclaim an authentic and empowering relationship to the divine, and recreate a sacred life-in-the-world.

Guitar Compendium, Vol 2 - Howard Roberts 2015-09

This is the first instructional book of its kind, taking a strikingly new and refreshing approach to learning guitar, carefully designed to guarantee efficient practice with rewarding results. Whether your playing falls under one of the more traditional styles, or whether you're a composer and arranger or exploring new musical regions and establishing your own musical direction or personal fusion of musical ideas and influences, The Praxis System has what you need. The name of the system ("Praxis" comes from the Greek word meaning "practice" and "to do") accurately reflects its general orientation. Play it first, getting sound and satisfaction out of the guitar immediately, and musical understanding will naturally follow. Praxis lets you choose the precise subject you want and immediately provides relevant musical examples. And these examples are presented in such a way that the principle behind the example is always clear, thus allowing you to apply it directly to your music. Traditional guitar books try to teach you to play someone else's music, while Praxis takes you directly to being able to play anything that you want--someone else's music, your own music, and everything in between. Guitar instruction books are traditionally written in a progressive fashion; Book 1 first, then Book 2, etc. However, the selection and sequencing of material is usually determined by the book rather than the reader, and the familiar result is that--while the book progresses, the student doesn't. Again, Praxis reverses this. You don't have to start with Book 1, there is no Book 1! You go where your interests lie. Just begin work on any one subject in any volume that attracts you. Because Praxis is a modular system, it can be reassembled into many different combinations. These different combinations of units can answer both varying curricular needs as well as individual interests. Titles: Style & Craft: Inventory of the Basic Moves \* Inventory of the Basic Mo

The Investigator - Vladimír Dzuro 2019-11

The war that broke out in the former Yugoslavia at the end of the twentieth century unleashed unspeakable acts of violence committed against defenseless civilians, including a grizzly mass murder at an Ovčara pig farm in 1991. An international tribunal was set up to try the perpetrators of crimes such as this, and one of the accused was Slavko Dokmanović, who at the time was the mayor of a local town. Vladimír Dzuro, a criminal detective from Prague, was one of the investigators charged with discovering what happened on that horrific night at Ovčara. The story Dzuro presents here, drawn from his daily notes, is devastating. It was a time of brutal torture, random killings, and the disappearance of innocent people. Dzuro provides a gripping account of how he and a handful of other investigators picked up the barest of leads that eventually led them to the gravesite where they exhumed the bodies. They were able to track down Dokmanović, only to find that taking him into custody was a different story altogether. The politics that led to the war hindered justice once it ended. Without any thoughts of risk to their own personal safety, Dzuro and his colleagues were determined to bring Dokmanović to justice. In addition to the story of the pursuit and arrest of Dokmanović, The Investigator provides a realistic picture of the war crime investigations that led to the successful prosecution of a number of war criminals. Instructions For Visitors - Helen Stevenson 2009-07-28

If you are lucky enough to find your place, you should never actually live in it, never make it your home. And never live with the man you think you cannot live without. Le Village is a small town at the southwestern-most tip of France. Here a young Englishwoman fell in love with France, the French and one Frenchman in particular. In her seductive, lyrical and witty memoir Helen Stevenson writes about life in Le Village, not as an expat, but as someone adopted by her neighbours as one of their own. By Stefan, the Maoist tennis fanatic, who lives off his lover in solidarity with the unemployed; by Gigi, the chic Parisian who dresses her ex-lovers' girlfriends from the stock of her exquisite boutique; and by Luc, the crumpled cowboy painter and part-time dentist, who, overcoming an aversion to blondes, takes the Englishwoman up to his remote mas, shows her his paintings and teaches her to ride. Describing the colour and light of the landscape with lyrical intensity, and savouring the languid and sexy flavour of the Mediterranean lifestyle, Helen Stevenson lays bare a romantic but potentially disastrous love affair with the man 'who seems like the only man alive to me, the one with the halo round his head in a crowd, if I should ever see him in a crowd'. INSTRUCTIONS FOR VISITORS may start as an objective guide for tenants arriving at her village house, but it ends as a very personal revelation of how difficult it

can be to transplant oneself into someone else's country, someone else's culture, someone else's heart.

**Journey for Justice** - Nandini Gunewardena 2017-06-02

This biography of the late Rev. Fr. Michael Rodrigo, OMI (1930-1987) of Sri Lanka, chronicles a life fearlessly devoted to the service of the poor, efforts to witness Christ to the poor through an innovative interfaith dialogue, and a collaboration for their social and economic empowerment. As a Catholic priest whose life parallels that of the recently martyred Oscar Romero of El Salvador, also assassinated for exposing the exploitation and marginalization of the poor, Fr. Michael was engaged in a selfless journey for justice. The volume analyzes the driving force of his quest to forge a healing bridge between the Christian and Buddhist populations of Sri Lanka through his spiritual grounding in Catholic social teaching and his unique formulation of an interreligious dialogue. It documents the indelible imprint of interfaith understanding he forged up to his untimely death. Interwoven with ethnographic methodology, the book offers a window for understanding the class and religious ruptures stemming from Sri Lanka's colonial history, contextualized in the social realities of poverty in rural Sri Lanka, the political and economic forces implicated in deepening poverty, the resistance struggle by oppressed youth, and Fr. Mike's legacy of justice through peace.
