The Diamond Necklace - La Motte 2018-01-30
Excerpt from The Diamond Necklace: Confessions of the Countless De La Motte
Elizabeth, of Vienna, my grandmother, born at bar-sur-seine, had formed a particular intimacy with a lady of the same place, and of a similar age and disposition; Elizabeth had one son and her friend a Daughter. Both of these children were very young when their mothers' friendship commenced, and they resolved to perpetuate their amicable intercourse by a matrimonial union between their children, and executed, accordingly, a

contract for that purpose. The young pair were given to understand that they were destined for each other from the first moment they began to prattle till at length the buds of friendship, cherished by frequent intercourse and strengthened by mutual endearments, ripened into love. In this situation, with all the transports which youthful minds feel at the prospect of approaching bliss, scarce had they attained the age of sixteen, when a sudden and most unaccountable disagreement between the parents clouded the sunshine of their felicity, and blasted their future hopes: the match was instantly broken off, and an immediate separation ensued. You and I Eat the Same -

Chris Ying 2018-10-02

Named one of the Ten Best Books About Food of 2018 by Smithsonian magazine MAD Dispatches: Furthering

Our Ideas About Food Good food is the common ground shared by all of us, and immigration is fundamental to good food. In eighteen thoughtful and engaging essays and stories, You and I Eat the Same explores the ways in which cooking and

eating connect us across cultural and political borders, making the case that we should think about cuisine as a collective human effort in which we all benefit from the movement of people, ingredients, and ideas. An awful lot of attention is paid to the differences and distinctions between us, especially when it comes to food. But the truth is that food is that rare thing that connects all people, slipping past real and imaginary barriers to unify humanity through deliciousness. Don't believe it? Read on to discover more about the subtle (and not so subtle) bonds created by the ways we eat. Everybody Wraps Meat in Flatbread: From tacos to dosas to pancakes, bundling meat in an edible wrapper is a global practice. Much Depends on How You Hold Your Fork: A visit with cultural historian Margaret Visser reveals that there are more similarities between cannibalism and haute cuisine than you

might think. Fried Chicken Is Common Ground: We all share the pleasure of eating crunchy fried birds.

Shouldn't we share the implications as well? If It Does Well Here, It Belongs Here: Chef René Redzepi champions the culinary value of leaving your comfort zone. There Is No Such Thing as a Nonethnic Restaurant: Exploring the American fascination with "ethnic" restaurants (and whether a nonethnic cuisine even exists). Coffee Saves Lives: Arthur Karuletwa recounts the remarkable path he took from Rwanda to Seattle and back again. *Countless Cinemas* - Michael McLaughlin 2016-03-03 "the stars / freeze a whisper / in the rear view mirror." Michael McLaughlin is both a restless and weary traveler. *Countless Cinemas* thoughtfully explores the difficulty of genuine connection in the midst of our everyday struggles. McLaughlin's poetic sensibility is vivid and

Countless - Karen Gregory 2017-05-04

more or less smiling at this last one. I don't smile. Instead, I feel my face go hot. Silence stretches as wide as an ocean. When I look up, Felicity has this expression on her face like she's just seen Elvis. Slowly, she leans forward and in a gentle voice I've never heard her use before she says, 'Have you done a pregnancy test?' When Hedda discovers she is pregnant, she doesn't believe she could ever look after a baby. The numbers just don't add up. She is young, and still in the grip of an eating disorder that controls every aspect of how she goes about her daily life. She's even given her eating disorder a name – Nia. But as the days tick by, Hedda comes to a decision: she and Nia will call a truce, just until the baby is born. 17 weeks, 119 days, 357 meals. She can do it, if she takes it one day at a time ... Heartbreaking and hopeful by turns, Karen Gregory's debut novel is a story of

countless

love, heartache and human resilience. And how the things that matter most can't be counted. Fans of Lisa Williamson, Sara Barnard and Sarah Crossan will fall in love with Karen's writing.

for a book just like this one when I was diagnosed with breast cancer two and a half years ago. Experiencing the Blessings and Good Fruit of Cancer is an insightful and uplifting look into dealing positively with all aspects of cancer from a patient's perspective. Expect to be blessed and to grow spiritually as you read this incredible book written by a woman with an inspirational attitude like no other." -Kristi Evans, breast cancer survivor and lay navigator, Baylor All Saints Medical Center, Fort Worth; Joan Katz Breast Center "Judy has written a beautiful record of her journey through cancer. It carefully describes all that a cancer patient might experience, but is written in such a way as to bring hope and encouragement to not only the patient, but the family and friends who stand with them. There is hope even through the darkest days; and Judy identifies clearly the source of all hope: our Lord, Jesus Christ.

Thank you for sharing your journey with us!" -Nan Dean, first lady at Travis Ave Baptist Church; Fort Worth, Texas "Dr. Stamey's heartfelt gratitude for the blessings that cancer has bestowed upon her speaks to the resilient character that cancer patients have. Her story is even more remarkable because she truly feels blessed despite losing her own daughter to cancer. It has been my blessing as a radiation oncologist to be touched by individuals such as Dr. Stamey." -Dr. Kathryn Shide, MD, radiation oncologist, Texas Oncology; Fort Worth, Texas

Countless, Quiet Musings

- Shikha and Suman
2023-02-13

Countless, quiet musings is a collection of poems that tries to capture the essence of life. The authors perceive life's phases as different seasons, and try to embrace the myriad shades of emotions. Chapters begin with a sombre mood, in keeping with the pandemic period and loss. The book ends on a high note, as the duo redefine their understanding of love, self-compassion, and dreams. Of courage and hope, that dare to gleam bright, Hopeful splendid sunrises, after the darkest of nights. A beautiful read, reminding- You are all you'd ever need, even if none stands beside, You're all you'd ever need, if the bright light ever dims. Within you resides force of infinity, You are all you'd ever need.

Countless Tomorrows - Lauren McIntosh 2019-12-30
Artists often talk about the struggles that they have when they first start out. Living in big cities, making ends meet, paying the expensive rent, but when your everyday obstacles are swimming around in your head how do you move forward from yesterday to live in today? A story of a young woman and her unwavering relationship with her mother who wanted to be an actress. The young woman shared this bond with her mother because her mother could never be an actress. Her mother suffered from schizophrenia and the voices in her head were living freely within her mind. Her mother would tell her the most amazing stories, and not just tell them but act them out as if she were

on the biggest stage. Watching her mother was inspiring and soon, they were performing stories together. Why have a bedtime story when you can act out full scene with you mother every night? It was one of the most beautiful life connections. After being medicated she found her balance, but it was when she decided she was cured that her life took a turn in all the wrong directions. Her struggle with her mental illness soon come to a tragic end and much like the stories she told her daughter was left to figure out life alone. She is now an actress living in New York City, struggling like artists do but realizing that this life is better than the life she once lived. Through it all she continues to move forward battling with the things that are now swimming around in her head hoping one day to make it.

You can discover many

simple joys in life to be thankful for, no matter how you feel or how many tears fall from your eyes today. "How can it be," I asked myself, "that at thirty-eight years of age I'm watching all of my dreams crash into a giant brick wall? How will those I love the most deal with this news? What about our plans for continuing to do the work of the Lord? How will we finish the business plan that we have in full motion? Maybe the other ovary is okay, and I will still be able to have my first child before this gets really crazy." All of these life-impacting questions assaulted my mind. I felt a strong arm around my waist and heard my doctor's voice say, "Devaney, are you okay; can you hear me?" The entire experience was like watching a horror movie programmed on fast forward. But at some point, a massive wave of calmness sweetly enveloped me like a thick fog, and it calmed the raging sea. Time came to a

screeching halt and the issues of life, love, and relationships were narrowed to those that held eternal value. Many years after that fateful day of my cancer diagnosis in 2002, I can now say with assurance that I am an ordinary girl, but with an extraordinary calling and life in Christ. I have experienced how God calls ordinary people (regular girls and guys) to do extraordinary things for Him. Not all extraordinary things are packaged in missionary work abroad or preaching the gospel. Some include a simple faith-filled walk of perseverance and strength through sudden and extended suffering and loss. In the callings of God, some of the greatest impacts for His kingdom are the people who are called into action and those who are affected because of the one who is simply persevering and enduring. Heaven surely holds the treasures of each of these beautiful overcoming life works. I am

Truly Madly Pizza - Suzanne Lenzer 2015-04-07

Make pizza night every night with a basic dough recipe, unexpected topping combinations, and complementary side dishes. No matter what the first day of a new week throws at you, no matter how looming the rest of the days before the weekend seem, a truly, madly delicious pizza promises something familiar, something reliable, something known. It's confirmation that all the heaviness of the world will be held at bay—if only for a little while—by a combination of bubbling mozzarella, sweet fennel sausage, and balsamic-glazed radicchio. Beginning with the "Mother Crust"

recipe, Lenzer argues that pizza dough is a tabula rasa for whatever healthy fresh ingredients you have on hand. To make pizza a nightly affair, she suggests preparing the dough on Sunday—in less than 30 minutes—freezing it, and simply transferring it to the fridge to thaw on the morning you plan to cook. Lenzer gives the timestrapped home cook countless combinations for a healthy, delicious (and quick!) weeknight meal. Balancing lighter healthy alternatives like Summer Squash with Lemon Zest and Ricotta with indulgent options such as Spicy Shredded Pork with Sweet Onion Jam and Burrata, in addition to bonus recipes including "Salad thoughts," "Small bites," and even a few ideas about wine, this book covers all the bases. Lenzer's comforting voice adds a homey touch to her artisanal recipes and immaculately styled photos. 10 Years And Countless

A countless company of two kinds - Thomas MACKERETH 1888

Countless Blessings - Barbara M. Cooper
2019-07-01

A study of pregnancy and childbirth customs in Niger, and how it has both a high fertility rate and high rates of maternal and infant mortality. How do women in Niger experience pregnancy and childbirth differently from women in the United States or Europe? Barbara M. Cooper sets out to understand childbirth in a country with the world's highest fertility rate and an alarmingly high rate of maternal and infant mortality. Cooper shows how the environment, slavery and abolition, French military rule, and the rapid expansion of Islam have all influenced childbirth and fertility in Niger from the nineteenth century to the

present day. She sketches a landscape where fear of infertility generates intense competition between communities, ethnicities, and co-wives and creates a culture where concerns about infertility dominate concerns about overpopulation, where illegitimate children are rejected, and where the education of girls is sacrificed in the name of avoiding shame. Given a medical system poorly adapted to women's needs, a precarious economy, and a political context where it is impossible to address sexuality openly, Cooper discovers that it is little wonder that pregnancy and birth are a woman's greatest pride as well as a source of grave danger. "Beautifully written, insightful, and full of empathy. A must read for anyone seeking to understand the damaging consequences of neglecting women's and infants' health." —Johanna Schoen, author of *Abortion after Roe*

“Few experiences are more potent than reproduction. *Countless Blessings* brilliantly unwinds the full import of this potency, tracing a history of demography, bodily peril, parental joy, and social, religious, and political meaning. Cooper’s tremendous skill and creativity as a scholar enable us to see the political stakes of reproduction, even as they are grounded in the intimacies of embodied experience.” —Julie Livingston, author of *Self-Devouring Growth: A Planetary Parable as Told from Southern Africa*

“*Countless Blessings* shows how women in Niger and in West Africa have long navigated the various states of social value, personhood, spirituality, and childbirth, and it paints a remarkable picture of how contested and embodied the social and material concerns of childbirth remain for women today.” —Ampson Hagan, University of North Carolina-
