Lady Justice - Dahlia Lithwick 2022-09-20

An instant New York Times Bestseller!

“Stirring...Lithwick’s approach, interweaving interviews with legal commentary, allows her subjects to shine...Inspiring.”—New York Times Book Review “In Dahlia Lithwick’s urgent, engaging *Lady Justice*, Dobbs

serves as a devastating bookend to a story that begins in hope.”—Boston Globe Dahlia Lithwick, one of the nation’s foremost legal commentators, tells the gripping and heroic story of the women lawyers who fought the racism, sexism, and xenophobia of Donald Trump’s presidency—and won. After the sudden shock of Donald Trump’s victory over Hillary Clinton in 2016, many Americans felt lost and uncertain. It was clear he and his administration were going to pursue a series of retrograde, devastating policies. What could be done? Immediately, women lawyers all around the country, independently of each other, sprang into action, and they had a common goal: they weren’t going to stand by in the face of injustice, while Trump, Mitch McConnell, and the Republican party did everything in their power to remake the judiciary in their own conservative image. Over the next four years, the women worked tirelessly to hold the line against the most chaotic and malign presidency in living memory. There was Sally Yates, the acting attorney general of the United States, who refused to sign off on the Muslim travel ban. And Becca Heller, the founder of a refugee assistance program who brought the fight over the travel ban to the airports. And Roberta Kaplan, the famed commercial litigator, who sued the neo-Nazis in Charlottesville. And, of course, Stacey Abrams, whose efforts to protect the voting rights of millions of Georgians may well have been what won the Senate for the Democrats in 2020. These are just a handful of the stories Lithwick dramatizes in thrilling detail to tell a brand-new and deeply inspiring account of the Trump years. With unparalleled access to her subjects, she has written a luminous book, not about the villains of the Trump years, but about the heroes. And as the country confronts the news that the

Supreme Court, which includes three Trump-appointed justices, will soon overturn *Roe v. Wade*, Lithwick shines a light on not only the major consequences of such a decision, but issues a clarion call to all who might, like the women in this book, feel the urgency to join the fight. A celebration of the tireless efforts, legal ingenuity, and indefatigable spirit of the women whose work all too often went unrecognized at the time, *Lady Justice* is destined to be treasured and passed from hand to hand for generations to come, not just among lawyers and law students, but among all optimistic and hopeful Americans.

Engineering - Unesco 2010-01-01

This report reviews engineering's importance to human, economic, social and cultural development and in addressing the UN Millennium Development Goals. Engineering tends to be viewed as a national issue, but

engineering knowledge, companies, conferences and journals, all demonstrate that it is as international as science. The report reviews the role of engineering in development, and covers issues including poverty reduction, sustainable development, climate change mitigation and adaptation. It presents the various fields of engineering around the world and is intended to identify issues and challenges facing engineering, promote better understanding of engineering and its role, and highlight ways of making engineering more attractive to young people, especially women.-- Publisher's description.

A Wrinkle in Time - Madeleine L'Engle 2010-04-01
Madeleine L'Engle's ground-breaking science fiction and fantasy classic, now a major motion picture. It was a dark and stormy night; Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. *A Wrinkle in Time*, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem. *A Wrinkle in Time* is the winner of the 1963 Newbery Medal. It is the first

book in *The Time Quintet*, which consists of *A Wrinkle in Time*, *A Wind in the Door*, *A Swiftly Tilting Planet*, *Many Waters*, and *An Acceptable Time*. *A Wrinkle in Time* is now a movie from Disney, directed by Ava DuVernay, starring Storm Reid, Oprah Winfrey, Reese Witherspoon and Mindy Kaling. Skarsgård, Dave Bautista, David Dastmalchian, Stephen McKinley Henderson, Chang Chen, Sharon Duncan-Brewster, Charlotte Rampling, and Javier Bardem. Frank Herbert's classic masterpiece—a triumph of the imagination and one of the bestselling science fiction novels of all time. A mythic and emotionally charged hero's journey, *Dune* tells the story of Paul Atreides, a brilliant and gifted young man born into a great destiny beyond his understanding, who must travel to the most dangerous planet in the universe to ensure the future of his family and his people. As malevolent forces explode into conflict over the planet's exclusive supply of the most precious resource in existence—a commodity capable of unlocking humanity's greatest potential—only those who can conquer their fear will survive.

Third Magic - Welwyn W. Katz 2000-05-01

Fifteen-year-old Morgan Lefevre is mistaken for one of her ancestors while visiting Tintagel, King Arthur's birthplace in England. In this vivid and innovative interpretation of the King Arthur legend, she is summoned through time to the alien world of Nwm. With her only companion, the boy Arduu, she is caught between the opposing cruelties of the two Magics, the Circle, and the Line, who have been fighting one another over the centuries and across many worlds. When Morgan and Arduu gain possession of an ancient sword of the Third Magic, Earth itself is drawn into the struggle. Times and worlds merge as Morgan is brought face to face with her own destiny. *The Third Magic* will appeal to young readers of fantasy and mythology. An exciting new cover rejuvenates the earlier edition.

Middlesex - Jeffrey Eugenides 2011-07-18

Spanning eight decades and chronicling the wild ride of a Greek-American family through the vicissitudes of the twentieth century, Jeffrey Eugenides' witty, exuberant novel on one level tells a traditional story about three generations of a fantastic, absurd, lovable immigrant family -- blessed and cursed with generous doses of tragedy and high comedy. But there's a provocative twist. Cal, the narrator -- also Callie -- is a hermaphrodite. And the explanation for this takes us spooling back in time, through a breathtaking review of the twentieth century, to 1922, when the Turks sacked Smyrna and Callie's grandparents fled for their lives. Back to a tiny village in Asia Minor where two lovers, and one rare genetic mutation, set our narrator's life in motion. *Middlesex* is a grand, utterly original fable of crossed bloodlines, the intricacies of gender, and the deep, untidy promptings of desire. It's a brilliant exploration of divided people, divided families, divided cities and nations -- the connected halves that make up ourselves and our world.

Empire of Magic - Geraldine Heng 2003

Empire of Magic offers a genesis and genealogy for medieval romance and the King Arthur legend through the history of Europe's encounters with the East in crusades, travel, missionizing, and empire formation. It also produces definitions of "race" and "nation" for the medieval period and posits that the Middle Ages and medieval fantasies of race and religion have recently returned. Drawing on feminist and gender theory, as well

as cultural analyses of race, class, and colonialism, this provocative book revises our understanding of the beginnings of the nine hundred-year-old cultural genre we call romance, as well as the King Arthur legend. Geraldine Heng argues that romance arose in the twelfth century as a cultural response to the trauma and horror of taboo acts -- in particular the cannibalism committed by crusaders on the bodies of Muslim enemies in Syria during the First Crusade. From such encounters with the East, Heng suggests, sprang the fantastical episodes featuring King Arthur in Geoffrey of Monmouth's chronicle *The History of the Kings of England*, a work where history and fantasy collide and merge, each into the other, inventing crucial new examples and models for romances to come. After locating the rise of romance and Arthurian legend in the contact zones of East and West, Heng demonstrates the adaptability of romance and its key role in the genesis of an English national identity. Discussing Jews, women, children, and sexuality in works like the romance of Richard Lionheart, stories of the saintly Constance, Arthurian chivalric literature, the legend of Prester John, and travel narratives, Heng shows how fantasy enabled audiences to work through issues of communal identity, race, color, class and alternative sexualities in socially sanctioned and safe modes of cultural discussion in which pleasure, not anxiety, was paramount. Romance also engaged with the threat of modernity in the late medieval period, as economic, social, and technological transformations occurred and awareness grew of a vastly enlarged world beyond Europe, one encompassing India, China, and Africa. Finally, Heng posits, romance locates England and Europe within an empire of magic and knowledge that surveys the world and makes it intelligible -- usable --

for the future. *Empire of Magic* is expansive in scope, spanning the eleventh to the fifteenth centuries, and detailed in coverage, examining various types of romance -- historical, national, popular, chivalric, family, and travel romances, among others -- to see how cultural fantasy responds to changing crises, pressures, and demands in a number of different ways. Boldly controversial, theoretically sophisticated, and historically rooted, *Empire of Magic* is a dramatic restaging of the role romance played in the culture of a period and world in ways that suggest how cultural fantasy still functions for us today.

Magical Creatures Academy 1 - Lucia Ashta 2019-03-26

Rina Nelle Mont has never been a part of the paranormal world. Until now. Well, maybe not. The *Magical Creatures Academy* only accepts supernaturals, and she's been invited to the school, but she has none of the powers she's supposed to. Blip. Nada. Not even a spark. The school hasn't made a mistake in a century, but she might be the first one. That's just the kind of thing that would happen to her. Especially since no one has any idea what kind of creature she'll be ... assuming her powers ever decide to make an appearance. The Academy is the leading institution for paranormal creatures in the world. Its students are the finest of shifters, vampires, and fae. Speaking of fine fae ... Leander Verion, prince of the elves, is off limits. Not only is he arrogant, stubborn, and totally not her style, he's her brother's best friend. She will not fall for him. No way. Besides, he's not interested ... is he? When two men who head the Shifter Alliance, a rebel faction of shapeshifters who seek to escape the control of the Enforcers--the supernatural police force--find out about Rina and her potential for a different kind of magic,

they hunt her. For them, the stakes are as personal as they get. Whether she's ready or not, Rina is about to find out what she's made of...

The Atlas Six - Olivie Blake 2021-09-28

The much-acclaimed BookTok sensation, Olivie Blake's *The Atlas Six*--now newly revised and edited with additional content. • The tag #theatlassix has millions of views on TikTok • A dark academic debut fantasy with an established cult following that reads like *THE SECRET HISTORY* meets *THE UMBRELLA ACADEMY* • The first in an explosive trilogy *The Alexandrian Society*, caretakers of lost knowledge from the greatest civilizations of antiquity, are the foremost secret society of magical

academicians in the world. Those who earn a place among the Alexandrians will secure a life of wealth, power, and prestige beyond their wildest dreams, and each decade, only the six most uniquely talented magicians are selected to be considered for initiation. Enter the latest round of six: Libby Rhodes and Nico de Varona, unwilling halves of an unfathomable whole, who exert uncanny control over every element of physicality. Reina Mori, a naturalist, who can intuit the language of life itself. Parisa Kamali, a telepath who can traverse the depths of the subconscious, navigating worlds inside the human mind. Callum Nova, an empath easily mistaken for a manipulative illusionist, who can influence the intimate workings of a person's inner self. Finally, there is Tristan Caine, who can see through illusions to a new structure of reality--an ability so rare that neither he nor his peers can fully grasp its implications. When the candidates are recruited by the mysterious Atlas Blakely, they are told they will have one year to qualify for initiation, during which time they will be permitted preliminary access to the Society's archives and judged based on their contributions to various subjects of impossibility: time and space, luck and thought, life and death. Five, they are told, will be initiated. One will be eliminated. The six potential initiates will fight to survive the next year of their lives, and if they can prove themselves to be the best among their rivals, most of them will. Most of them.
