A Clockwork Orange (Restored Text) - Anthony Burgess 2012-10-22

A newly revised text for A Clockwork Orange's 50th anniversary brings the work closest to its author's intentions. A Clockwork Orange is as brilliant, transgressive, and influential as when it was published fifty years ago. A nightmare vision of the future told in its own fantastically inventive lexicon, it has since become a classic of modern literature and the basis for Stanley Kubrick's once-banned film, whose recent reissue has brought this revolutionary tale on modern civilization to an even wider audience. Andrew Biswell, PhD, director of the International Burgess Foundation, has taken a close look at the three varying published editions alongside the original typescript to recreate the novel as Anthony Burgess envisioned it. We publish this landmark edition with its original British cover and six of Burgess's own illustrations.

Sexual Violence at Canadian Universities - Elizabeth Quinlan 2017-08-13

At least one in four women attending college or university will be sexually assaulted by the time they graduate. Beyond this staggering statistic, recent media coverage of "rape chants" at Saint Mary's University, misogynistic Facebook posts from Dalhousie University's dental school, and high-profile incidents of sexual violence at other Canadian universities point to a widespread culture of rape on university campuses and reveal universities' failure to address sexual

violence. As university administrations are called to task for their cover-ups and misguided responses, a national conversation has opened about the need to address this pressing social problem. This book takes up the topic of sexual violence on campus and explores its causes and consequences as well as strategies for its elimination. Drawing together original case studies, empirical research, and theoretical writing from scholars and community and campus activists, this interdisciplinary collection charts the costs of campus sexual violence on students and university communities, the efficacy of existing university sexual assault policies and institutional responses, and historical and contemporary forms of activism associated with campus sexual violence.

The Equality of the Human Races - Joseph-Anténor Firmin 2002

"This is the first paperback edition of the only English-language translation of the Haitian scholar Antnor Firmin's The Equality of the Human Races, a foundational text in critical anthropology first published in 1885 when anthropology was just emerging as a specialized field of study. Marginalized for its "'radical'" position that the human races were equal, Firmin's lucid and persuasive treatise was decades ahead of its time. Arguing that the equality of the races could be demonstrated through a positivist scientific approach, Firmin challenged racist writings and the dominant views of the day. Translated by Asselin Charles and framed by Carolyn Fluehr-Lobban's substantial introduction, this rediscovered text is an important contribution to contemporary scholarship in

anthropology, pan-African studies, and colonial and postcolonial studies."

Article 9 of the European Convention on Human Rights - Jean-François Renucci 2005

Article 9 of the European Convention on Human Rights guarantees freedom of thought, conscience and religion. The protection it affords is of such significance that the judges of the European Court of Human Rights regard it as one of the cornerstones of democratic society. The freedoms Article 9 guarantees have two essential aspects: internal, covering the freedom to hold convictions and beliefs, and external, covering the freedom to manifest one's convictions and beliefs. The first of these freedoms is absolute, the second relative, but in neither case can their importance be undervalued.

This publication assesses progress towards Sustainable Development Goal 4 (SDG 4) on education and its ten targets, as well as other related education targets in the SDG agenda. It addresses inclusion in education, drawing attention to all those excluded from education, because of background or ability. The report is

Intercultural Dialogue on Campus - Sjur Bergan 2009-01-01

Modern societies are inconceivable as isolated and mono-cultural entities. The

interaction of various cultures is not only a fact of life for most Europeans, it also enriches our societies. However, we also witness tensions between cultures. Intercultural dialogue is therefore one of the political priorities of the Council of Europe, as shown most prominently by the adoption of the White Paper "Living Together as Equals in Dignity" in May 2008. Higher education, by its history and contemporary practice, is a natural partner in and promoter of intercultural dialogue and understanding. Higher education institutions and campuses are themselves multicultural societies, and as such are the focus of the present volume. A second volume will examine the role of higher education in furthering intercultural dialogue and understanding in broader society.

The Sexual Politics of Disability - Tom Shakespeare 1996

While the civil rights movement has put disability issues centre-stage, there has been minimal discussion of disabled people's sexuality. This book, based on first-

hand accounts, takes a close look at questions of identity, relationships, sex, love, parenting and abuse and demolishes the taboo around disability and sex. It shows the barriers to disabled people's sexual rights and sexual expression, and also the ways in which these obstacles are being challenged. Various moving, angry, funny and proud, *The Sexual Politics of Disability* is about disabled people sharing their stories and claiming their place as sexual beings. It is a pioneering work, and essential reading for anyone interested in disability or sexual politics.
