Cette pièce s'inspire des voyages et de la vie de Christophe Colomb.

L'auteur a conçu sur ce thème un véritable opéra dont la partition musicale a été confiée à Darius Milhaud. Y sont associés musique, chœurs, théâtre et cinéma. La narration utilise les techniques du flash-back et du procès pour exposer les principaux moments de la vocation et de l'aventure du génois.

Christophe Colomb (Classic Reprint) - Alphonse De Lamartine 2018-02-18

Excerpt from Christophe Colomb Whatever were the defects of his mental constitution, the finger of the historian will find it difficult to point to a single blemish in his moral character. His correspondence breathes the sentiment of devoted loyalty to his Sovereigns. His conduct habitually displayed the utmost solicitude for the interests of his followers. His dealings were regulated by the nicest principles of honour and justice. His last communication to the Sovereigns from the Indies remonstrates against the use of violent measures, in order to extract gold from the natives, as a thing equally scandalous and impolitic. The grand Object to which he dedicated himself seemed to expand his whole soul, and raised it above the petty shifts and artifices by which great ends are sometimes sought to be compassed. There are some men in whom rare virtues have been closely allied, if not to positive vice, to degrading weakness. A Critical Study of the Various Dates Assigned to the Birth of Christopher Columbus; the Real Date, 1451, with a Bibliography of the Question - Henry Vignaud 2013-09

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1903 edition. Excerpt: ... IV.--GENOESE STATUTES OF THE COLUMBIAN PERIOD BEARING ON THE DIFFERENT MAJORITIES. In order to understand the Notarial Deeds which have just been called into notice, it is necessary to know the texts of the legal statutes in force in Genoa at the period, and to which the lawyers had to conform in drafting their deeds. The common law of Genoa, among which are to be found these conditions, have been collected and printed twice during the lifetime of Columbus himself under the following title: Statuta et decreta communis Genua. The first edition is dated 1494, the second 1498, Bologna, 1 vol. fol. There is a third edition published at Venice in 1567. The Statutes composing this collection are of different dates; but according to a note given by M. Desimoni to Mr. Harrisse they remained in force until 1589. (Harrisse: Christophe Colomb, vol. 1., p. 226, note.) They are, to a great extent, to be found in the laws which have replaced them, and which constitute the Collection, in Italian, of 1613, (Degli statuti civili della Serenissima Republica di Genova Libri sei, tradotti in volgareda Oratio Taccone, Genova: 1613, in fol,) and in Latin of 1663, (Statutorum civilium serenissimee republics Genuensis Libri sex. Genova: 1663, in fol.) Before giving the texts let us remember that Roman Law prevailed at Genoa as at Savona. As is known, among the Romans, paternal authority, which alone here occupies us, lasted throughout life, and in fact never ceased unless by the emancipation of the children whatever might be their age: that is to say, in the absence of this emancipation children could not enter into contracts unless with the consent of their parents. Genoa and Savona restrained this extravagant right by creating, before the full majority of..
