Debunking the Myths of Colonization - Samar Attar 2010

This book examines the paradoxical nature of colonialism and its horrific impact on the psyche of the colonized. It probes Frantz Fanon's theories concerning the relationship between colonizers and the colonized. It attempts to apply these theories to modern Arabic literature.

Homeland Mythology - Christopher Collins 2007

Since 9/11, America has presented itself to the world as a Christianist culture, no less antimodern and nostalgic for an idealized past than its Islamist foes. The master-narrative both sides share might sound like this: Once upon a time, the values of the righteous community coincided with those of the state. Home and land were harmoniously united under God. But

through intellectual pride (read: science) and disobedience (read: human rights), this God-blessed homeland was lost and is now worth every drop of blood it takes, ours and others', to recover. For Americans, the prime source for this once-and-future-kingdom myth is the Bible, with its many narratives of blessings gained, lost, and regained: the garden of Eden, the covenant with Abraham, the bondage in Egypt, the exodus under Moses, the glory of David and Solomon's realm, the coming of the promised Messiah, his crucifixion, resurrection, and ascension into heaven, his apocalyptic return at the end of history, and his establishment of the earthly kingdom of God. As Homeland Mythology shows, these biblical narratives have, over time, inspired a multitude of nationalist narratives, myths ingeniously spun out to justify a number of decidedly unchristian policies and institutions—from Indian genocide, the slave trade, and the exploitation of immigrant workers to Manifest Destiny, imperial expansionism, and,

most recently, preemptive war. On March 25, 2001, George W. Bush shared a bit of political wisdom: &“You can fool some of the people all of the time&—and those are the ones you have to concentrate on.&” The cynical use of religion to cloak criminal behavior is always worth exposing, but why our leaders lie to us is no longer a mystery. What does remain mysterious is why so many of us are disposed to believe their lies. The unexamined issue that this book addresses is, therefore, not the mendacity of the few, but the credulity of the many.

Will You Always Love Me? and Other Stories
- Joyce Carol Oates 1996

Obsession with loss, fear of betrayal, and sudden violence plague the characters who inhabit these twenty-two stories in *Will You Always Love Me?* Joyce Carol Oates uses her talent like a scalpel to cut swiftly and precisely through the surface of everyday life to lay bare the powerful, perilous emotional currents swirling below. In the title story, a woman's rage over the savage murder of her sister years ago crowds out all reason and hope of happiness. A respectable suburban matron becomes her son's accomplice in sexually humiliating a glamorous new neighbor in the prize-winning "The Goose-Girl." In all of the stories-characters, male and female, young and old, rich and poor, sophisticated and naive-come to vivid life in a world of dangerous truths and fateful consequences. Joyce Carol Oates's uncanny eye for physical detail, her flawless ear for American speech, and her X-ray vision of the human heart and psyche make the stories she tells indelibly and inescapably real.

Myths Of Rich And Poor - W. Michael Cox 1999

The shocking good news: we are much richer than we think. This groundbreaking and controversial new book is sure to change the way readers view the United States' economic performance over the last generation.

American English in Mind Level 3 Combo B

with DVD-ROM - Herbert Puchta 2011-09-19
American English in Mind is an integrated, four-
skills course for beginner to advanced teenage
learners of American English. American English in
Mind Level 3 Combo B with DVD-ROM features
Student's Book Units 9-16 and the corresponding
Workbook pages. Thought-provoking reading,
listening, speaking, and writing topics motivate
teenage students of American English. Content-
rich photostories and dialogues present
contemporary spoken American English in
realistic contexts. 'Culture in mind' sections give
insight into different aspects of English-speaking

life. The complete DVD-ROM features stimulating
grammar exercises, games, video, unit tests,
Workbook audio, and selected Student's Book
audio. The videos feature the photostory
characters and include 'Videoke,' which allows
students to record and hear their voices in
portions of the video dialogues.

Film as Religion - John Lyden 2003-06
Choice Outstanding Academic Title 2003
Film as Religion argues that popular films perform a religious function in our culture. Like more formal religious institutions, films can provide us with ways to view the world and values to confront it.

Lyden contends that approaches which interpret films only ideologically or theologically miss the mark in understanding their appeal to viewers. He develops an alternative method which shows how films can be understood as representing a “religious” worldview in their own right. Lyden surveys the state of the study of religion and film, offering an overview of previous methods before presenting his own. Rather than seeking to uncover hidden meanings in film detectable only to scholars, Lyden emphasizes how film functions for its audiences?the beliefs and values it conveys, and its ritual power to provide emotional catharsis. He includes a number of brief cases studies in which he applies this method to the study of film genres—including westerns and action movies, children's films, and romantic comedies—and individual films from The Godfather to E.T., showing how films can function religiously.

Egyptian Myths - J.K. Jackson 2018-12-15

The Myths of Ancient Egypt are tied intimately to the presence and natural rhythms of the Nile. With their animalistic mythology, the Egyptians explained the effects of famine, harvest, floods and death by creating a pantheon of gods that still holds our fascination today. This new book of classic tales brings the stories of the ancients to life, from the birth of creation by Ra, the sun god, to the murder of Osiris, and the revenge of Horus. We gain glimpses of the underworld and the afterlife, as the rulers of Egypt claimed lineage from the Gods both worshipped and fashioned by the people of Egypt, at a time when humankind had begun to shape the world around it. FLAME TREE 451: From mystery to crime,

supernatural to horror and myth, fantasy and science fiction, Flame Tree 451 offers a healthy diet of werewolves and mechanical men, blood-lusty vampires, dastardly villains, mad scientists, secret worlds, lost civilizations and escapist fantasies. Discover a storehouse of tales gathered specifically for the reader of the fantastic.

The Egyptian Myths: A Guide to the Ancient Gods and Legends - Garry J. Shaw 2014-04-22

An authoritative guide to the Egyptian myths that sheds new light on an ancient way of understanding the world This survey of Egyptian mythology explores how the ancient Nile-dwellers explained the world around them. It delves into the creation and evolution of the world and the reigns of the gods on earth, before introducing us to the manifestations of Egypt's deities in the natural environment; the inventive ways in which the Egyptians dealt with the invisible forces all around them; and their beliefs about life after death. Through his engaging narrative, Garry

Shaw guides us through the mythic adventures of such famous deities as Osiris, the god murdered by his jealous brother Seth; the magical and sometimes devious Isis, who plotted to gain the power of the sun god Re; and Horus, who defeated his uncle Seth to become king of Egypt. He also introduces us to lesser known myths, such as the rebellions against Re; Geb's quest for Re's magical wig; and the flaying of the unfortunate god Nemty. From stars and heavenly bodies sailing on boats, to the wind as manifestation of the god Shu, to gods, goddesses, ghosts, and demons—beings that could be aggressive, helpful, wise, or dangerous—Shaw goes on to explain how the Egyptians encountered the mythological in their everyday lives.

Real Boys - William S. Pollack 1998

Many boys today are in silent crisis. As the bestselling *Reviving Ophelia* took us into the world of girls, this groundbreaking AudioBook takes us into the private worlds of boys and shows how they can be raised to become happier, more successful men. Many boys today are in trouble, either overtly (problems with drugs, or violence, or at school) or covertly (feelings of loneliness, isolation, disconnection, and despair). This AudioBook explains why -- and also tells how we can rescue boys and help them become more confident and expressive men. William Pollack illuminates the daily lives of boys and lets us understand what they are really

thinking and feeling. Based on a study just completed, this AudioBook explores why many boys experience sadness and how conventional expectations about manhood and masculinity encourage people to treat boys like "little men", raising them through a toughening process that drives their true emotions underground. Pollack explains what all of us can do to foster the healthy development of boys in various stages from infancy through the teenage years, and he addresses a wide range of topics -- school, drugs, alcohol, sports, girls, depression, divorce, and more. After you listen to this AudioBook, you will see every boy in a new way.

Mythic Worlds, Modern Words - Joseph Campbell 1993

"Classically, it was with an enigma that Joseph Campbell entered the labyrinth of James Joyce. In 1927 Campbell went over to Paris to study medieval philology and Old French and Provençal, and almost immediately encountered Ulysses. When he got to Chapter Three,

"Proteus," he was puzzled by the opening: "Ineluctable modality of the visible: at least that if no more, thought through my eyes. Signatures of all things I am here to read..." He took his enigma to Sylvia Beach, at Shakespeare and Co., at 12 rue de l'Odeon. "I went around there in high academic indignation. And she gave me the clues to how to read it. And there you have it, how it changed my career." "Campbell moved through the labyrinth of Joyce's creation for sixty years - writing, lecturing, reading Joyce's works to his students and to audiences nationwide, using as tools of analysis depth psychology, comparative religion, anthropology, and art history. His lectures and readings introduced two generations to the works of James Joyce. What Campbell discovered became the foundation for his work in comparative mythology and religion." "Mythic Worlds, Modern Words provides a representation of Campbell's published writing, lectures on Joyce, and exchanges with his audiences, from his obituary notice on Joyce in 1941 to lectures

delivered within a few years of Campbell's death. This material has been arranged as running commentary on *A Portrait, Ulysses, and Finnegans Wake*. This book is an introduction to the major work of Joyce and a representative portrait of Joseph Campbell as a critic of Joyce. However, it is in itself a major contribution to Joyce criticism, the fruit of a lifetime's meditation on the works of James Joyce." "At least two major insights into Joyce emerge from this book. One: a description of Ulysses as a journey through the psyche of Everyman, discovering through encounters with the Triple Goddess the nature of the complete man. The other: a total explanation, based on Dante, of the works of Joyce."--BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Egyptian Mythology: A Traveler's Guide from Aswan to Alexandria - Garry J. Shaw
2021-10-26

This unique approach to Egyptian mythology takes readers on a tour up the Nile, stopping at the most famous monuments and vividly retelling the myths connected to each site. Join Egyptologist Garry J. Shaw on an entertaining tour up the Nile, through a beautiful and fascinating landscape populated with a rich mythology: the stories of Horus, Isis, Osiris, and their enemies and allies in tales of vengeance, tragedy, and fantastic metamorphoses. Shaw retells these stories with his characteristic wit, and reconnects them to the temples and monuments that still stand today, offering a fresh look at the most visited sites of Egypt. The myths

of ancient Egypt have survived in fragments of ancient hymns and paintings on the walls of tombs and temples, spells inked across coffins, and stories scrawled upon scrolls. Illustrations throughout bring to life the creation of the world and the nebulous netherworld; the complicated relationships between fickle gods, powerful magicians, and pharaohs; and eternal battles on a cosmic scale. Shaw's evocative descriptions of the ancient ruins will transport readers to another landscape—including the magnificent sites of Dendera, Tell el-Amarna, Edfu, and Thebes. At each site, they will discover which gods or goddesses were worshipped there, as well as the myths and stories that formed the backdrop to the rituals and customs of everyday life. Each chapter ends with a potted history of the site, as well as tips for visiting the ruins today. Egyptian Mythology is the perfect companion to the myths of Egypt and the gods and goddesses that shaped its ancient landscape.

The Wages of Wins - David Berri 2006

In "The Wages of Wins," the authors use layman's language and easy-to-follow examples to debunk many of the most commonly held beliefs about sports. 58 tables.

The Egyptian - Mika Waltari

2021-11-05T00:00:00Z

First published in the 1940s and widely condemned as obscene, *The Egyptian* outsold every other American novel published that same year, and remains a classic; readers worldwide have testified to its life-changing power. It is a full-bodied re-creation of a largely forgotten era in the world's history: an Egypt when pharaohs contended with the near-collapse of history's greatest empire. This epic tale encompasses the whole of the then-known world, from Babylon to Crete, from Thebes to Jerusalem, while centering around one unforgettable figure: Sinuhe, a man of mysterious origins who rises from the depths of degradation to get close to the Pharaoh...

Egyptian Mythology - Matt Clayton 2020-03-08

This book on Egyptian mythology is part of the best-selling series "Norse Mythology - Egyptian Mythology - Greek Mythology." In this ultimate

guide on Egyptian Mythology, you will discover captivating stories of the Gods, Goddesses, Monsters, and Mortals.
